**SMITH BROS. AUBURN
SEED CO. INC. NEW YORK**

SMITH BROS. SEED COMPANY

Good Seeds Are The First Thing To Consider

To Our Customers and Friends:

The pleasure we had during the past season filling so many orders selected from our enlarged catalogue (last year being the first), with hardly one complaint, prompts us to caution you regarding the selection of your Seeds and Nursery Stock.

Last year our Seed Book gave such satisfaction and we received so many words of praise and the results were so gratifying that we can do nothing else but continue to give our thousands of customers the best catalogue possible, containing the choicest selection of the best-known varieties.

We are looking forward to 1916 as being one of the best seed years we have had in a long time. Our foremost reason for this is that we, as a united country, are at peace with the whole world, and thankful as we are for this condition, we must plan to not only feed ourselves, but those countries that will surely depend upon us for food supplies.

Already large factories are being made ready to Dry Onions, Cabbage, Celery and other vegetables in which to ship to the foreign countries. This will create a big demand for vegetables in large amounts which must be met by the AMERICAN FARMER.

Carefully selected seeds, a good garden and farm crops is the only way to meet these conditions and thereby reap the benefits given you. You must grow Nursery Stock for your own use and for the market, also have a flower bed for your own pleasure and especially to bring joy to the sick and shut-ins.

We have tried each year to please every customer, and this we believe has been accomplished, for with our able force of trained men and women who handle our large business we receive only a very few complaints, and most of them during our rush season in March and April. We have a number of unfilled orders on file which bear no name or address, which we cannot fill and for which we are not to blame. Sign your NAME and ADDRESS and you will receive your Seeds and Nursery Stock.

We grow or buy only the best stock to be found, regardless of prices, and while some may be high, you can rest assured that you are getting the best and for as low a price as possible.

BEST QUALITY AT LOWEST PRICE IS OUR AIM.

Our premium offers gave such satisfaction during 1915 that we are offering some of them again, with some additions of the very best we can obtain for both men and women.

Any customer ordering 50 cents' worth or more of anything from our catalogue is entitled to some selection as a premium, which will be sent FREE, as offered on pages 30, 31, 32, 33, 34 and 35.

Any of these articles can be had for a very small cash price if so desired. Remember, all orders for garden seeds amounting to \$1.25 or over are sent by INSURED PARCEL POST, PREPAID, which guarantees their safe arrival at your home.

We believe we are the only house that gives customers the advantage of this offer. Thanking you for your past patronage and trusting that you, as well as your friends, will favor us with your orders this season, we beg to remain,

Very truly yours,

SMITH BROS. SEED CO., Inc.,

H. C. Smith, Pres.

Auburn, N. Y., January 1st, 1916.

**\$ WE ARE GIVING OUR CUSTOMERS \$1.00 EACH FOR A FEW MINUTES' WORK \$

\$ EARN SOME MONEY. READ OUR OFFER ON PAGE 6 AT THE BOTTOM. \$**

DIRECTIONS FOR ORDERING

All Garden Seed Orders by Mail for \$1.25 or More Sent by INSURED PARCEL POST FREE

How to Order In making out your order, write Name, Post-office, County and State, and the varieties you want, quantity of each, and carry out the catalogue price after each one, enclosing the total amount, in any convenient form of remittance, to us by mail. Use our Order Blank if you have it.

Mail or Express We send Seed postpaid by mail at the prices named in this catalogue, except where there are special quotations for the goods to be sent by Express, customers to pay the charges. To points where the Express Companies touch, we can send some orders as cheaply by express as by mail.

Express or Freight We do not prepay express or freight, except in case we have quite an order purchased at postpaid prices to deliver and may prefer to send by Express prepaid.

Terms and C. O. D. Shipments Our terms are strictly cash with the order. We must decline to ship goods C. O. D.

How to Send Money Either Post Office Money Order, Express Money Order, Bank Draft or Registered Letter. Small amounts will be accepted in postage stamps. Coin should be sewed or pasted in cloth or pasteboard to prevent breaking through the envelope, and registered. Do not send money loose in a letter; it is not safe, and if lost we are not responsible for it.

Prepaid Railroad Stations Some customers live near prepaid railroad stations where there are no agents, and whenever it is possible we ship to the nearest station to this prepaid station, as we never pay freight charges.

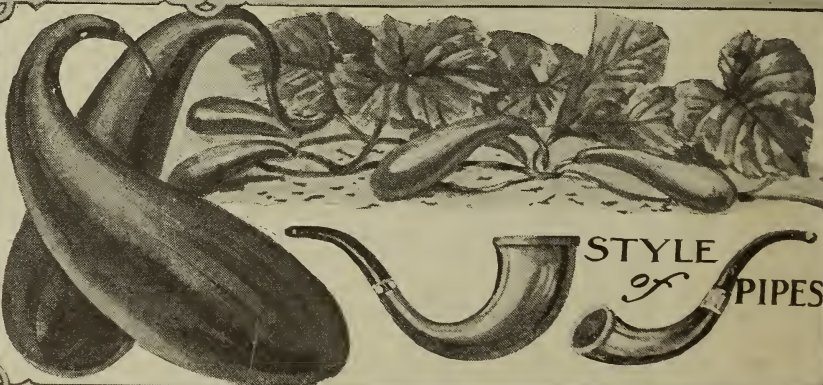

Guarantee We give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned and receive your money.

NEW CALABASH PIPE GOURD

THE NEW CALABASH PIPE GOURD

The New Calabash Pipe Gourd has caused great enthusiasm everywhere it has been grown. It is one of the most attractive gourds anyone can grow and the fact that pipes made from them are considered equal in color to Meerscham, make them not only a great novelty, but valuable. It is claimed that Calabash Pipes made from imported South African Gourds, have been the fashion in some foreign countries a long time, but have only recently been introduced in this country. Anyone can grow this novelty in the garden, yard or any place where the ordinary gourds can be grown. From these gourds a light beautiful attractive and valuable pipe can be made. We have only a limited supply of this seed to offer.

BEANS

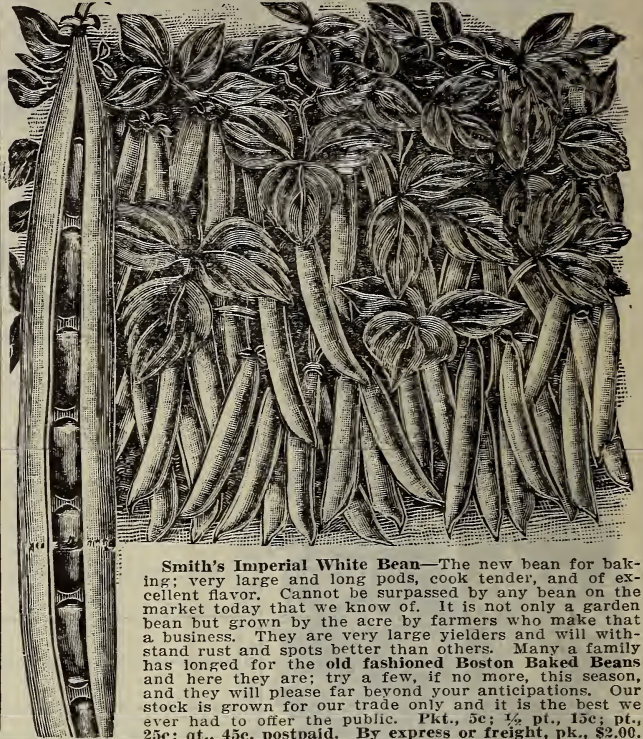

Green Pod, Bush Lima, Pole Lima, Pole Wax, Yellow Pod and VARIETIES THAT HAVE NO EQUAL

Giant Stringless Green Pod Bean

This is without question one of the most popular in existence. It is very early, producing a great abundance of round fleshy rich green pods from 5½ to 6 inches in length. It is of the very finest flavor, and the plant continues to bear for several weeks, supplying enormous quantities of tender, brittle pods. Unexcelled for canning, market gardeners or home use. Our stock is strictly pure. Pkt., 5c; ½ pt., 15c; pt., 28c; qt., 50c, postpaid.

Smith's Imperial White Bean

Smith's Imperial White Bean—The new bean for baking; very large and long pods, cook tender, and of excellent flavor. Cannot be surpassed by any bean on the market today that we know of. It is not only a garden bean but grown by the acre by farmers who make that a business. They are very large yielders and will withstand rust and spots better than others. Many a family has longed for the old fashioned Boston Baked Beans and here they are; try a few, if no more, this season, and they will please far beyond your anticipations. Our stock is grown for our trade only and it is the best we ever had to offer the public. Pkt., 5c; ½ pt., 15c; pt., 25c; qt., 45c, postpaid. By express or freight, pk., \$2.00.

Fordhook Bush Lima Bean

This is the bean that has been so largely advertised and which created quite a sensation. It grows erect, branching freely and bears enormous crops and the beans are ready for use as early as those of Burpee's Bush Lima. The pods measure 4 to 5 inches in length, containing 4 to 5 beans each. It is a grand Lima Bean, and we offer a choice crop of new seed. Pkt., 10c; ½ pt., 20c; pt., 35c, postpaid.

Smith's Rustless Wax Bean

Very early, grows vigorous and robust, holding the mammoth clusters of beautiful golden pods free from the ground. This bean is in every respect the nearest perfection of any wax variety in cultivation. We highly recommend it. Pkt., 5c; ½ pt., 15c; pt., 28c; qt., 50c, postpaid.

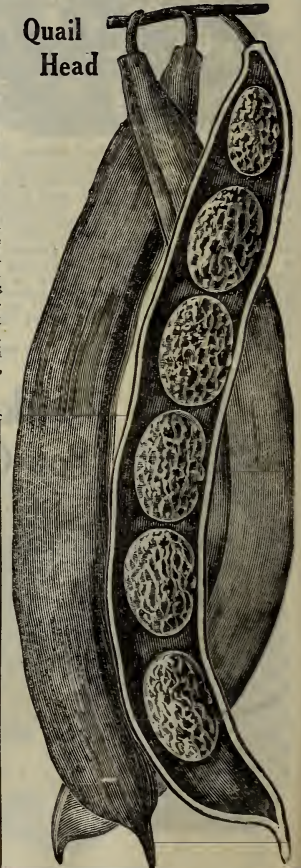

Smith's Rustless Black Wax

Quail Head Bean

This is the great English Bean of which our seed has been imported direct. It gets its name from the Quail Bird so well known in England and this country. Vines are very productive, compact, upright, and can be used as a bush or pole bean. Pods medium length, cylindrical, curved, with splashes of bright red on a yellow ground.

They become fit for use as green shelled beans very early and in this condition the beans are very large, easily shelled and are about equal to the Lima in quality, although quite different in form. Seeds large, oval, plump, flesh colored and nearly covered with red splashes. We want you to try them, if only in a small way. Pkt., 10c; ½ pt., 20c; pt., 35c; by mail postpaid. By express, not prepaid, peck, \$3.00.

Quail Head

BEFORE ORDERING READ PAGES 30 to 35

The "Burpee Improved" Bush Lima

two feet across. The pods are large in size, borne abundantly in clusters of from five to eight, containing from four to seven large beans to a pod which are of the very best flavor. We consider this Lima will out-yield the ordinary strains of Bush Limas, and we can highly recommend it. Pkt., 10c; 2 pkts., 15c; ½ pt., 20c; pt., 35c, postpaid.

EXTRA EARLY RED VALENTINE

BEST IMPROVED ROUND POD STRAIN.

One of the best strains of Valentine Beans ever offered. It matures quickly and is of the best quality. Early, productive, tender and desirable for family or market use. This strain has proven unequalled and our customers who want the very best Valentine on the market should get this one. Pods saddleback, 4 inches long; even when grown, are brittle. Generally grown for early market. Pkt., 5c; ½ pt., 15c; pt., 25c; qt., 45c., postpaid.

Giant Stringless Wax Bean

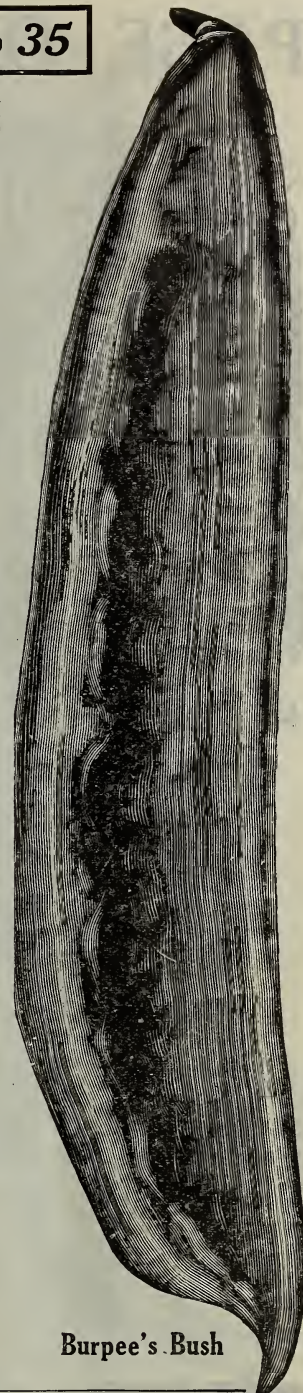

Lazy Wife's Pole Bean

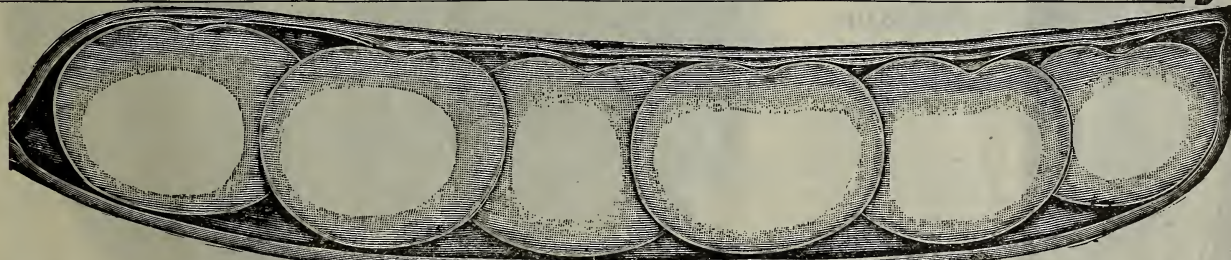

One of the best varieties for snaps of the late green podded pole beans. The pods are produced in great clusters 5 to 7 inches long, broad, thick, fleshy and stringless with a buttery, rich flavor. The dried beans of pure white are very fine for winter use. Pkt., 6c; 3 pkts., 15c; ½ pt., 20c; pt., 30c; qt., 50c., postpaid.

Giant Stringless Wax Bean

This is excellent wax bean. Pods are a rich golden yellow color, extremely large and of the very finest quality. The vines are hardy and produce enormous quantities of long, thick fleshy pods. Pkts., 5c; ½ pt., 15c; pt., 25c; qt., 45c., postpaid.

Burpee's Bush

King of the Garden Pole Lima Bean

out interruption until frost. The pods are large, numerous and well filled, and the beans are of mammoth size. The handsome pods often attain a length of five or six full and perfectly formed beans in each pod. Pkt., 10c; pt., 25c; qt., 45c, postpaid. By express or freight, not prepaid, qt., 30c; 4 qts., \$1.10; pk., \$2.00.

This old standard market and family sort is no longer a new bean, but one of the best for main crop. It is vigorous in growth and immensely productive. The vine begins to produce pods near the foot of the pole, and the bearing season continues without interruption until frost. The pods are large, numerous and well filled, and the beans are of mammoth size. The handsome pods often attain a length of five or six full and perfectly formed beans in each pod. Pkt., 10c; pt., 25c; qt., 45c, postpaid. By

PAGE OF EXTRA GOOD THINGS

Giant Podded Pole Lima

This variety produces an enormous sized pod in great abundance on strong growing vines. Five and sometimes more of these big fat buttery beans are borne in pods which grow from 8 to 9 inches long.

Pods are produced in large clusters on very strong growing plants. As to large size, quality, tenderness and rich flavor, we know of no Lima that can equal it. Try a few in your garden this year. Pkt., 6c; ½ pt., 20c; pt., 30c; qt., 50c, postpaid. By express or freight, not prepaid, 4 qts., \$1.50.

Bountiful Bush Bean

The Bountiful is a prolific and continuous bearer, absolutely stringless, very tender and of excellent flavor. It is the first in spring and the last in fall. The plant is very handsome, grows thrifty, being practically rust and mildew proof. It is extremely early, bears continuously for weeks, and will yield edible pods late in the season from midsummer sown seed which has produced plants that are still in pod and blossom. One of the grand points of this early Bush Bean is its rich green pod, which is of an enormous size, broad, thick, and very long. Every one uniform in shape, meaty, high quality, and free from any tough lining. Its tender quality is retained, not only when young but to maturity.

In addition to the many good points of the Bountiful as a snap bean, it is most excellent shelled, after it is ripe for winter use. The Bountiful is unrivalled for the home garden, and is in great demand among market gardeners, who find that its handsome appearance and luscious quality are appreciated by their customers. Pkt., 6c; ½ pt., 16c; pt., 30c; qt., 50c, postpaid.

Bountiful Bush Bean

Romaine Lettuce

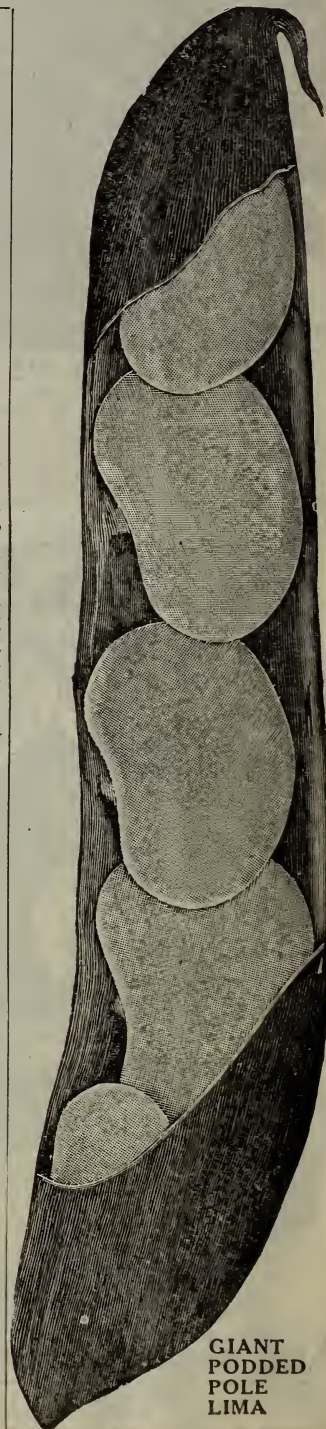

This is really a variety of Lettuce but in another class from sorts usually grown, and entirely different. Leaves of light green shaded to white when blanched. Grows uniform and self-folding, so it is unnecessary to tie leaves together in order that it may blanch.

It has a flavor of its own, is very crisp and tender, and when once grown, it will be always grown. Pkt., 5c; 3 pkts., 12c.

Black Giant Sunflower

A giant variety, heads enormous in size. Seeds are very plump, short, well filled with meat, shell is thin. This variety sometimes grows to a wonderful size, single heads having measured over 5 feet in circumference. Pkt., 5c; 3 pkts., 12c; ¼ lb., 22c; ½ lb., 40c, postpaid.

BEETS

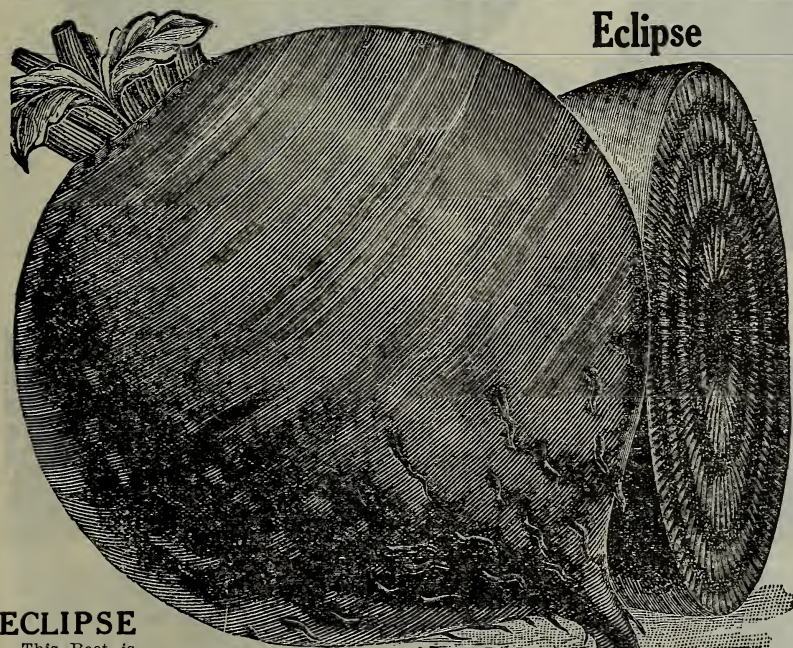

Smith's Earliest Blood Turnip Beet

**Earliest Beet in the World
Nothing Can Equal It**

This Early Blood Turnip Beet is certainly worthy of a place in every garden. It makes no difference what variety you have grown in the past, you have not produced the earliest unless you have grown this new strain. It is a very handsome shaped Beet as will be seen by the illustration. The flesh is a deep, dark red in color, fine grained and one of the most delicious flavored table beets ever produced. It is especially desirable for forcing purposes and spring and summer crops. It is a splendid keeper and one of the very best sorts for winter use. We can assure our customers that this early beet possesses every good quality that could possibly be desired. Be sure to plant a quantity this season. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 45c; lb., 85c, postpaid.

Eclipse

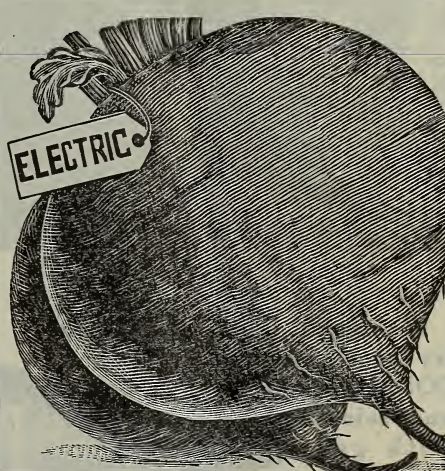

ECLIPSE

This Beet is quite early and is superior to many other Table Beets. We have taken particular pains in selecting this strain for many years, and can furnish seed that will produce beets with a very small top, smooth, fine grain, tender, and of a handsome bright red color. We believe this is one of the best known beets and has given great satisfaction to all who have grown it. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 75c, postpaid.

MIXED BEETS

This is as good a thing as can be sown in the garden. It is a special mixture made up of all the best Table Beets, and will give a supply from very early throughout the entire season. They can also be kept in the cellar during the winter, and we know this mixture will give great satisfaction wherever grown. Pkt., 4c; 3 pkts., 10c; oz., 8c; ¼ lb., 20c; ½ lb., 35c; lb., 60c.

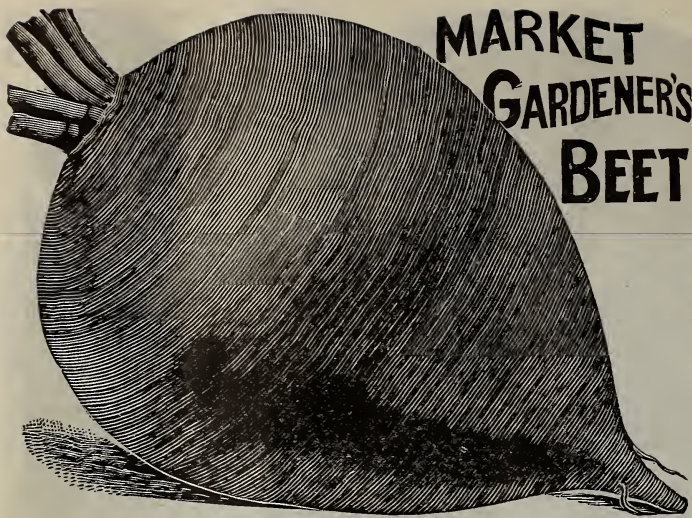

ELECTRIC BLOOD TURNIP

Flesh of this handsome Beet is a rich red, tender; in shape almost round; remarkably early; tap root small; leaves and top small; grow close to the ground; flesh free from fibre, rich and sweet flavor. You will be pleased with it. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 75c, postpaid.

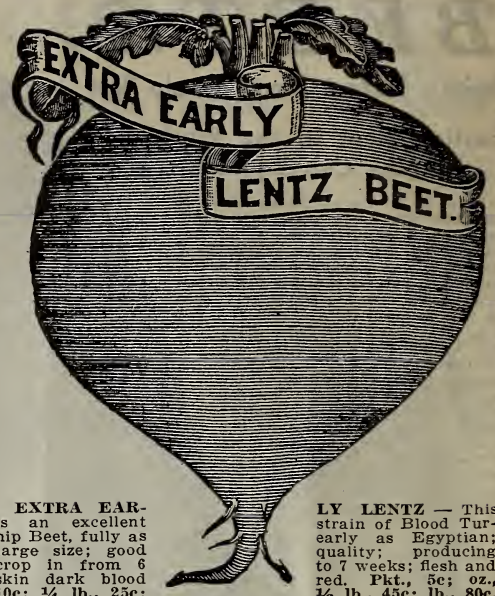

CRIMSON GLOBE BEET

This is a variety that is giving satisfaction wherever grown. It is tender, beautiful form with rich red flesh. The roots grow to medium size and handsome in shape. The tops and leaves are small and occupy but little room in growing. It is free from any stringy or woody substance that is quite frequent among other beets. These Beets sell readily anywhere on account of their attractive appearance. Crimson Globe is well known and is becoming a leading variety everywhere. Give it a trial. Pkt., 5c; 2 pkts., 9c; oz., 10c; ¼ lb., 20c.

MARKET GARDENER'S BEET

MARKET GARDENER'S BEET—This grows very rapidly and continues to grow for a long time making a heavy root for autumn or winter use. The quality is good at all stages of growth. It is an excellent keeper all winter; a very dark red in color throughout and the very best for table use. The shape is symmetrical; small top and very handsome in appearance. Try it this year. Pkt., 5c; 3 pkts., 12c; oz., 10c; $\frac{1}{4}$ lb., 22c; $\frac{1}{2}$ lb., 40c; 1 lb., 75c, postpaid.

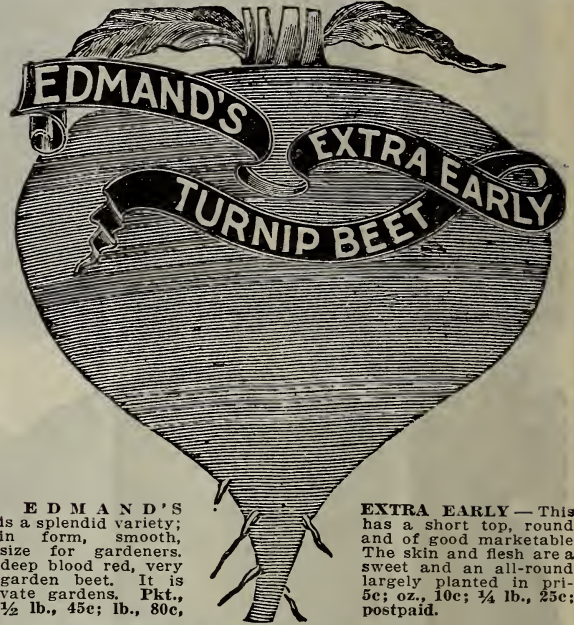

EXTRA EARLY—This is an excellent nip Beet, fully as large size; good crop in from 6 skin dark blood 10c; $\frac{1}{4}$ lb., 25c;

LY LENTZ—This strain of Blood Turnip Beet, early as Egyptian; quality; producing to 7 weeks; flesh and red. Pkt., 5c; oz., $\frac{1}{2}$ lb., 45c; 1 lb., 80c.

CROSBY'S EGYPTIAN BEET

A carefully selected strain of Egyptian, as early as the original, but larger, thicker, smoother, and of better quality; flesh deep blood red; a rapid grower, attaining usable size quicker than other varieties. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; $\frac{1}{2}$ lb., 45c; 1 lb., 85c, postpaid.

EDMAND'S is a splendid variety; in form, smooth, size for gardeners. deep blood red, very garden beet. It is vate gardens. Pkt., $\frac{1}{2}$ lb., 45c; 1 lb., 80c,

EXTRA EARLY—This has a short top, round and of good marketable. The skin and flesh are a sweet and an all-round largely planted in pri- 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; postpaid.

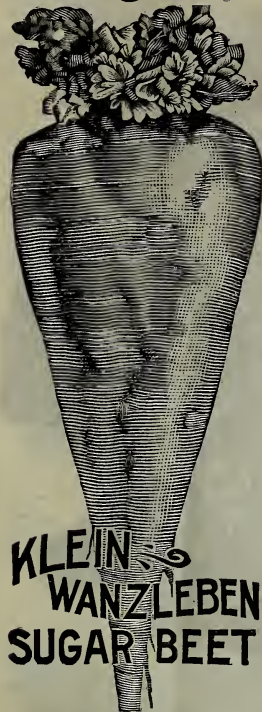

We should like to have you try some of our OATS and CORN, grown and selected with great care for our customers.

IMPROVED LONG RED—This is the best Long Red Beet on the market, being unequalled for the table or live stock. It is popular everywhere. Tops are large; necks small; roots, stems and vines red; leaves green. Roots are large, tapering at both ends, growing nearly even with the surface. Flesh and skin dark red, tender and sweet. Pkt., 5c; 3 pkts., 12c; oz., 8c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 35c; 1 lb., 65c, postpaid.

\$1.00 FREE: To every one of our customers who will send us **NEW Names and Addresses** of 25 of their Friends and Neighbors who are users of **GARDEN and FLOWER Seeds** and 10c from each one (total \$2.50) we will mail our **Special Catalog Circular** and **FIVE (5) large sample packets of Choice Seeds for TESTING** and trial, direct to each one in a **REBATE ENVELOPE** which is good for cash with their first order. You remit us only **\$1.50** together with the 25 names and keep the **\$1.00** for your work. Send us **50 names** and **\$3.00** and keep **\$2.00** for your trouble and so on up. **Any Boy or Girl Can Earn Big Money.** We desire more people to try our **Seeds** and are willing to **Pay You Well** for getting us these **New Customers.** Send in your list early or with your regular order.

Mangel Wurzels and Sugar Beets

Smith's Mammoth Prize Long Red Mangel

This is the most popular Long Red Mangel; sometimes called "Giant" or "Jumbo." It is the largest variety we know of. Grows about two-thirds out of the ground and we have frequently grown them to weigh 30 lbs. each. It has produced over 60 tons to the acre. It is not coarse grained, even when attaining enormous weight. It is one of the very best for cattle and sheep feeding during winter and those desiring a good Red Mangel will certainly want this one, as it always produces roots of good size and quality. The illustration, carefully engraved from specimen, will give a good idea of the size and shape, and our customers who want a good stock feeding Red Mangel should order this one. Pkt., 5c; 3 pkts., 10c; oz., 9c; ¼ lb., 15c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00, postpaid.

Red Globe Mangel

This is the very best Globe Mangel and is used for planting in shallow soil. Is easy to dig on account of its having a short oblong shaped root. It is immensely productive and one of the best for stock feeding. It keeps as well as any when stored for winter use and our customers can make no mistake in planting this if they want to grow a good mangel. Pkt., 5c; oz., 9c; ¼ lb., 15c; ½ lb., 25c; 1 lb., 45c, postpaid.

Klein Wanzleben Sugar Beet

This is the best Sugar Beet to grow for the manufacture of sugar. It is also used to grow for stock. It is acknowledged by all to be by far the best sugar beet grown. We offer genuine imported seed as follows: Pkt., 5c; oz., 8c; 2 ozs., 12c; ¼ lb., 15c; ½ lb., 25c; 1 lb., 50c; 3 lbs., \$1.40, postpaid.

Smith's Improved Imperial Sugar

This is another popular and productive Sugar Beet; has been in cultivation for some time and is well known in many sections as a favorite for stock feeding. It is rich and sugary in quality and the crop sometimes reaches 30 tons per acre, and single specimens grow to weigh nearly 35 pounds each. Pkt., 5c; oz., 8c; ¼ lb., 15c; ½ lb., 28c; 1 lb., 50c, postpaid.

GOLDEN TANKARD MANGEL—This is the most desirable yellow variety, for it contains more sugar and less water than any other variety of this color. It is highly prized by the dairy farmers and we can highly recommend it as a fine Mangel. It matures quite early, earlier than many other sorts, is hardy, and under good cultivation will yield 40 to 50 tons per acre. Pkt., 5c; oz., 9c; ¼ lb., 15c; ½ lb., 25c; 1 lb., 45c; 5 lbs., enough for one acre, \$2.00, postpaid.

MAMMOTH

PRIZE

The Vegetable Orange

This is a splendid novelty of recent introduction, handsome in color and appearance and an enormous yielder. As shown, vines of this Vegetable Orange are smaller than a Musk Melon vine, but they require about the same cultivation. It is a wonderful yielder, producing fruit about the size of an Orange, of a bright yellow color, somewhat russeted. In the West where fruit is scarce, this Orange is rapidly becoming popular. For sweet pickles, pies or preserves, they are splendid and can be used in many ways. Pkt., 5c; 3 pkts., 12c; oz., 20c.

CAULIFLOWER

EARLY SNOWBALL—This is a well-known variety and the seed is always high in price, it having been the great favorite for many years throughout the country. It is early, close growing, compact habit, well adapted for forcing under glass during the winter and spring. We offer choice imported stock. Pkt., 10c; 3 pkts., 25c; ½ oz., \$1.25; oz., \$2.30; ¼ lb., \$8.00, postpaid.

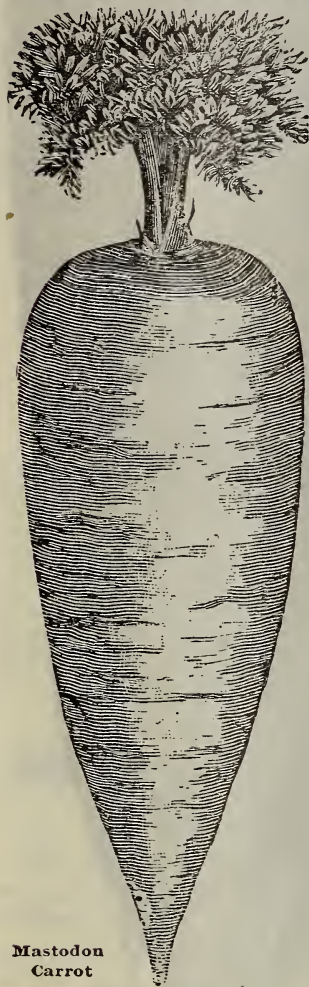

SMITH'S EARLY FAVORITE—This excellent variety surely surpasses all others and will stand the heat and drouth of any climate the best of all and is the earliest and surest of any variety to head. For forcing, it is particularly well adapted as a sort for the family and market gardening. It is unquestionably the largest as well as the best and market gardeners as well as others after once sowing it will have no other. Pkt., 6c; 3 pkts., 15c; ½ oz., 90c; oz., \$1.75, postpaid.

EARLY SNOWBALL

Early Snowball Cauliflower

CARROTS

Mastodon
Carrot

MASTODON

This is a very large and productive white Carrot. A great improvement on the Belgian sort. The flesh is pure white, crisp and solid, very sweet in flavor, roots of large size, very heavy at the shoulder and frequently measure 15 to 18 inches in length, and yielding 20 to 25 tons per acre. Pkt., 4c; 3 pkts., 10c; oz., 8c; 2 ozs., 14c; ¼ lb., 25c; ½ lb., 35c; lb., 75c, postpaid.

SMITH'S CARROT MIXTURE

This great mixture contains all the different varieties we offer and includes all shapes, colors and sizes. Pkt., 4c; oz., 8c; ¼ lb., 20c; ½ lb., 35c; lb., 65c; 2 lbs., \$1.20, postpaid.

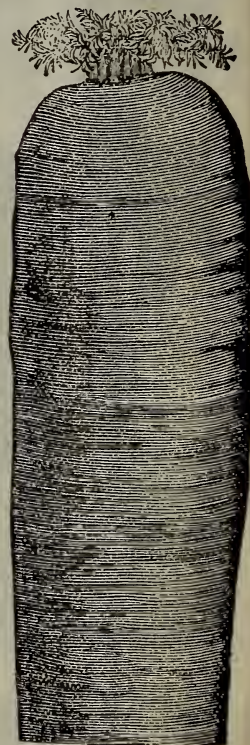

IMPROVED LONG ORANGE CARROT

Large, fine grained, deep orange color, very productive—very best variety. Pkt., 5c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c; lb., 95c, postpaid.

DANVER'S CARROT

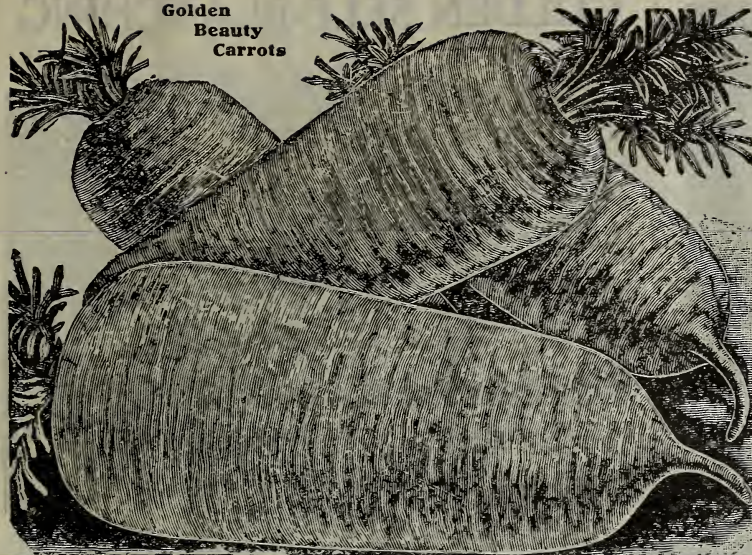

This variety is well adapted to all soils and conditions. Very productive, medium length; roots smooth; of dark, rich orange color; will yield from 20 to 25 tons per acre. Pkt., 5c; oz., 10c; ¼ lb., 30c; ½ lb., 55c; lb., \$1.00, postpaid.

SMITH'S AGRICULTURAL CARROT

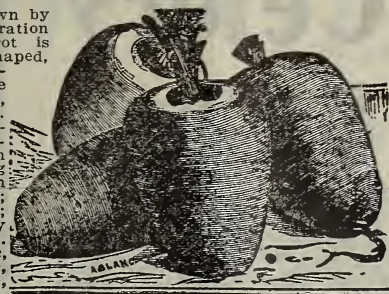

Produces long uniform roots, large size and true yellow; is immensely productive and good keeper. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 30c; ½ lb., 55c; lb., \$1.00, postpaid.

**Golden
Beauty
Carrots**

Carrots, Oxheart or Guerande

As shown by the illustration this Carrot is finely shaped, being intermediate in length, 3 to 5 in. in diameter, specimens often measuring 7 in. in diameter; early; quality fine. Pkt., 5c, oz., 10c, 1/4 lb., 25c, 1/2 lb., 45c, 1 lb., 80c, postpaid.

Oxheart or Guerande.

GOLDEN BEAUTY

This is a heavy cropper and suitable for both table and stock. It is a half-long stump rooted sort; grows a smooth, uniform, handsome root, free from core, sweet and tender, never becomes stringy. It is very desirable for market gardeners or any private garden on account of its immense yielding qualities. With ordinary care it will yield about 40 tons per acre. Pkt., 5c; oz., 10c; 2 ozs., 18c; 1/4 lb., 30c; 1/2 lb., 50c; 1 lb., 95c, prepaid.

Giant Crimson Rhubarb

Giant Crimson Rhubarb

Our **Giant Crimson Rhubarb** is one of the greatest and most valuable novelties we have ever offered. It is the earliest of all Rhubarb, and fit for use, not only in the spring, but all through the summer and fall, while common sorts are fit to use only a few weeks in spring. As fast as stalks are pulled new ones take their place, and in the South or Pacific states it may be used all the year, requiring only water in dry localities to keep it growing. Stalks are of medium size, of good length, about one inch in diameter, of beautiful crimson color, the quality being simply superb, fully equal to the finest berries for sauce or pies and is really a combination of fruit and vegetable. The skin is so thin and tender it is not necessary to remove it and when cooked is a beautiful crimson sauce. It is especially adapted for forcing in greenhouses or cold frames. It will stand frosts which will destroy any other sort. Rhubarb is the first vegetable we have from the ground in spring and it is the easiest plant of all the perennials to grow. Seed, per pkt., 5c; 3 pkts., 12c; oz., 40c; 2 ozs., 75c, postpaid.

White Velvet Okra (or Gumbo)

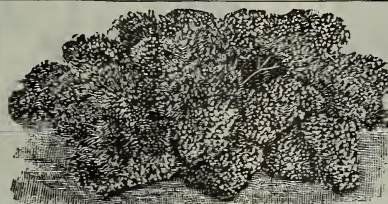

Never prickly and always round and smooth, while other varieties are either ridged or square edged. Out-yields other varieties. Pkt., 5c; 2 pkts., 9c; oz., 10c; 1/4 lb., 25c; 1/2 lb., 40c; 1 lb., 75c.

Conover's Colossal

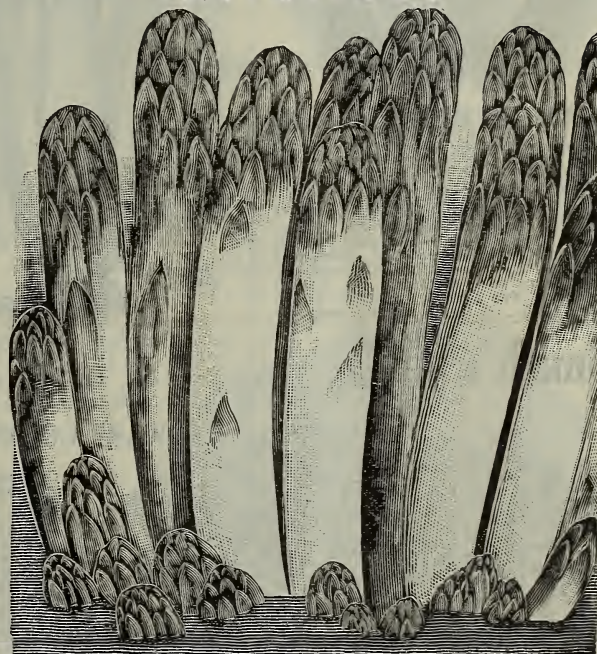

A well-known large, rapid grower. Pkt., 4c; 3 pkts., 9c; oz., 10c; 1/4 lb., 20c; 1/2 lb., 35c; 1 lb., 60c.

Parsley Champion Moss Curled

Produce crinkled and curled leaves, a choice selected strain. Pkt., 5c; 3 pkts., 12c; oz., 10c; 1/4 lb., 25c.

ASPARAGUS

BARR'S MAMMOTH—Stalks very large, grows quickly, light in color nearly equal to the Palmetto, but somewhat larger. Pkt., 5c; oz., 10c; 2 ozs., 16c; 1/4 lb., 25c; 1/2 lb., 40c; 1 lb., 65c.

ASPARAGUS ROOTS

Every home garden should have a bed of Asparagus. It has become one of the most favorite and profitable garden crops; and makes a return early in the spring before any other out-of-door crop can be marketed, and when a bed is well established it will yield splendid crops for a number of years.

We offer strong roots which will be carefully packed and sent by express, customer to pay express charges on arrival.

Prices: One year old, 50 for 60c; 100 for \$1.00, postpaid. By express, 500, \$2.50; 1,000, \$4.25.

RHUBARB ROOTS

We offer a good stock of roots which will make excellent stock to grow for forcing next winter. Send us your order for roots.

Every root planted this spring will make a good clump for winter forcing. Try this plan.

Price of good roots, 10c each, 6 for 50c, 15 for \$1.00, postpaid. By express or freight, not prepaid, 100 for \$4.00, 250 for \$8.00, 500 for \$15.00; 1,000 for \$27.00.

Celery

Large Ribbed Red

LARGE RIBBED RED

One of the best varieties grown. It has all the good qualities of the Giant Pascal while the ribs are much thicker and stiffer. It is exceedingly healthy and of most excellent quality, tender and well flavored and is a good variety to keep through the winter. It is very popular on account of its handsome appearance, in connection with its fine keeping quality, and our customers will certainly be pleased with it. Per pkt., 5c; oz., 20c; ¼ lb., 65c; ½ lb., \$1.15; lb., \$2.00, postpaid.

PINK PLUME

Is a splendid new variety; intermediate between the white and rose Celery and combines the good quality of both; is a very strong healthy grower and it has no tendency to rust. Stems are solid and crisp and it is a good keeper. Pkt., 5c; ½ oz., 15c; oz., 22c; 2 oz., 40c; ¼ lb., 75c.

White Plume

GOLDEN SELF-BLANCHING

Golden Self-Blanching—Is a splendid variety, wonderfully productive, solid, crisp and of delicious flavor. Rich golden yellow color, heart large and solid. It is claimed to be the best Celery in cultivation; also the most popular; the stalks always being perfectly solid. Pkt., 5c; 3 pkts., 12c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.35; ½ lb., \$2.50; lb., \$4.75, postpaid.

WHITE PLUME

This is a well-known variety and is popular wherever grown. It is the earliest and most easily blanched. The plants grow rapidly and on account of its easy culture every amateur gardener should grow this variety. Seeds sown in April, transplanted in July, will be ready for use in October without banking up. Give it a trial and you will be pleased with the result. Our seed of this grand Celery is a very choice selected strain and will produce very fine stalks. Pkt., 5c; 3 pkts., 10c; oz., 25c; ¼ lb., 95c; ½ lb., \$1.80; lb., \$3.25, postpaid.

Giant Pascal

Smith's CELERY MIXTURE

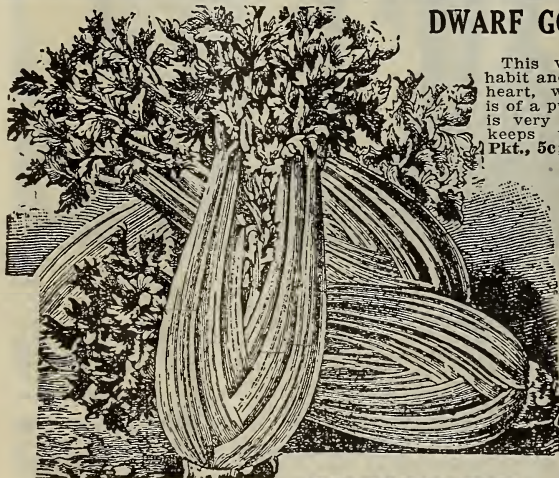

This mixture contains a splendid selection of all the leading and most valuable varieties in cultivation, and will certainly give the greatest possible satisfaction. Pkt., 4c; 3 pkts., 10c; oz., 15c; 2 ozs., 25c; ¼ lb., 40c; ½ lb., 75c, postpaid.

DWARF GOLDEN HEART

This variety is of dwarf habit and when blanched, the heart, which is very large, is of a pure golden yellow. It is very striking and showy, keeps well during winter. Pkt., 5c; oz., 12c; 2 ozs., 20c; ¼ lb., 35c; ½ lb., 65c; lb., \$1.25.

GIANT PASCAL

With the exception of our Gilt Edge Strain Self-Blanching, this is without doubt the most remarkable variety ever introduced. The stalks are extremely large and entirely stringless; is crisp and brittle. The heart is rich bright yellow even after blanching. It is an excellent variety for shipping; does not rust or rot. It grows more satisfactorily in the South than any other kind. It is a fine keeper; an extra good shipper, retaining its color and appearance as long as any other variety in existence. Per pkts., 5c; oz., 15c; 2 ozs., 25c; ¼ lb., 45c; ½ lb., 80c; lb., \$1.50, postpaid.

Dwarf Golden Heart

EARLY JUNE CABBAGE

CABBAGE

Early June Cabbage

To those whose living depends upon producing the best Cabbage and doing it first, they can rely upon **Smith's Early June** as being the hardest and hardest heading variety of any early Cabbages. Quality of seed in Cabbage is more important for good results than in any other vegetable.

The seed should be ordered early so as to be sown in a box in the house, or hot bed in February or March to get good sized hardened plants by the time the ground is in good condition.

Early June is the earliest Cabbage we have ever known, even earlier than our Famous Flat Head that we introduced some years ago. The heads are of fair size, very solid and if you wish to beat others to market with Early Cabbage, you can make no mistake to select the **Early June** for your crop. They have but very few outside loose leaves and can be planted very close together. Almost every plant is sure to form a perfect head and you will get **more Cabbage weight** from a given piece of ground than with any other early Cabbage.

Pkt., 5c.; 1 oz., 25c.; ¼ lb., 75c.; ½ lb., \$1.25; 1 lb., \$2.00, postpaid.

Early Spring
Cabbage

EARLY SPRING

This is a first-class, extra early, round, flat head Cabbage, differing in shape from our "Early June." The heads are always uniform, remarkably solid, with but few leaves and is giving great satisfaction everywhere. The stem is short, which makes it very valuable for truckers as well as private gardeners. The "Early Spring" quite often attains a weight of five pounds, and is very solid and firm. Those who want an extra early Cabbage of this description can make no mistake in ordering "Early Spring." Pkt., 5c.; oz., 20c.; ¼ lb., 70c.; ½ lb., \$1.25; 1 lb., \$2.25, postpaid.

All Head Early

All Head Early is truthfully the finest large summer Cabbage in the world and while this may seem a strong statement, we can prove it every time. The deep flat heads are remarkably solid and the most uniformly

form in shape and size of any variety. As tenderness is the result of rapid growth, it surpasses all others in this respect. It is the most thoroughbred of all American Cabbages, and the heads grow so compact that fully 1,000 more heads can be obtained to the acre than any other. Pkt., 5c.; oz., 15c.; ¼ lb., 50c.; ½ lb., 95c.; 1 lb., \$1.85, postpaid.

ALL SEASONS

All Seasons Cabbage—This Cabbage is good early, medium or late, just as its name indicates and can be planted at all seasons, producing fine large heads not liable to burst after heading. Pkt., 5c.; oz., 12c.; 2 oz., 20c.; ¼ lb., 35c.; ½ lb., 65c.; 1 lb., \$1.25, postpaid.

**Short Stem
Drumhead**

Short Stem Drumhead Cabbage

Very few varieties can equal this famous sort of productiveness. Excellent cooking and keeping qualities and large sized heads. They grow very uniform in size, are round and flattened on the top and make a handsome appearance, as shown by the illustration. It always heads well, often when other varieties fail, and is the leading variety in many sections to plant for market. Very popular in the South. Pkt., 5c; oz., 15c; $\frac{1}{4}$ lb., 50c; $\frac{1}{2}$ lb., 95c; lb., \$1.85, postpaid.

Smith's Celebrated Cabbage Mixture

This mixture will prove a great curiosity as well as very valuable. A continual supply of the very earliest to the latest varieties may be had from it. Those who do not care to keep varieties separate will find this mixture just what they want. We know it is just the thing for a family garden. Try this mixture this year. Pkt., 5c; 6 pkts., 26c; oz., 12c; 2 ozs., 20c; $\frac{1}{4}$ lb., 35c; $\frac{1}{2}$ lb., 65c; lb., \$1.25, postpaid.

SMITH'S CABBAGE

Here is just the Cabbage for your Garden GIANT LATE FLAT DUTCH

This variety always forms large solid heads, uniform in size and color and handsome in appearance. The stem is short and nearly every plant set out will form large solid heads. Farmers who grow cabbage for a late crop should grow this one on account of its weight and size. It is always very solid, extra fine grained and a wonderful keeper. Pkt., 5c; 3 for 12c; oz., 20c; $\frac{1}{4}$ lb., 60c; $\frac{1}{2}$ lb., \$1.10; lb., \$2.00, postpaid.

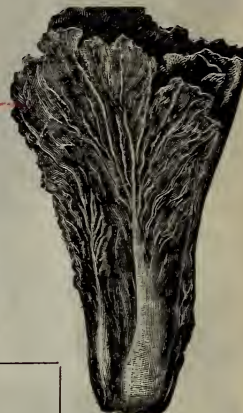

Early Winningstadt

Forms large cone-shaped heads of excellent quality. Will grow solid heads in seasons when other sorts fail. It is a good reliable cabbage. Pkt., 4c; 3 pkts., 10c; oz., 14c; 2 ozs., 25c; $\frac{1}{4}$ lb., 45c; $\frac{1}{2}$ lb., 85c.

Chinese Cabbage

This is a delicious Cabbage grown extensively by Chinese and is regarded somewhat as a delicacy by them. The illustration gives a good idea of the beautiful appearance but does not show the delicate blanching. The flavor is a blending of cabbage and turnip. We believe it will be a very interesting addition to the family garden. Try it. Pkt., 6c; 3 pkts., 15c; 5 pkts., 25c.

Chinese Cabbage

Largest Flathead Cabbage in Existence

GIANT SOLID HEAD CABBAGE This is a late variety and is rightly named, for the heads are always very hard and grow compact as shown by the illustration. The heads being so round and deep, are not liable to crack. There are no coarse ribs or stems to be found in a head. It is a vigorous grower and will stand drought to a remarkable degree, heads averaging from 8 to 12 pounds each throughout a whole crop. Grand sort to store for spring market. Pkt., 5c; 3 pkts., 12c; oz., 30c; 2 ozs., 50c; ¼ lb., 90c; ½ lb., \$1.75; 1b., \$3.00, prepaid.

**NEW
SOLID
HEAD
CABBAGE**

IMPROVED DANISH BALLHEAD

This new Cabbage comes from Denmark, and is one of the very best to grow for market. The heads are hard, round, of good marketable size, fine grain; good keepers and have become very popular in many sections as a main crop cabbage. Pkt., 5c; 3 pkts., 12c; oz., 30c; ¼ lb., \$1.00; ½ lb., \$1.90; 1b., \$3.25, postpaid.

JAPANESE SALAD PLANT, UDO A new vegetable from Japan. It is prepared for the table in the same manner as parsnips or asparagus. It may also be served raw like celery. It makes a splendid ornamental plant from 5 to 6 feet high, large leaves and bush form. If seed is started early in spring, plants will attain a height of 4 or 5 feet by fall. In September cut the plants level with the ground and round the earth up over the roots 18 inches high. Pkt., 5c; 3 pkts., 12c; ¼ oz., 35c.

BRUSSELS SPROUTS

—Perfection—We consider this the best variety grown. It is very tender, good flavor, and stands the frost quite well. Grows a stem 2 feet high, and on this produces sprouts 2 inches in diameter, resembling miniature cabbage. Pkt., 4c; 3 pkts., 10c; oz., 15c; ¼ lb., 40c; ½ lb., 70c; 1b., \$1.35.

ENDIVE —Green Curled—This is a very hardy variety, has dark green leaves, always blanch white and crisp. Per pkt., 4c; 3 pkts., 10c; oz., 15c; ¼ lb., 35c; ½ lb., 55c.

COLLARDS —Georgia—Known as Cole or Colewort; originated in the South. Grown South for greens. Pkt., 4c; 3 pkts., 9c; oz. 10c; ¼ lb., 30c; ½ lb. 50c.

Round Thick Leaved Spinach

Grows large thick, dark green leaves somewhat crumpled. Per pkt., 4c; 2 pkts., 7c; oz., 6c; ¼ lb., 12c; ½ lb., 20c; 1b., 35c, prepaid.

MAMMOTH ROCK RED

This is the best red cabbage known; heads of a deep

red, inside and out, and is almost as solid as a rock. For pickling purposes nothing can surpass this variety. It is planted by all leading market gardeners and always demands a ready sale. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 26c; ¼ lb., 50c.

Surehead Cabbage

Heads often weigh 20 to 30 lbs.

SUREHEAD CABBAGE This is the surest heading variety in existence. It is always sure to head, producing large, solid, firm heads even in the most unfavorable seasons. Heads large, round and often weigh from 20 to 30 pounds each. Very tender, free from large ribs, never cracks on top or side of head. Pkt., 5c; oz., 15c; ¼ lb., 50c; ½ lb., 95c; 1b., \$1.85, postpaid.

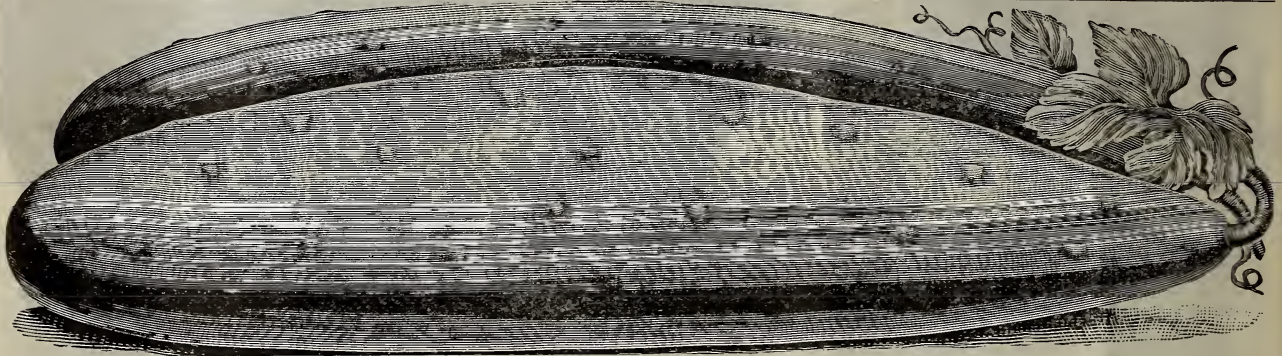

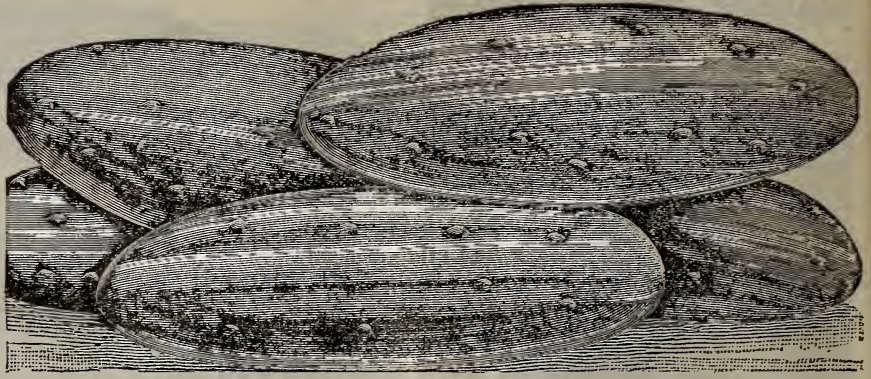

COPENHAGEN MARKET CABBAGE This new earliest of all Globe Shaped Cabbage attracts attention wherever grown. It is the most popular cabbage in the Copenhagen markets. The heads are remarkably solid, with few loose leaves, of fine quality, with small cores, and have an average weight of about 10 lbs. each. This Cabbage is unrivaled as the most equally maturing and large heading early cabbage in existence. It was first introduced in 1910, seed being scarce and very high priced, and we have only been able to secure seed enough direct from the originator to offer our customers. If you grow Copenhagen Market you will have one of the finest early cabbages ever offered. Highly recommended by everyone growing it, and we wish we had more space to devote to describing this great Cabbage. Pkt., 10c; 3 pkts., 20c; oz., 35c; ¼ lb., \$1.25, prepaid.

CUCUMBERS

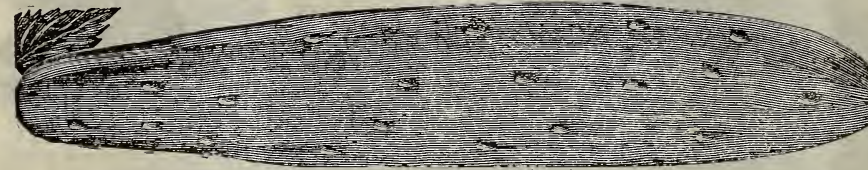

Smith's Earliest Everbearing Cucumber

A great all around Cucumber for everybody. Very handsome in color and appearance, just the right size to be desirable for the table or for pickling. It is a very solid cucumber, having less seeds than many other sorts. It is very productive, producing an abundance of handsome fruits close to the vine, as shown by the engraving. The flesh is tender and crisp and of excellent flavor. It is one of the first to come and the last to go, fruiting all the time. Pkt., 5c; oz., 18c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; lb., 90c, postpaid.

SMITH'S IMPROVED LONG GREEN

This is a well-known variety. The fruits grow from 12 to 16 inches long and it is well known by everyone that this variety cannot be surpassed for pickling, and when ripe it is the best for sweet pickles. The vines grow strong and the fruit is always produced in great abundance, making it one of the most productive varieties in cultivation. Per pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; lb., 90c; 2 lbs., \$1.75.

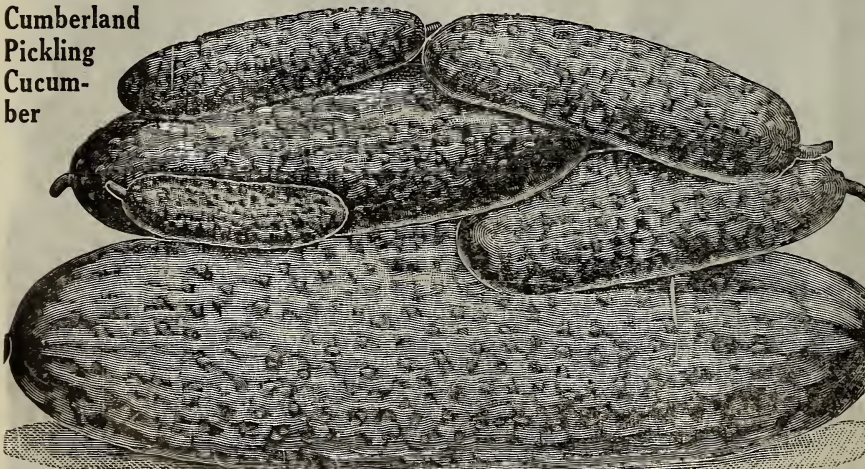

NEW FAMOUS CUCUMBER

This is an extra long white spine Cucumber of the finest flavor of them all. It is beautiful in appearance, being a long green. The vines produce an enormous crop and have large, thick, heavy leaves. The fruit grows 10 to 16 inches long. Pkt., 5c; oz., 10c; 2 ozs., 18c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; lb., 85c, postpaid.

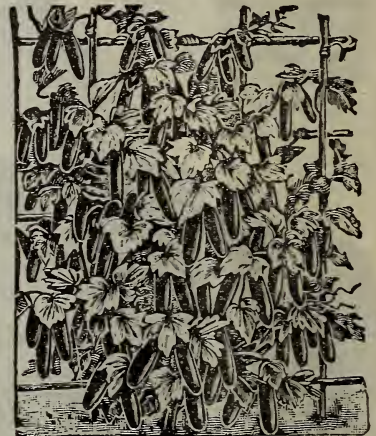

You must read our premium pages 30 to 36. They will interest you as well as your friends

Cumberland Pickling Cucumber

This is a very desirable variety for pickling. The vines are of strong growth and they fruit very freely. The illustration, carefully engraved from specimens grown on our trial grounds, gives a good idea of the appearance. The young cucumbers are thickly set with small spines and are very attractive for either large or small pickles. The fruits average when fully grown from nine to ten inches in length and from two to three inches in diameter. It is a good variety for slicing as well as pickling, but we highly recommend it as a desirable variety especially for pickling, and we advise our customers to give this variety a trial this year. Pkt., 5c; 3 pkts., 12c; oz., 15c; $\frac{1}{4}$ lb., 35c; $\frac{1}{2}$ lb., 60c; lb., \$1.00, postpaid.

Japanese Climbing Cucumber

This variety came from Japan and is a first-class Cucumber. Young plants grow very bushy but as soon as they become established begin to climb and may be grown in trellises, fences or poles making it quite a curiosity. The vines cling so tightly that they are not prostrated by heavy storms of wind or rain. They grow very fast, beginning to produce fruit early and continue throughout the season. The fruit grows to a good size for home use and produce but very few seeds. Our stock seed came direct from Japan. Pkt., 5c; oz., 15c; 2 ozs., 25c; $\frac{1}{4}$ lb., 45c.

A SPLENDID CUCUMBER MIXTURE

Here is one of the finest mixtures ever offered in the Cucumber line. We have endeavored to put all the leading novelties in this mixture.

We do not hesitate to say that a packet of this planted in the garden will give the best collection of Cucumbers that can be bought in the country. Do not fail to try it. Pkt., 4c; oz., 9c; 2 ozs., 16c; $\frac{1}{4}$ lb., 30c.

KLONDIKE CUCUMBER ONE OF OUR BEST

This is a very handsome variety of an attractive dark green color of the White Spine type. When it attains suitable size for market it averages from 6 to 7 inches in length, and is of such attractive appearance it is greatly appreciated by market gardeners and shippers. It is very early, excellent quality, firm and good for pickling when small. After you grow this cucumber you will say you never had a better one.

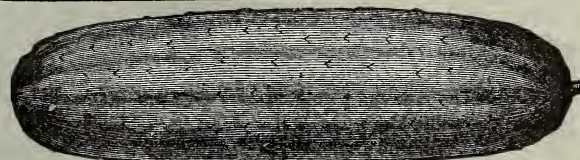

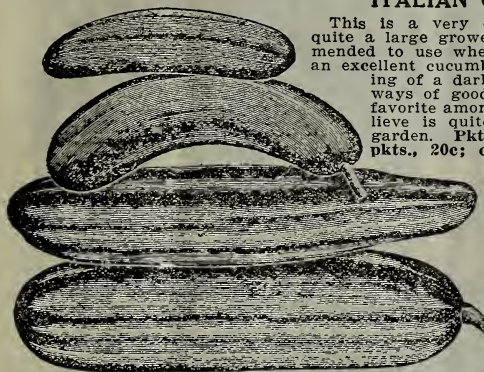

We cannot recommend this splendid cucumber too highly. Try it in your garden this year.

Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

ITALIAN CUCUMBER

This is a very early variety. It is quite a large grower and highly recommended to use when very young. It is an excellent cucumber for the table, bearing of a dark green color and always of good flavor. This is the favorite among Italians and we believe is quite a curiosity in any garden. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c; oz., 15c; ¼ lb., 50c, postpaid.

NICHOLS' MEDIUM GREEN CUCUMBER—Unequaled as a first-class pickling sort, and greatly praised as an early market variety. The skin is light green in color, very smooth, and of fine quality. Pkt., 5c; oz., 10c; 2 ozs., 18c; ¼ lb., 25c; ½ lb., 40c; lb., 70c, prepaid.

KOHL-RABI OR TURNIP-ROOTED CABBAGE

Early Purple Vienna—It is largely grown for table use in Germany. Per pkt., 4c; 3 pkts., 10c; oz., 20c; ¼ lb., 60c; ½ lb., \$1.00; lb., \$1.80.

Early White Vienna—Best for table use. Per pkt., 4c; 3 pkts., 10c; oz., 15c; ¼ lb., 45c; ½ lb., 80c; lb., \$1.50.

FANCY PICKLES

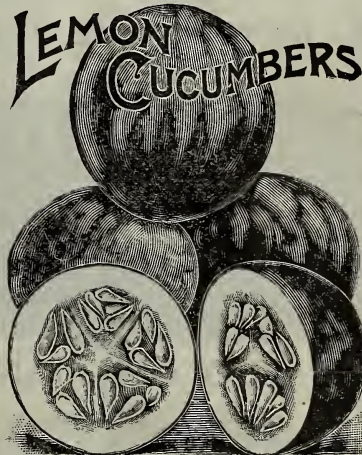

Lemon Cucumber

Is nearly round, the skin is smooth with yellow markings. The fruit grows from 2½ to 3 inches in diameter, flesh is tender and has a flavor surpassing all other cucumbers. It is excellent for pickling, either green or ripe. For table use it should be used just as the fruits are turning yellow. It is a real novelty, and we are sure, after once tested, it will be planted every season, for the quality and productiveness are sure to please everyone. Per pkt., 5c; 3 pkts., 12c; oz., 20c.

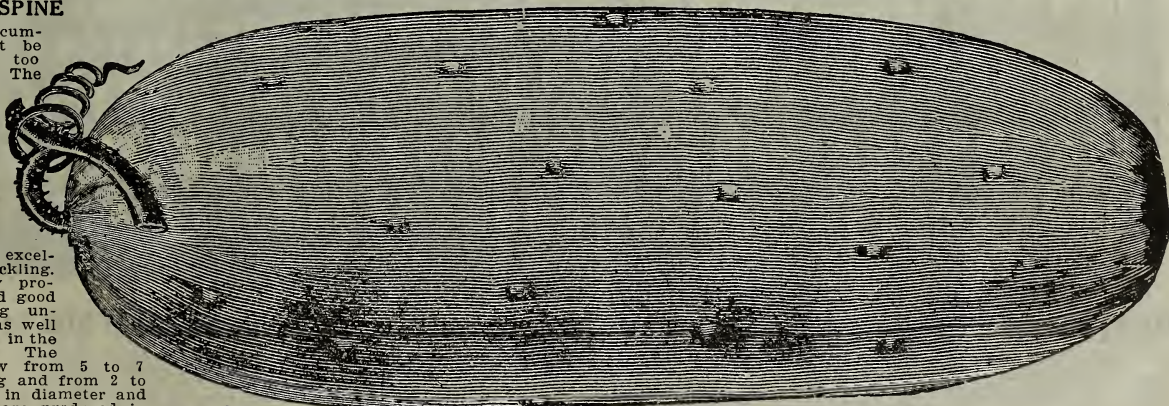

FANCY PICKLES

The most perfect strain of pickles ever produced in America. They are perfectly symmetrical in shape and no thick ends, and no small or pointed ends. A marvel of beauty during the bearing months. They are very quick growing, and a fine sort for slicing. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

WHITE SPINE

This cucumber cannot be praised too highly. The best and most widely grown of any White Spine cucumber. Unequaled as a table and market sort and also excellent for pickling. It is very productive and good for forcing under glass as well as growing in the garden. The fruits grow from 5 to 7 inches long and from 2 to 3½ inches in diameter and the fruits are produced in great abundance while the color is light green. Pkt., 5c; 2 pkts., 9c; oz., 10c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

Smith's Favorite Early Minnesota Sweet Corn

EARLY MINNESOTA

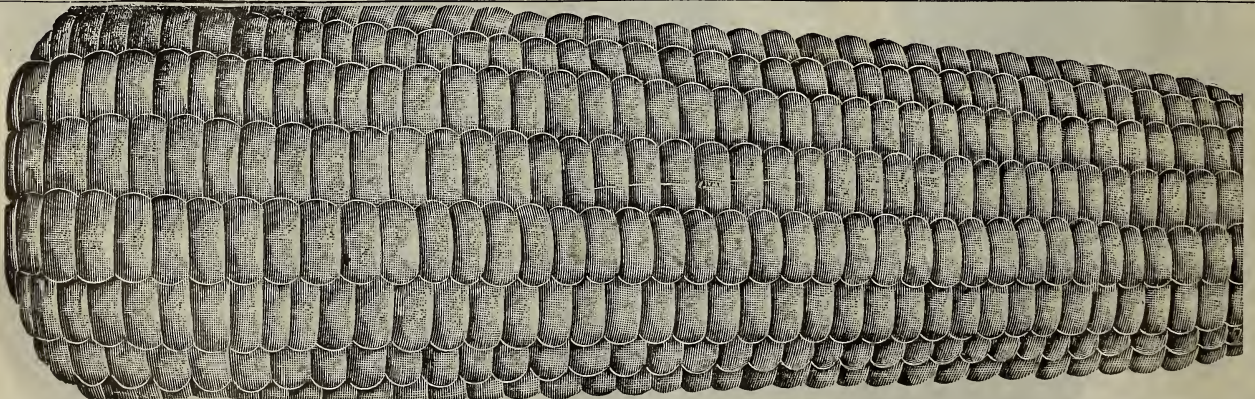

A standard early sort, of excellent quality, especially desirable where seasons are short. The ears bear 8 to 10 rows of large white grains. This variety is popular on account of its great productiveness. Excellent for market, home and canning use. Large pkt., 5c; ½ pt., 15c; pt., 25c; qt., 45c, postpaid. Express not prepaid, pk., \$1.25; ½ bu. \$2.25. Bags free.

Golden Bantam

This is an excellent early Golden Sweet Corn. It has a very rich, sweet flavor, stalks grow about four feet in height and produce from one to two good ears on each stalk, being from five to six inches in length. When the ears are ready for use, the grains are a bright golden yellow, being rich and sugary and sweetest of all. Pkt., 5c; ½ pt., 15c; pt., 25c; qt., 40c, postpaid. Peck, \$1.25; ½ bu., \$2.50, not prepaid.

GOLDEN BANTAM—Grand Orange Yellow Corn

WHITE EVERGREEN—The Best Late Sweet Corn. Ears Snow White in Color

WHITE EVERGREEN—This is one of the most delicious Sweet Corns ever offered. It is a splendid yielder and unsurpassed for market gardening purposes. The ears are pure snowy white, large and well filled. It is the tenderest, sweetest and most desirable for table use. We cannot recommend the White Evergreen too highly, as we know it will give greatest possible satisfaction to all who grow it. If you want a good Sweet Corn, by all means include the White Evergreen with your order. The illustration gives a good idea of this valuable variety. Pkt., 6c; ½ pt., 14c; pt., 25c; qt., 40c, postpaid. By express or freight, not prepaid, 4 qts., 65c; pk., \$1.25; ½ bu., \$2.25; bu., \$4.00.

4th of JULY SWEET CORN (Earliest of All)

This is a new Sweet Corn that we have been very fortunate in securing a limited supply of and believe that it will be found the "Earliest of All," the ears being good size, making it very valuable. We are pleased with it and know our customers will grow it every year when once planted. Stalks grow about 4 feet high and bear 2 to 4 ears to a stalk, these ears always being of good size, well filled with large kernels. For an early Sweet Corn of large size, ready for the table by July 4th, this is the one you should plant. Pkt., 6c; 3 pkts., 15c; 6 pkts., 25c; ½ pt., 18c; pt., 30c; qt., 50c, postpaid.

EARLY PREMIO SWEET CORN

It is superior to many other varieties on account of its earliness, handsome appearance and excellent quality. The ears are from 5 to 7 inches long. A variety greatly sought for by the gardeners and those raising early Sweet Corn for market. Pkt., 6c; ½ pt., 18c; pt., 30c, postpaid. By express, not prepaid, 4 qts., 75c; pk., \$1.25.

STOWELL'S IMPROVED EVERGREEN (See Cut)

STOWELL'S IMPROVED EVERGREEN—This is a well-known variety and is more largely planted by private families and market gardeners than any other sort. We have the very best stock of Stowell's Improved Evergreen on the market. Pkt., 5c; 3 pkts., 12c; ½ pt., 14c; pt., 22c; qt., 40c, postpaid. By express or freight, not prepaid, pk., \$1.25.

POP CORN

WHITE RICE—This is a well-known variety and the leading sort for market. Our stock is extra selected. Pkt., 5c; 3 pkts., 12c; ¼ lb., 15c; ½ lb., 25c; lb., 40c, postpaid.

RED RICE—This resembles our White Rice in every way except color, being a pretty deep red. Pkt., 4c; 3 pkts., 10c; ¼ lb., 15c.

Baby Golden

Golden Tom Thumb

This is the smallest Pop Corn in existence, but is very prolific, producing from five to ten ears on a stalk, each from 1½ to 2½ inches long. Kernels are golden color of rice type. Pops excellently. Pkt., 5c; 3 pkts., 12c.

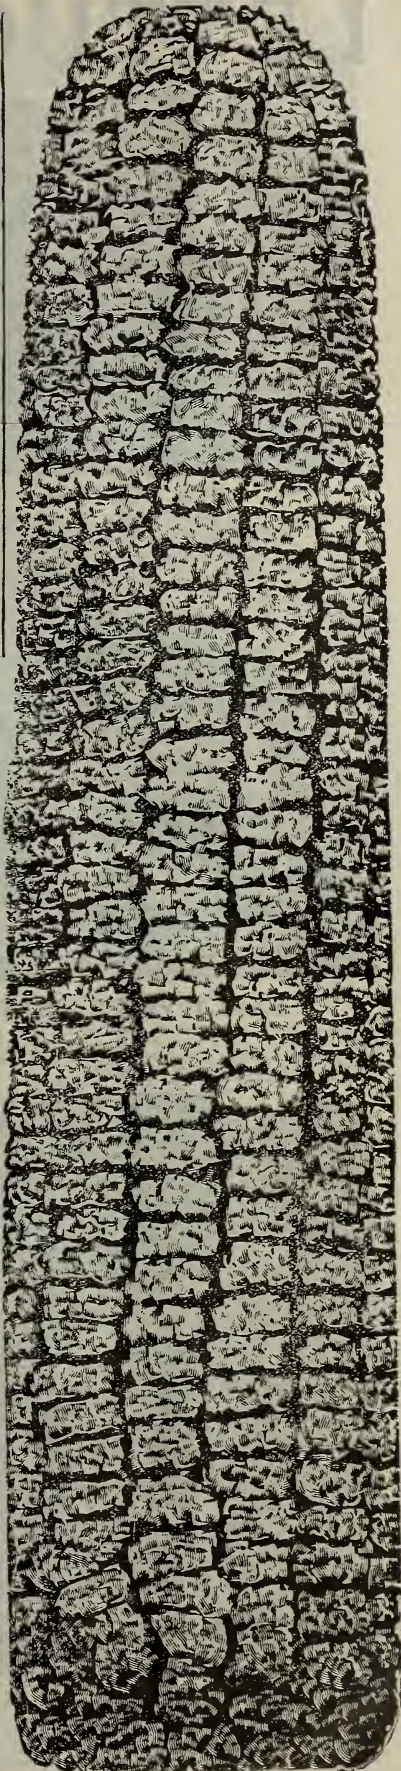

Dwarf growing Pop Corn, about 18 inches high, producing 2 to 4 perfect ears to a stalk, to 2½ inches long, kernels are bright golden yellow. Pkt., 5c; 3 pkts., 12c.

MAPLEDALE PROLIFIC

One of the greatest yielders among Pop Corn. Stalks grow about five feet high and it is claimed that as many as 12 ears have been produced on a single stalk. Pkt., 5c; 3 pkts., 12c.

STOWELL'S EVERGREEN

LETTUCE

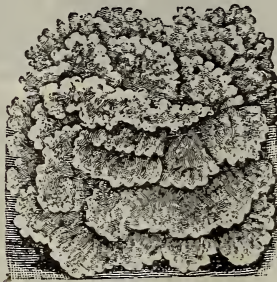

Grand Rapids Lettuce

GRAND RAPIDS is a leaf Lettuce and stands ahead of all others for winter forcing in the greenhouse. It is the best in its class for market gardeners as it will keep longer from wilting than any other variety. Its habit admits of very close planting in greenhouses or open ground and we believe is the best Lettuce for outdoor planting. Our stock runs unusually even and true to type. Pkt., 5c; 3 pkts., 12c; oz., 9c; 2 ozs., 16c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

BIG BOSTON

Best large Cabbage Lettuce on the market. Very valuable everywhere, gives satisfaction in whatever way it may be grown, whether for forcing or for the winter months, in frames for spring use or in open ground for the summer or fall. Leaves light green, tender and crisp. Pkt., 5c; oz., 14c; 2 ozs., 25c; ¼ lb., 45c; ½ lb., 80c, postpaid.

SMITH'S EARLIEST LETTUCE

One of the earliest varieties in cultivation, handsome in appearance and a valuable sort for market gardeners. Excellent for forcing or general crop. It forms small heads, very tender and crisp, resists heat and drouth remarkably and is very slow to run to seed. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c, postpaid.

BLACK SEEDED SIMPSON

A standard sort of large size and the very best quality; good for forcing under glass, or for spring and summer culture in open air. It is a non-heading sort; resists heat and remains long before running to seed. Pkt., 5c; oz., 10c; 2 ozs., 16c; ¼ lb., 30c, postpaid.

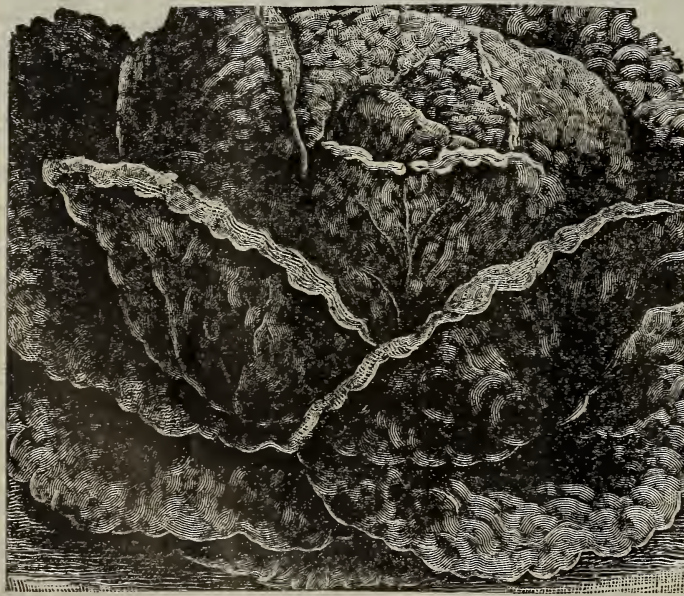

EARLY PRIZE HEAD

Heads form quite early, and every leaf good to use, slow to run to seed and good, early medium or late in the season. Does not turn bitter. Pkt., 5c; oz., 12c; 2 ozs., 20c; ¼ lb., 35c, postpaid.

New York Lettuce

It is claimed that this is the king of all main crop lettuce, forms in the heads as solid as a cabbage, often 15 inches across. Quality is excellent, heads being creamy white inside and free from bitterness. It is slow to run to seed, and sure header under all conditions. A large growing variety, resisting dry hot weather, and we recommend it as a standard garden variety. Pkt., 5c; 3 pkts., 12c; oz., 15c; ¼ lb., 40c; ½ lb., 75c; lb., \$1.25, postpaid.

THE COS LETTUCE

Produces long narrow spoon shaped leaves, which form into a rather loose leaf shaped head. Keeps sweet and crisp during the hot months. Is very slow to run to seed. Tie up outer leaves and a solid head snow white in color will be formed. Pkt., 5c; 3 pkts., 12c; oz., 18c; ¼ lb., 50c, postpaid.

MAY KING LETTUCE

Good for early spring planting being very hardy, is a quick growing sort. The plants will measure 6 or 7 inches in diameter, with the outer leaves folded closely forming quite a solid head. The outer leaves are a light green, slightly tinged with brown, while the inner leaves are a bright yellow and they impart a rich, buttery flavor. Many of the heads will weigh a pound each. Pkt., 5c; 3 pkts., 12c; oz., 15c.

ALL SEASONS LETTUCE COLLECTION

This is a wonderful collection, and nothing has ever been offered that can equal it. One sowing produces supply for the season. This collection contains all the best varieties, maturing early, medium and late: some curled and crinkled, others produce heads. Colors range from pure white through delicate shades of green and yellow, to a rich golden. We are sure this Great Lettuce Collection will more than please everybody. Pkt., 5c; 2 pkts., 9c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 60c, postpaid.

IMMENSITY LETTUCE Largest Head Lettuce in the world, often 4 to 5 feet in circumference, with an enormous solid head. Finest quality, tender, sweet and crisp. One of the slowest to run to seed and has good heat resisting qualities, making it a good variety for early sowing. Not early, but a reliable sort for a late crop when other kinds are hard to get. A curiosity as well as a valuable sort. Pkt., 5c; 3 pkts., 12c; oz., 10c; 2 ozs., 15c; ¼ lb., 25c; ½ lb., 45c; lb., 85c, postpaid.

Crisp-as-Ice Lettuce

Crisp-as-Ice Lettuce

This is a beautiful Lettuce of the cabbage type. The solid heads are of medium size, and the leaves are so tender and brittle as to have suggested the name Crisp-as-Ice. The head has a rich yellow heart. The leaves are thick and glossy, somewhat curled, of a good and attractive green color, variegated with bronze. It cannot be overestimated or overpraised for home use in spring or summer or late in the fall. Pkt., 5c; 3 pkts., 12c; oz., 10c; 2 ozs., 15c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

BLACK BEAUTY

Originated in South Jersey, and combines many characteristics which are very valuable. It is very early, in fact the earliest good market variety. It is very desirable in color, being a jet black. Average weight, 2 to 3 pounds. It is dwarf growing and bears its fruits close to main stem. Prices, my mail, postpaid: Pkt., 5c; oz., 30c; ¼ lb., \$1.00; lb., \$3.75.

New York Improved Large Purple (Spineless) Egg Plant

This variety is a general favorite both for market and private use. The large size and fine quality of fruit and its extreme productiveness make it most profitable for market gardeners. Plants large, spreading; foliage light green; fruit very large, oval; color a splendid dark purple. Plants usually ripen 4 to 8 large fruits. Prices, by mail, postpaid: Pkt., 5c; oz., 25c; ¼ lb., 90c; lb., \$3.25.

STRAWBERRY GUAVA

A magnificent new pot plant, both useful and ornamental. Fruit is a beautiful claret color, about the size of an English walnut. Flavor somewhat resembles a strawberry. Blooms and fruits continuously, and when well established will produce buds, flowers or fruits every day in the year. Can be used as a dessert, for preserving or for jelly. Grown in pots or open ground. Pkt., 6c; 3 pkts., 15c.

NEW ICEBERG LETTUCE

Leaves are curly, bright green color, a very delicious Lettuce for salads. It is a quick grower and its flavor is very excellent. Pkt., 5c; 3 pkts., 12c; oz., 11c; 2 ozs., 20c, postpaid.

IMPROVED HANSON

This is a perfect Lettuce for the table. Heads green outside and white within, sweet, crisp and tender, even to the outer leaves. This is becoming a very popular lettuce. Pkt., 5c; 3 pkts., 10c; 6 pkts., 18c; oz., 9c; 2 ozs., 16c; ¼ lb., 30c; ½ lb., 50c; lb., 85c, postpaid.

EGG PLANTS

NEW TREE EGG PLANT

Plants grow tall and stocky, branching freely, holding their fruit up well from the ground. Fruit is handsome, dark purple color, fine size, very early and keeps well. Quality is the very best and we know our customers will say this is a wonderful Egg Plant. We have a choice lot of seed direct from headquarters. Pkt., 6c; 3 pkts., 15c; 6 pkts., 25c; ½ oz., 30c, postpaid.

Black Beauty Egg Plant

somewhat resembles a strawberry. Blooms and fruits continuously, and when well established will produce buds, flowers or fruits every day in the year. Can be used as a dessert, for preserving or for jelly. Grown in pots or open ground. Pkt., 6c; 3 pkts., 15c.

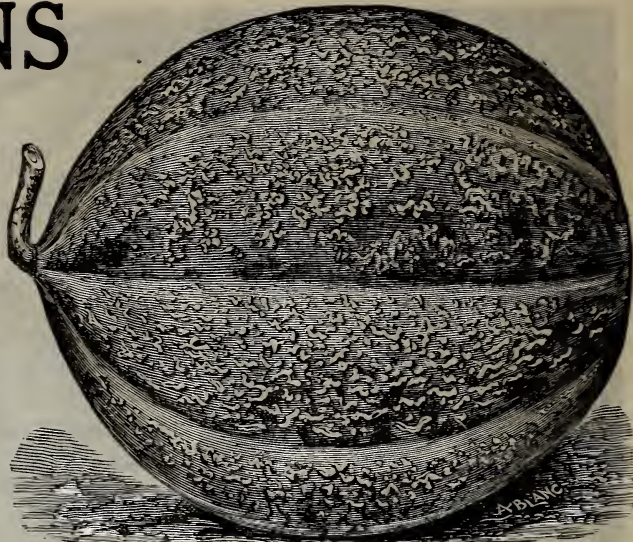

MUSK MELONS

SPICY CANTALOUPE

This grand new Cantaloupe is very prolific, always making a strong growth, and produces an abundance of handsome melons, averaging from 8 to 10 inches long by about 6 inches in diameter. They are very solid and the seed cavity is unusually small. The flesh is salmon color, about 2 inches thick, always of superb quality, far superior to nearly all other Cantaloupes. The flesh is entirely stringless, maintains its sweetness close to the rim.

On account of the very small seed cavity, the Melons are always solid and heavy, the rim being cream color, which changes nearly yellow as the Melon matures, and there is also a peculiar netting which appears irregularly upon the smooth skin as shown by the illustration.

From our trials the past season, we have been so well pleased with this Cantaloupe that we decided to offer it to our customers this year. Pkt., 6c; 3 pkts., 15c; oz., 14c; 2 ozs., 25c; ¼ lb., 45c, postpaid.

SPICY CANTALOUPE

EXTRA
EARLY

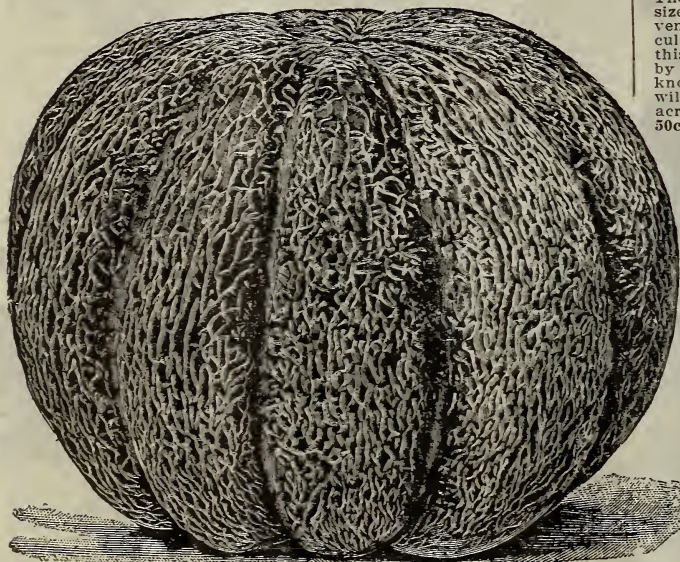

HACKENSACK

This variety comes from a selection of the popular Hackensack, but ripens several days earlier, while the melons weigh from 5 to 10 pounds each. The shade and color are similar to the parent, the main difference being in the point of earliness. It is round, well ribbed and heavily netted. Flesh is rich and sugary. Pkt., 5c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

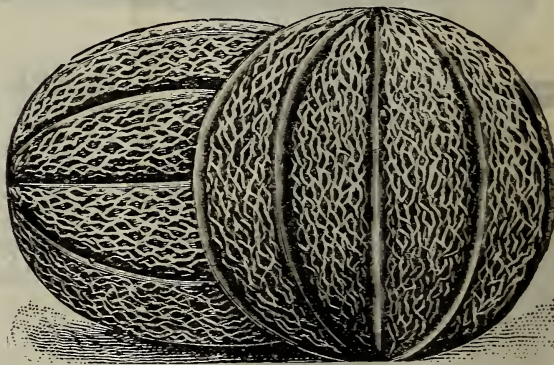

SMITH'S EARLIEST This is the earliest Musk Melon and is sure to create a sensation wherever it is grown. It is ahead of the famous Jenny Lind, and, in fact, ahead of all the other early Musk Melons. The melons are of uniform size, of fine shape and appearance, delicious quality and sell in any market. They are nearly round, as may be seen by the illustration, of good size, finely netted, while inside they are a rich orange color and we venture to say the flesh is thicker than that of any other variety in cultivation, there being such a small seed cavity. We can recommend this variety for home or market use and we have fully demonstrated by our trials that it deserves the name "Smith's Earliest," and we know that this, the earliest, sweetest and most delicious Musk Melon, will please everybody growing it, whether they plant one hill or five acres. Pkt., 5c; 3 pkts., 12c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c; lb., 80c postpaid.

EXTRA EARLY GRAND RAPIDS This is one of the very earliest of the large sorts, and is a profitable variety to grow. The flesh is yellow, it is in great demand in any market, being nearly two weeks ahead of other large sorts. The illustration gives a good idea of the melon. The skin is finely netted and presents a handsome appearance, and we recommend it. Per pkt., 5c; 2 pkts., 9c; oz., 10c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

SMITH'S MUSK MELON MIXTURE For the benefit of those who want a great collection of musk melons, we have made up this special mixture which contains a large number of varieties. An abundance of early fruit and a continual supply throughout the season of all the different shapes and sizes will be produced. Pkt., 4c; 3 pkts., 9c; 6 pkts., 15c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c, postpaid.

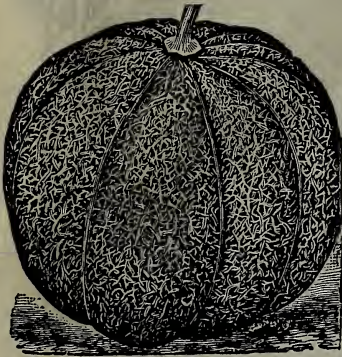

PINK MEAT

PINK MEAT This is a new Melon originated in Colorado, and is one of the very best for shipping purposes. The flesh is a pink or orange color, seed cavity very small, and the flesh is solid, of the best quality, very close to the rind. This rind is very tough, yet thin, well arched ribs, covered with laced and inter-laced gray netting. Grows to just the size for family use. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c; ¼ lb., 40c; ½ lb., 75c; lb., \$1.25, postpaid.

CITRON Fruit round, handsome and small; used for making preserves only. Seed very deep red. Pkt., 5c; oz., 9c; 2 ozs., 16c; ¼ lb., 25c; ½ lb., 35c; lb., 60c, postpaid.

Smith's Perfection

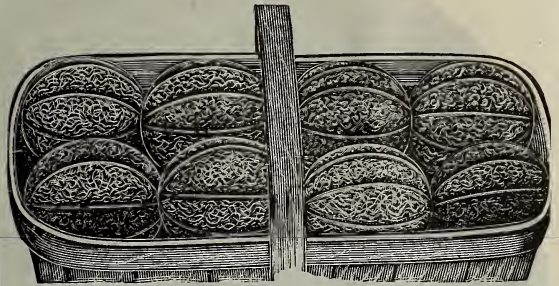

This is of nutmeg shape, quite even in size, weighing from five to eight pounds each. Skin is a dark green color, heavily netted, flesh of a salmon color, rich and sweet flavored. It is a first-class Muskmelon. Pkt., 5c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c, postpaid.

Emerald Gem

This is another splendid melon. Skin is smooth, emerald green in color, and the fruit is of a very attractive size, as will be seen by the engraving. Vines grow very thrifty and produce an abundance of fruit. Quality is the very best and a melon worthy of a place in any garden. Pkt., 5c; 3 pkts., 12c; oz., 15c; ¼ lb., 50c; ½ lb., 90c, postpaid.

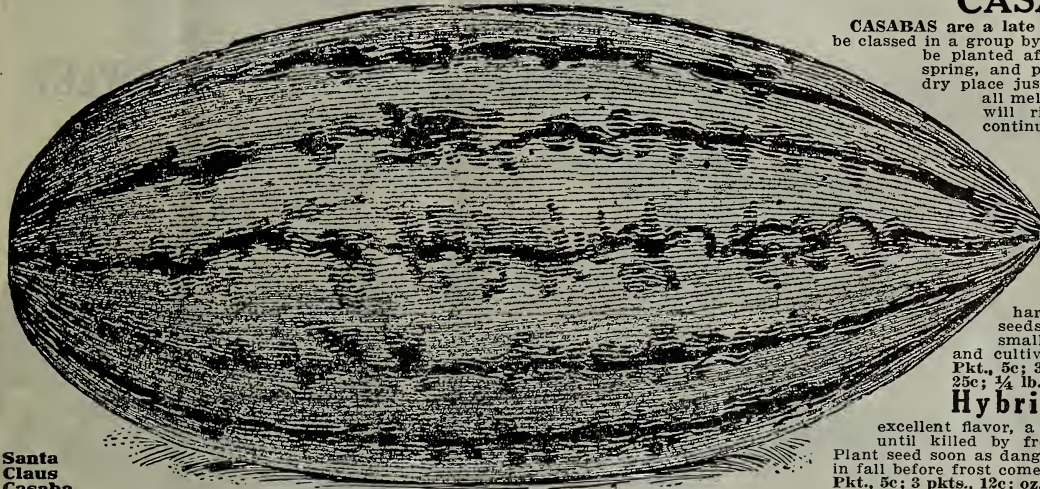

Strawberry Muskmelon

This variety is considered quite a novelty, being only recently introduced. The originator claims it has a flavor like that of a strawberry, hence its name. It is of the small netted type, and the fruits weigh from five to ten pounds each. Its flesh is of an attractive orange red color, and is highly recommended by all who have grown it. Color of the outside is green, turning to yellow as it ripens. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c; ¼ lb., 40c; ½ lb., 70c, postpaid.

CASABAS

CASABAS are a late variety of Muskmelons to be classed in a group by themselves. They should be planted after all danger of frost in spring, and picked and put away in a dry place just before frost in the fall; all melons, even half grown ones, will ripen gradually, giving a continual supply all winter.

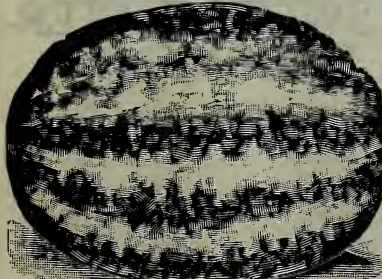

Santa
Claus
Casaba

Santa Claus This name is very appropriate as it is in prime condition to eat during the holiday season. Its light green flesh is stringless. It looks like a mottled Muskmelon (see engraving). Rind very hard, there is no seed cavity, seeds are imbedded in a small, jelly-like pulp. Plant and cultivate same as muskmelons. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c; ¼ lb., 45c, postpaid.

Hybrid Will keep all winter. Large size, flesh thick, excellent flavor, a rapid grower, yields well until killed by frost. Of handsome color. Plant seed soon as danger from frost is past, pick in fall before frost comes, even partly grown ones. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c, postpaid.

Watermelons

Smith's Earliest Watermelon

We claim this watermelon is the earliest and best variety grown. Its flavor is delicious, very sweet and always very attractive on the market. We consider it the best variety to plant in the home garden; being so early it is excellent for family use and a few vines will yield many melons. It will grow in sections where other watermelons will not mature. The flesh is deep red in color, exceedingly brittle, while skin is thin though tough, of a dark green mottled white. Pkt., 5c; 3 pkts., 12c; oz., 10c; 3 ozs., 25c; ¼ lb., 30c; ½ lb., 50c; lb., 90c, postpaid.

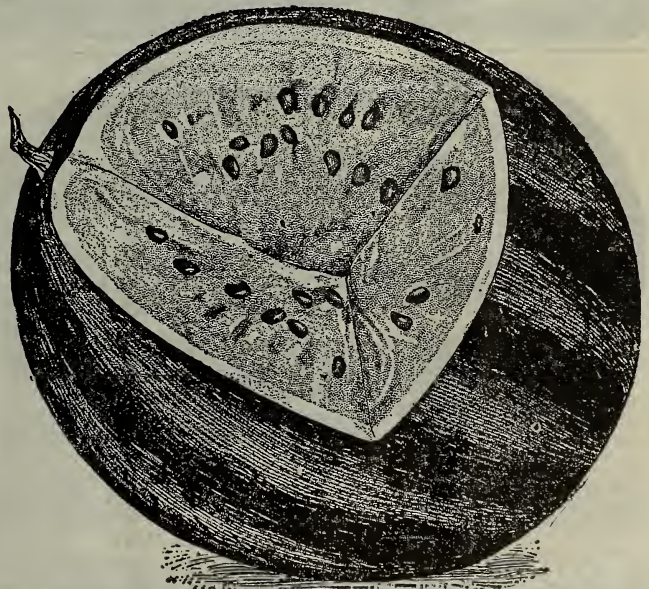

Iceberg or Blue Gem

ICEBERG OR BLUE GEM—In general shape, size and appearance this is similar to Kolb's Gem, but is distinctly darker, and the skin where the melon rests on the ground is a rich yellow instead of white, as in that variety. It has a very firm, hard rind; an exceedingly good shipper. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 25c; ½ lb., 35c; lb., 60c, pre-paid.

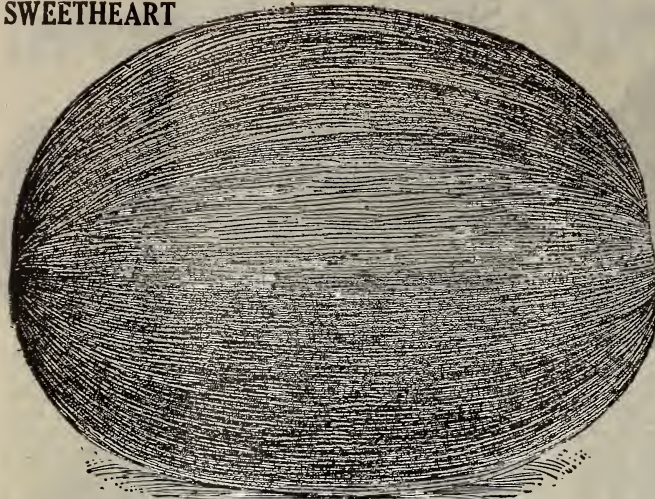

Seeds by Mail Insured Free

Remember that every Order for Garden and Flower Seeds over \$1.25 that are to be sent by mail, we prepay by Parcel Post and have each package Insured Free so you will get your seeds. Try it this season, as there is no danger of your order being lost by this method.

SMITH'S EARLIEST Earliest Watermelon Grown. Good Everywhere

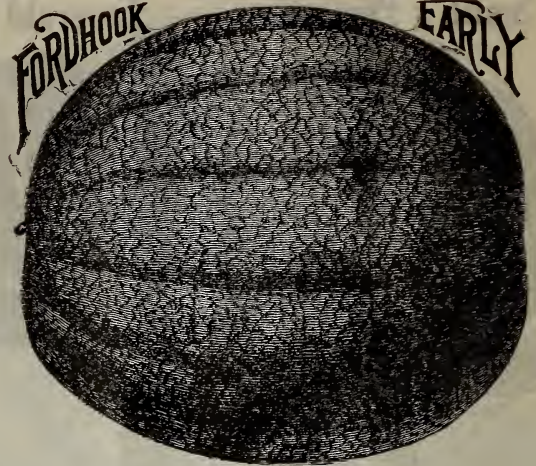

SWEETHEART

SWEETHEART—This grand new melon is one of the earliest of the large sorts. Handsome; good keeper; fruits are large; rind thin but firm. Flesh very bright red; solid and thick. An excellent Watermelon to grow. Pkt., 5c; 4 pkts., 15c; oz., 10c; $\frac{1}{4}$ lb., 25c; $\frac{1}{2}$ lb., 45c; lb., 80c; postpaid.

FORDHOOK

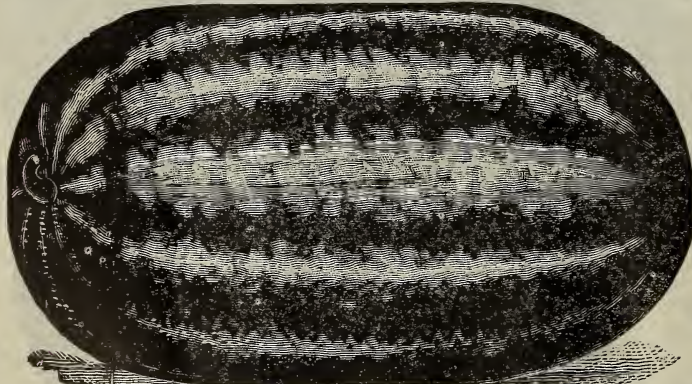

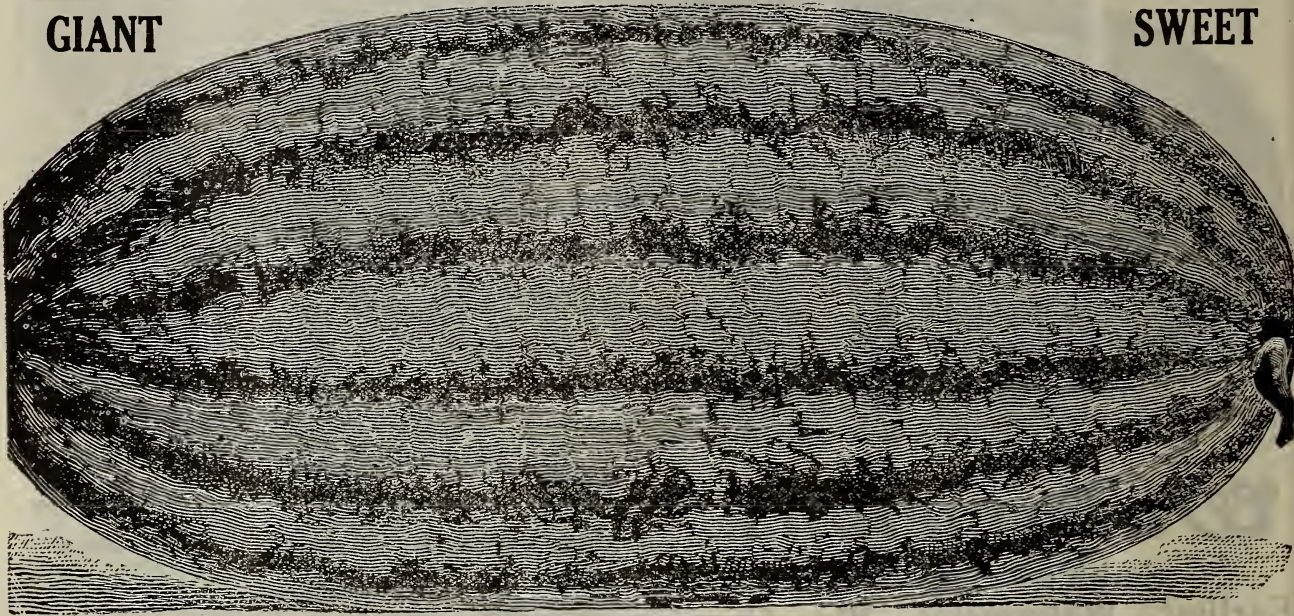

EARLY

This is one of the earliest Watermelons and the introducer claims that seed planted by the middle of May produces large ripe melons the last week in July. The average weight is from 20 to 30 pounds each, color being a medium green, while the flesh is a bright red, very sweet. Pkt., 5c; oz., 12c; 2 ozs., 20c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; lb., 85c, postpaid.

GIANT

SWEET

DIXIE WATER-MELON

This is a very handsome melon, beautifully striped, flesh of an intense bright deep scarlet. Very sweet and tender. Preferred by melon growers to any other. Pkt., 4c; 3 pkts., 10c; oz., 9c; 2 ozs., 16c; $\frac{1}{4}$ lb., 40c; lb., 75c, postpaid.

SMITH'S WATER-MELON MIXTURE

This mixture is made up of all the different varieties we offer, and many others not in the catalogue. By planting this seed a great collection of all the earliest, mediums and late sorts of all sizes, shapes and colors will be produced. Pkt., 4c; 5 pkts., 15c; oz., 7c; $\frac{1}{4}$ lb., 18c; $\frac{1}{2}$ lb., 35c; lb., 65c, postpaid.

GIANT SWEET WATER-MELON

We are very fortunate in being able to offer our customers this year a splendid Watermelon which we claim is the sweetest of them all. When once grown we believe that it will be a favorite. It grows to good size, the skin is striped or variegated and the flesh is a beautiful red color, while the seeds are white.

The vines grow very thrifty and prolific. This plant is well adapted to different weather, whether wet or drought. We are well pleased with this grand new melon. We cannot recommend it too highly, and we want every customer, no matter where located, to grow some of these choice Watermelons. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c; oz., 15c; 2 ozs., 25c; $\frac{1}{4}$ lb., 45c; $\frac{1}{2}$ lb., 75c, prepaid.

NEW CHILIAN WATER-MELON

This is a new introduction just sent out by a well-known melon expert, and he claims that it is so popular when once grown that it takes the place of nearly all other varieties. It is a very handsome melon, shaded with green and mottled with a darker shade of green, its rind is only about $\frac{1}{4}$ inch in thickness but very hard and tough, being classed among the best shippers. The entire flesh of this melon all through and close to the rind is a deep crimson, of a sweet, delicious flavor, at all times solid and crisp. Be sure and try it this year. Pkt., 5c; 3 pkts., 12c; oz., 15c; 2 ozs., 25c; $\frac{1}{4}$ lb., 40c, postpaid.

ONIONS

SMITH'S SELECTED YELLOW GLOBE DANVERS ONION

We offer the very best strain of Yellow Globe Danvers Onion on the market today. It always attains a good size, mild, deep bulb and small neck. It grows uniformly, of large size and commands the highest market price. The skin is a rich golden yellow, flesh pure white, very fine grained, with pleasant flavor, excellent keeper and one of the most hardy and productive onions grown. Our seed stock is raised with particular care, and only the best onions selected for seed. Our crop of seed this season is large and all the seed we have is plump and very heavy and of strong vitality and reliable in every respect. If you want to grow a very choice lot of Yellow Globe Danvers Onions this year, order our strain of seed. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 35c; ½ lb., 65c; lb., \$1.25; 2 lbs., \$2.35, postpaid. By express, 5 lbs., \$5.50.

EXTRA EARLY RED ONION

This is a well known Onion and good for a wide variety of soils and situations. It will succeed in cold, mucky ground where other sorts will fail. It matures some time before Red Wethersfield, and if grown in rich soil produces bulbs almost as large, but the bulbs are somewhat flattened, as shown by the engraving. The flavor is mild and it keeps well; color a deep rich red, fine grained, solid and heavy. Pkt., 5c; oz., 14c; 2 ozs., 25c; ¼ lb., 45c; ½ lb., 75c; lb., \$1.40; 2 lbs., \$2.50, postpaid.

The Great Prize Taker

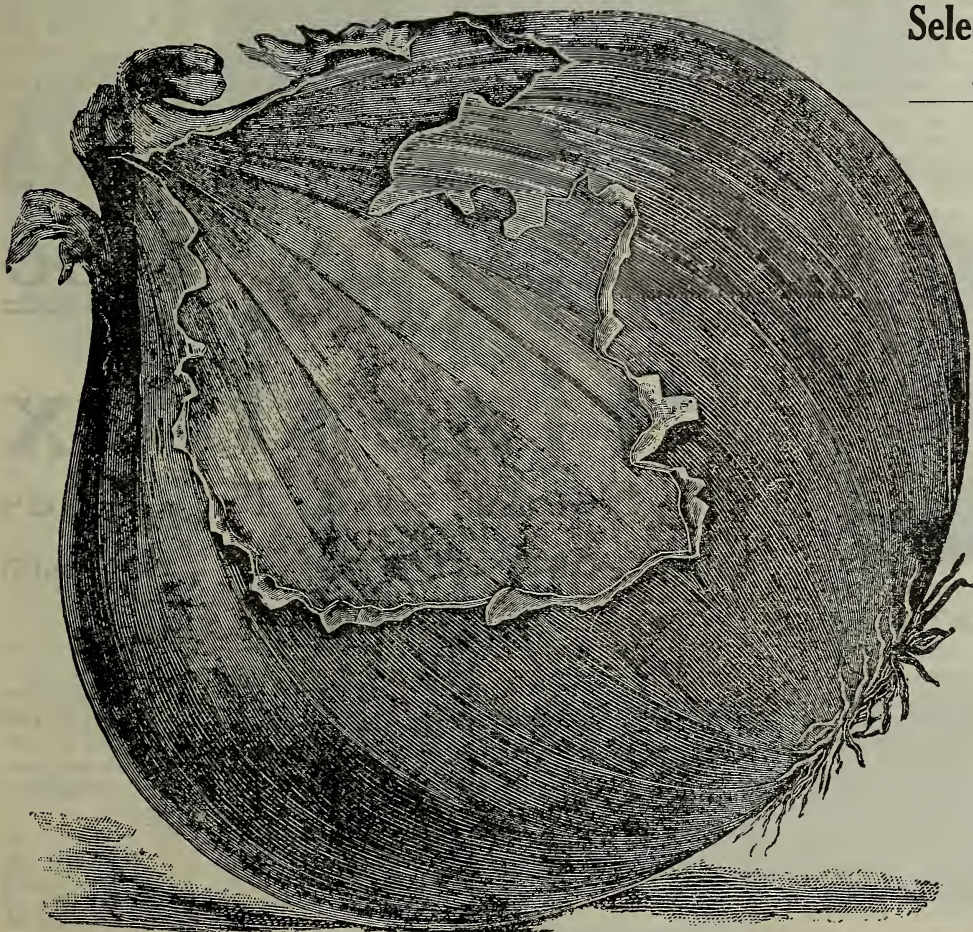

Selected Yellow Globe Danvers Onion

One of the Largest Globe Onions in the World

Thousands of pounds sold.
It is unexcelled as a
money maker or
for home use

This is a great Onion, and it is hard to equal the genuine Prize Taker. We consider the Prize Taker is by far the handsomest, most productive, most popular and best of the Globe Onions today. Prize Taker produces large, handsome bulbs of superior quality and grows very uniform in size, nearly a perfect globe as shown in the illustration. It has a very small neck and always ripens up hard and fine without any stiff necks. The skin is of a bright straw color and presents a handsome appearance in market. The bulbs grow to an enormous size, often measuring 10 to 15 inches in circumference and attract a great deal of attention in any market and can be sold at a better price than any other variety we know of. The keeping qualities are excellent and the bulbs appear to be as firm and solid in the spring as when put away in the fall. We cannot too strongly recommend our genuine Prize Taker Onion seed. We have a good quantity to offer at the following prices: Pkt., 5c; oz., 12c; ¼ lb., 45c; ½ lb., 85c; lb., \$1.75, postpaid. By express not prepaid, 5 lbs., enough for one acre, \$7.50; 10 lbs., \$14.00.

Australian Brown Onion

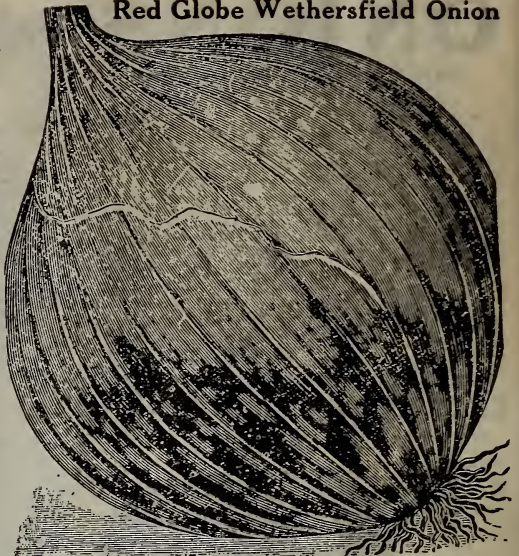

This variety matures early, about three weeks ahead of the Wethersfield, and is largely grown for a market onion. The bulbs are of medium size, round in form, run very uniform, wonderfully hard and solid, and the skin is thin, of a bright amber brown color, while the flesh is white, crisp, extremely solid and of sweet and mild flavor. Its keeping qualities are excellent, onions having been kept for a year. Pkt., 4c; 3 pkts., 10c; oz., 15c; 2 ozs., 25c; ¼ lb., 40c; ½ lb., 75c; lb., \$1.40; 2 lbs., \$2.50, postpaid.

Red Globe Wethersfield

This is a new Onion only recently introduced. It is a yielder, ripens early, of good size, and admired by all who see it. The outer skin possesses that luster and richness of color so desirable and yet so often lacking from the ordinary Red Globe Onion. Over 700 bushels per acre have been produced and not a scullion among them. Pkt., 5c; oz., 16c; 2 ozs., 30c; ¼ lb., 50c; ½ lb., 90c; lb., \$1.75; 2 lbs., \$3.00, postpaid.

Red Globe Wethersfield Onion

The Mammoth Silver King

Is a Winner and we sold a large amount. It grows very large, bulbs are of attractive shape, flattened but thick through, average diameter 5 to 7 inches, bulbs often weighing 1 to 2 pounds each. Skin is a beautiful silver white, flesh is particularly mild and pleasant in flavor. It can be grown in nearly all sections of the United States the first year from seed. Anyone desiring a handsome large pure white Onion of the finest mild flavor will be more than satisfied with the Mammoth Silver King. It cannot be too highly recommended, either for family use or for sale in market for its size and beauty will prove very striking. Pkt., 5c; oz., 15c; 2 ozs., 25c; ¼ lb., 45c; ½ lb., 85c; lb., \$1.60; 2 lbs., \$3.00, postpaid.

Large Red Wethersfield

We have a very early strain of this popular variety. It is a magnificent selection, the skin being a deep purplish red, flesh pure white and moderately fine grained and a long keeper. It is excellent for shipping, and there is no strain that can surpass our famous stock of this variety. Yields of six, seven and eight hundred bushels per acre are not uncommon. We consider it in every way a perfect Red Onion for home or market purposes. Pkt., 5c; 3 pkts., 15c; oz., 16c; 2 ozs., 30c; ¼ lb., 50c; ½ lb., 85c; lb., \$1.60; 2 lbs., \$3.00, postpaid. By express, not prepaid, 5 lbs., \$6.00.

Early White Pickling

This is the earliest onion in cultivation, producing very handsome bulbs. At maturity the tops die down directly to the bulb, it being pure white in color, very delicate and mild flavor. For table use or pickling, it is very valuable, and we know all our customers will be more than pleased with the handsome little white onion. Pkt., 5c; oz., 20c; $\frac{1}{4}$ lb., 50c; $\frac{1}{2}$ lb., 95c; lb., \$1.75, postpaid.

Early Red Globe

This is the earliest and best small red onion in cultivation. It is very early, of perfect globe shape, several days earlier than any other red onion in cultivation. It is an excellent sort for pickling on account of the onions being so very even in size. We can highly recommend it and are sure it will please all who grow it. Pkt., 5c; 3 pkts., 12c; oz., 20c; $\frac{1}{4}$ lb., 45c; $\frac{1}{2}$ lb., 85c, prepaid.

SOUTHPORT RED GLOBE

White Globe except in color. Matures quite early, large size, deep red skin, fine grain, flesh mild, very productive and an excellent keeper. Pkt., 5c; 3 pkts., 12c; oz., 15c; $\frac{1}{4}$ lb., 50c; $\frac{1}{2}$ lb., 95c; lb., \$1.75, postpaid.

SOUTHPORT WHITE GLOBE

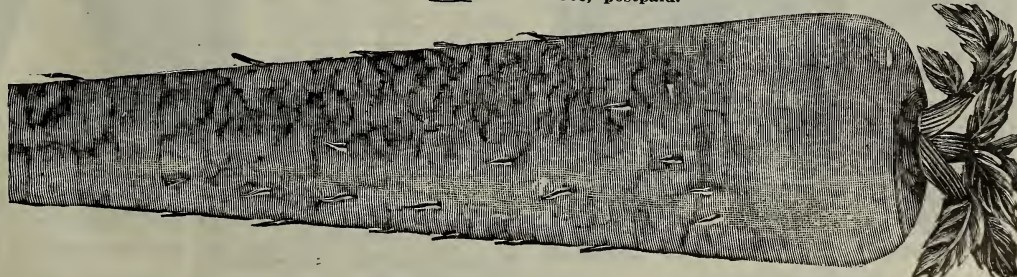

This is a handsome silvery white perfectly ball-shaped Onion of large size, commanding the highest prices in the market. Flesh firm, fine grain, of mild flavor and an excellent keeper. Its even regular size, perfect globe form, combined with the clear silvery whiteness of the skin, make it one of the handsomest Onions grown. Pkt., 5c; 3 pkts., 12c; oz., 25c; $\frac{1}{4}$ lb., 70c; $\frac{1}{2}$ lb., \$1.25; lb., \$2.25, postpaid.

SMITH'S GREAT ONION MIXTURE

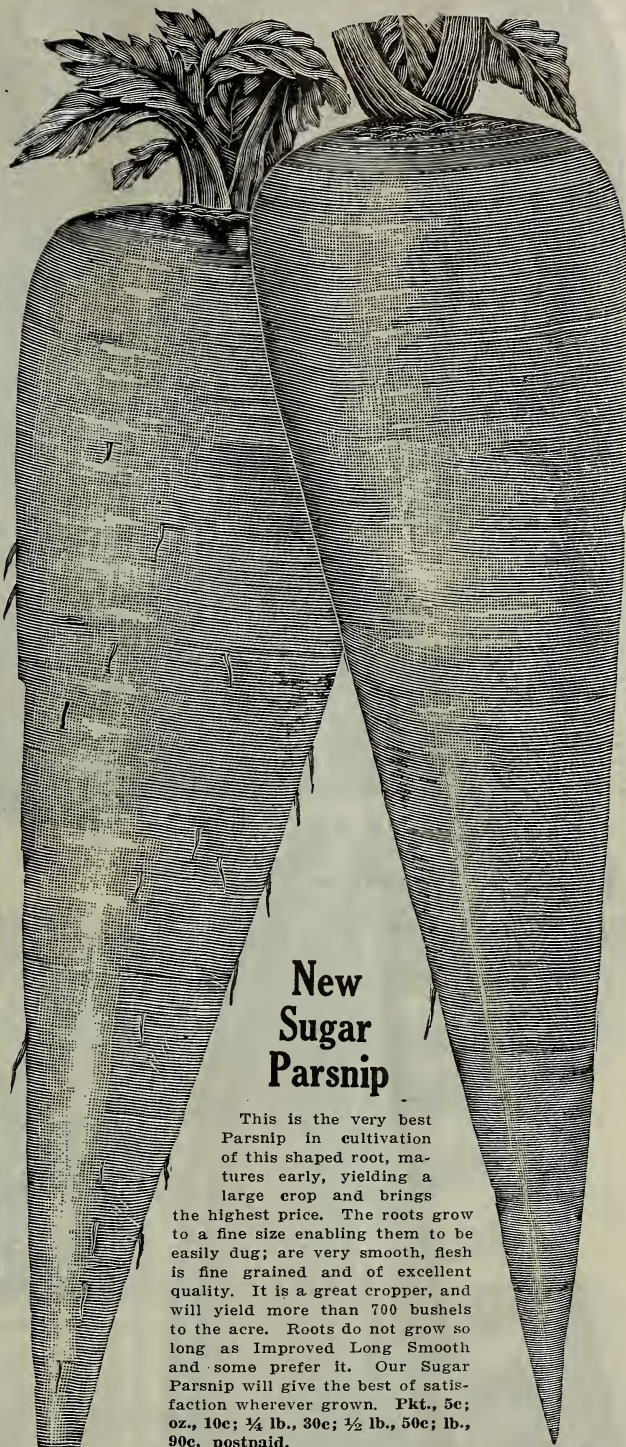

All those who sow a small quantity of onion seed in a garden for home use will do well to order this mixture. We have included all the early, medium and late sorts, which will produce an abundance of onions of all colors, shapes and sizes, many being giants. Wonderful results have been obtained from this great mixture. Pkt., 4c; 3 pkts., 10c; oz., 12c; 2 ozs., 20c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 55c; lb., \$1.00, postpaid.

Long Smooth or Hollow Crown Parsnip

We consider this the best Parsnip to grow. It produces a long, smooth root, is excellent for the table, being tender and well flavored. It requires a deep, clean, moderately rich soil. It is a heavy cropper and will do well in most any locality. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; $\frac{1}{2}$ lb., 45c; lb., 75c.

PARSNIPS

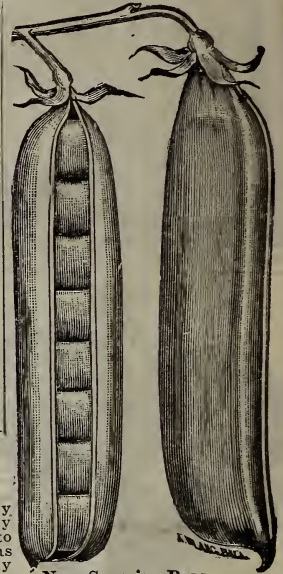

New Sugar Parsnip

This is the very best Parsnip in cultivation of this shaped root, matures early, yielding a large crop and brings the highest price. The roots grow to a fine size enabling them to be easily dug; are very smooth, flesh is fine grained and of excellent quality. It is a great cropper, and will yield more than 700 bushels to the acre. Roots do not grow so long as Improved Long Smooth and some prefer it. Our Sugar Parsnip will give the best of satisfaction wherever grown. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; lb., 90c, postpaid.

PEAS

THOMAS LAXTON

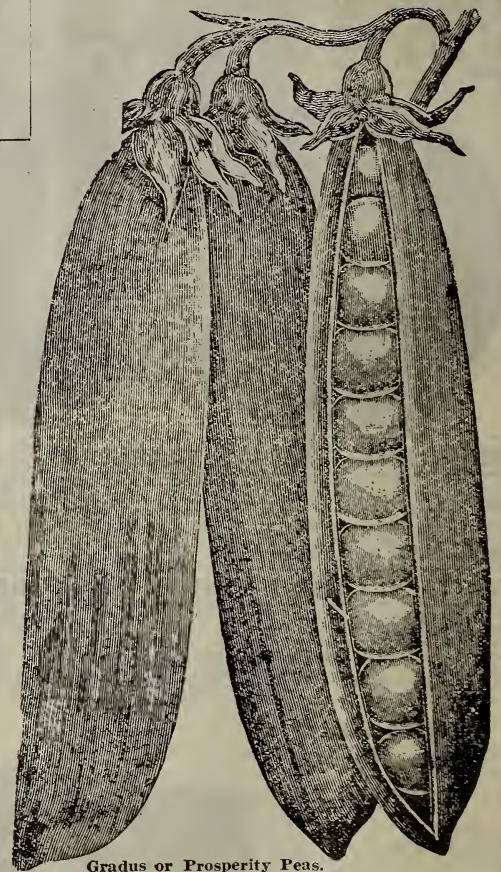

This is a fine new Early Wrinkled Pea and somewhat resembles Gradus or Prosperity, but the pods are a deeper and richer green. It is about as early as the First of All. Pods contain seven or eight very large peas of the richest flavor. It grows about three feet high and as a first early we consider it one of the very best; all who grow this variety will be greatly pleased with it. Pkt., 6c; ½ pt., 18c; pt., 30c; qt., 50c, postpaid. By express or freight, not prepaid, 4 qts., \$1.60; pk., \$3.00.

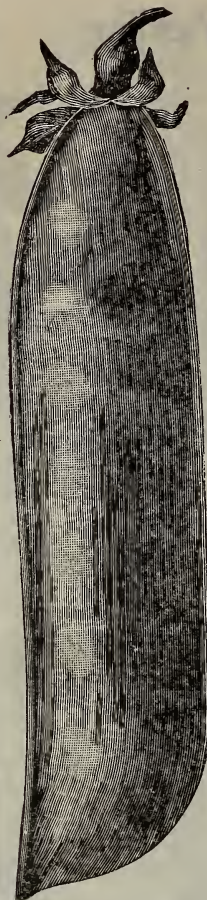

New Surprise Peas.

NEW SURPRISE

An extra early wrinkled variety which comes into market as soon as the extra early smooth kinds. The vines grow about three feet high and need no bushing, pods are well filled and everyone who grows these will be more than pleased with them. Pkt., 6c; 3 pkts., 15c; ½ pt., 18c; pt., 30c; qt., 50c, postpaid.

Gradus or Prosperity Peas.

Thomas Laxton Peas.

NOTT'S EXCELSIOR

A Wonderful Early Pea

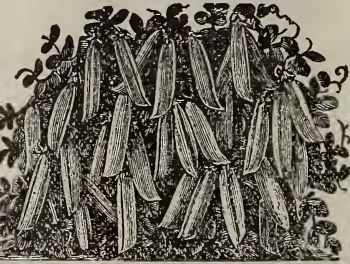

This is one of the very best extra early peas, as early as American Wonder, and is first class in every respect. Our customers have had it for table use 45 days after planting with the most ordinary cultivation. They grow to uniform size, about a foot high and are always very tender and of fine quality. This is a splendid early wrinkled variety to grow. Pkt., 6c; ½ pt., 20c; pt., 35c; qt., 60c, postpaid. By express or freight, not prepaid: 4 qts., \$1.25; pk., \$2.25.

CHAMPION OF ENGLAND—A well-known variety and acknowledged to be one of the best for late sowing. Pkt., 6c; ½ pt., 15c; pt., 25c; qt., 40c, postpaid. By express or freight, not prepaid, pk., \$2.00.

LITTLE GEM—This is one of the smallest varieties grown, is very early. Its height is only 12 to 18 inches, table quality is excellent and is a prolific bearer. Pkt., 6c; ½ pt., 15c; pt., 25c; qt., 45c, postpaid. By express or freight, not prepaid, pk., \$2.25.

AMERICAN WONDER PEAS

This is a well-known early Pea and preferred by many. Its earliness, combined with habit of growth, makes it a valuable sort to grow. It is of dwarf robust habit, producing a profusion of good sized, well filled pods. Pkt., 6c; 3 pkts., 15c; ½ pt., 18c; pt., 30c; qt., 50c, postpaid. By express or freight, not prepaid, pk., \$2.50.

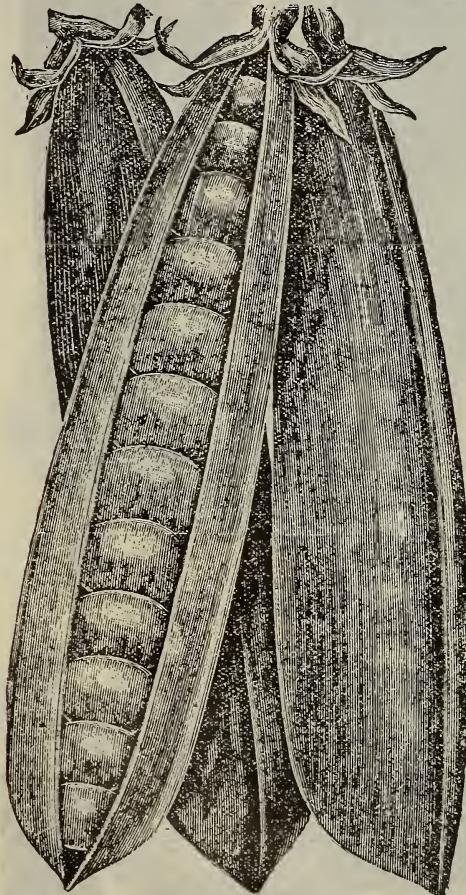

BLISS' EVERBEARING

Grows 18 inches to 2 feet high, producing pods from 3 to 4 inches long of very large size, and peas are of the very best quality. It is an everbearing variety and has a peculiar branching character forming as high as ten stalks from a single root stalk. It is certainly a grand pea. Pkt., 6c; ½ pt., 15c; pt., 25c; qt., 45c, postpaid. By express or freight, not prepaid, pk., \$2.50.

GRADUS OR PROSPERITY

This is a grand extra early Pea. It is popular wherever grown and it is considered one of the very best large podded wrinkled peas, which will mature pods only a few days later than the small podded round seeded extra early varieties. The pods and peas are always large and remain tender and sweet for some time after they are large enough to use. Our illustration gives a good idea of this splendid early wrinkled Pea. Pkt., 6c; 3 pkts., 15c; ½ pt., 20c; pt., 30c; qt., 50c, postpaid. By express or freight, not prepaid, pk., \$2.50.

Bliss Everbearing Peas.

You should not fail to look carefully over our Premium Pages. There is something good for every customer who orders 50c worth of seeds or more.

Show this catalogue to your friends and neighbors. There may be something that will interest them.

Some one in your family can earn some cash for a little extra work. See pages 6 and 43 (Agents Wanted).

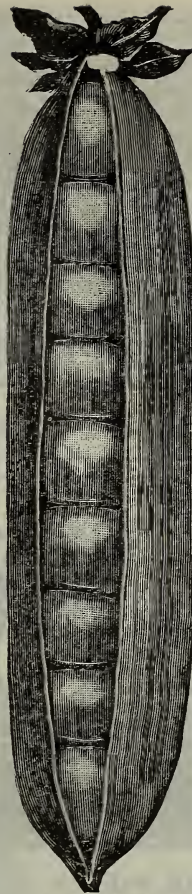

Telephone Peas

Telephone

This is a strong, luxuriant growing main crop variety, attaining a height of about 4½ feet. It is exceedingly prolific, producing a large number of pods to the stalk. The pods are always large size and filled with immense wrinkled marrow peas, six to eight being the average, while ten to twelve peas to a pod are frequently found. Quality is excellent and for family use it is hard to excel the Telephone Pea. Pkt., 6c; 3 pkts., 15c; ½ pt. 18c; pt., 30c; qt., 50c, postpaid. By express or freight, not prepaid, pk., \$2.50; ½ bu., \$4.75; bu., \$9.00.

The Enormous

This variety is rightly named Enormous, for it does grow enormous sized pods containing enormous sized peas. The stalks grow about 4 feet high and are very strong and healthy. They are enormous yielders, peas being larger than any other variety we know of. They are entirely free from mildew, and stand at the head of the list for large size and excellent quality. Try them this year. Pkt., 6c; 3 pkts., 15c; ½ pt., 20c; pt., 35c; qt., 60c; postpaid. By express or freight, not prepaid, pk., \$2.50.

Enormous Peas

PEPPERS

CHINESE GIANT PEPPER

This is the largest and handsomest Red Pepper in cultivation. Plants grow very strong and stocky, from 18 inches to 2 feet in height, and produce an abundance of very large fruits. The fruit is very handsome in appearance, flesh thick and very mild, free from any fiery flavor. Those who have grown it pronounce it the largest in cultivation. Pkt., 6c; 3 pkts., 15c; ½ oz., 25c.

RUBY KING PEPPER

This is the leading Red Pepper, always in demand. Fruit grows to a good size, a brilliant red in color, flavor sweet and mild. Pkt., 5c; 3 pkts., 12c; ½ oz., 14c; oz., 25c.

PROCCOPP'S GIANT

Grows to a very large size producing large fruit from 8 to 10 inches in length, just mild enough to be pleasing to the taste. It is a splendid variety to grow. The illustration shows the appearance of the plant when loaded with fruit. Pkt., 5c; 3 pkts., 12c; ½ oz., 15c.

Proccopp's Giant Pepper

MAMMOTH GOLDEN QUEEN PEPPER

This is the largest Yellow Pepper, very productive, perfect in shape, uniform in size, mild flavor and of a golden waxy yellow color. Pkt., 5c; 3 pkts., 10c; ½ oz., 15c; oz., 25c.

MEXICAN BOUQUET PEPPER

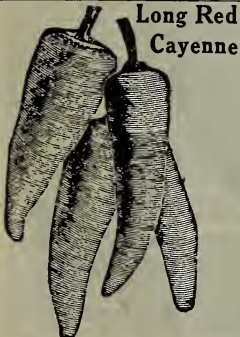

This is a very interesting new Pepper, grows from 1½ to 2 feet high and is very prolific, always producing a large number of clusters of peppers in the form of a bouquet, as shown by the engraving, there being from 12 to 36 cone-shaped fruits to each bouquet. It makes a beautiful plant and can be grown in pots and under the same treatment as that of the geranium. Pkt., 6c; 3 pkts., 15c.

LONG RED CAYENNE

This is the true Cayenne, fruit conical shaped, red in color, very hot in flavor. Pkt., 5c; 3 pkts., 12c; ½ oz., 15c; oz., 25c.

PEPPER MIXTURE

Contains all the different varieties of Peppers and will produce a great display of the different shapes, colors and sizes to be found among peppers. Pkt., 5c; 3 pkts., 10c; ½ oz., 15c.

Mexican Bouquet Pepper

SMITH'S PUMPKIN MIXTURE

Smith's Pumpkin Mixture

We have made up a great mixture of Pumpkins which include nearly all the varieties in cultivation, and will produce an abundance of early, medium and late sorts with the odd shaped and mammoth varieties which will produce many curiosities. If you

plant this mixture you will get pumpkins of every imaginable shape and color, and we would like to have our customers try it. Pkt., 4c; 3 pkts., 10c; oz., 9c; 2 ozs., 16c; ¼ lb., 25c; ½ lb., 40c; 1 lb., 75c; 2 lbs., \$1.40, postpaid.

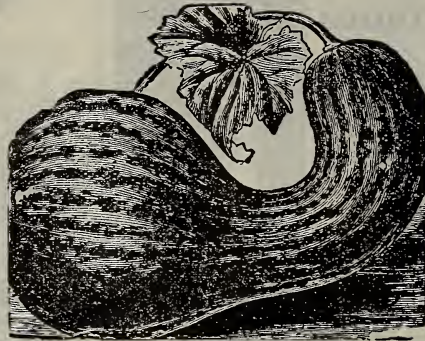

PUMPKINS

SUGAR PUMPKIN Also called Sweet Pumpkin. There is a great demand for seed of this well-known variety. It has a deep yellow skin and fine grained flesh, excellent keeper. It cannot be excelled as a table variety. Pkt., 4c; 3 pkts., 9c; 6 pkts., 15c; oz., 10c; ¼ lb., 20c; ½ lb., 35c; 1 lb., 65c, postpaid.

COMMON FIELD This is the ordinary Pumpkin used to plant in corn fields for feeding stock. It is very productive. Pkt., 5c; oz., 9c; 2 ozs., 15c; ¼ lb., 20c; ½ lb., 35c; 1 lb., 60c, postpaid.

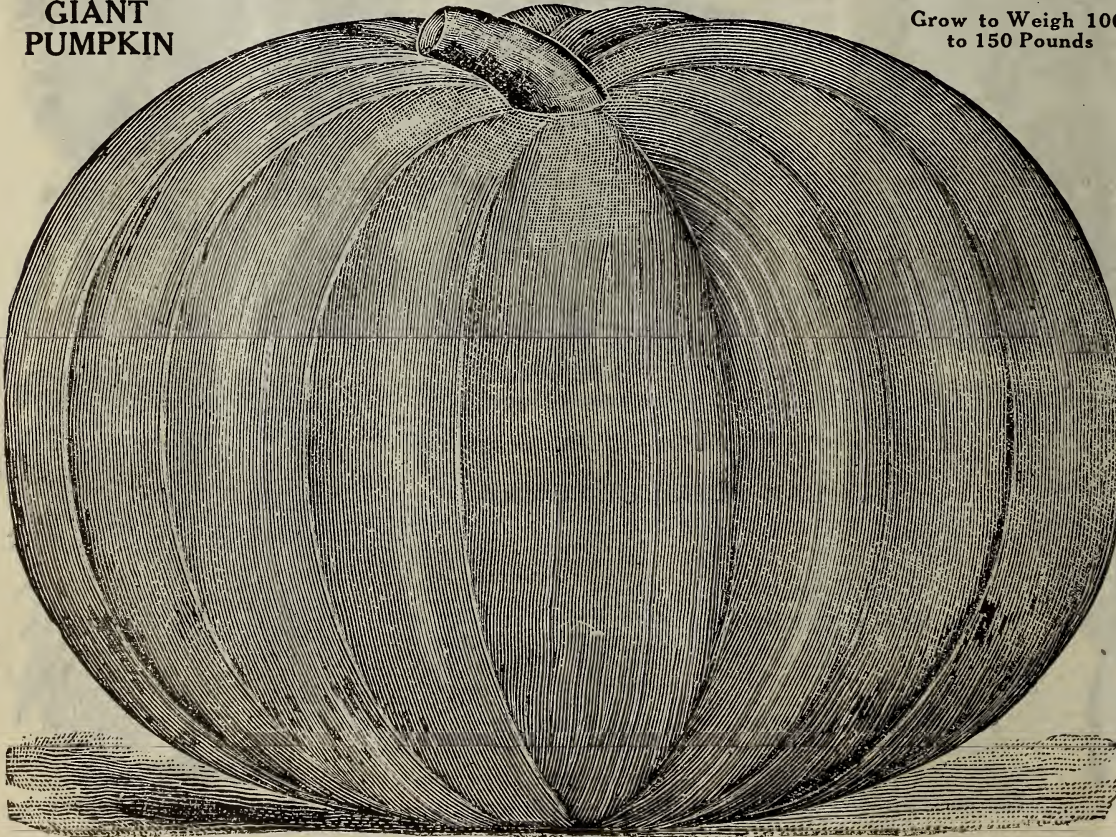

JAPANESE PIE This is a Japanese variety, valuable for cooking; flesh is very thick and a rich salmon color. Fine grained, dry and sweet. It is of medium size, seed cavity small, very productive and a good keeper. Pkt., 4c; 3 pkts., 10c; oz., 12c; 2 ozs., 16c; ¼ lb., 28c.

WINTER LUXURY Golden russet in color and one of the best for pies. A great keeper, fine grain, rich and sweet. Pkt., 5c; 3 pkts., 9c; oz., 10c; 2 ozs., 15c; ¼ lb., 25c; ½ lb., 45c; 1 lb., 85c, postpaid.

GIANT PUMPKIN

Grow to Weigh 100
to 150 Pounds

GIANT PUMPKIN

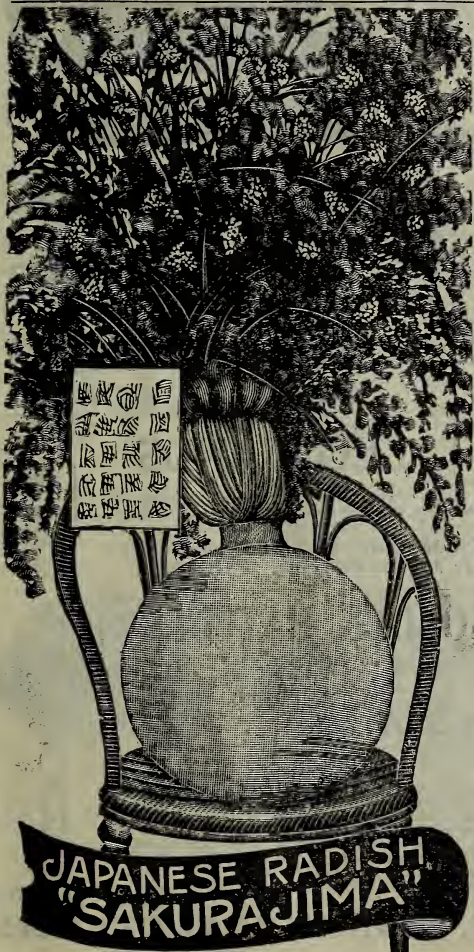

This is a prize winning variety and grows to an enormous size. It should be grown to be appreciated. But few have an idea of the giant size these pumpkins attain. The flesh is bright yellow, fine grain, and of good quality. Notwithstanding the large size of the Pumpkin it is excellent for pies. We have raised specimens weighing over 100 lbs., and it is nothing uncommon for our customers who have grown this variety to show specimens weighing 100 lbs. and upwards. We do not think there is anything offered that will create a greater interest than a few hills of this Giant Pumpkin. It is an excellent pumpkin to plant for show purposes, on account of its attaining such an enormous weight. A very shy seeder, a large specimen producing only a few seeds, and it makes the seed high in price. Pkt., 6c; 3 pkts., 15c; oz., 10c; ¼ lb., 25c; ½ lb., 45c, postpaid.

RADISHES

EARLY SCARLET GLOBE

EARLY SCARLET GLOBE—Is a splendid forcing Radish and is considered one of the earliest Scarlet Globe Radishes in cultivation. It is a beautiful oval in shape, rich scarlet color; flesh is very tender, crisp and mild, and while it is a leading variety for forcing it is equally as good for outdoor culture. Pkt., 5c; 2 pkts., 8c; oz., 10c; ¼ lb., 25c; ½ lb., 35c; lb., 65c, postpaid.

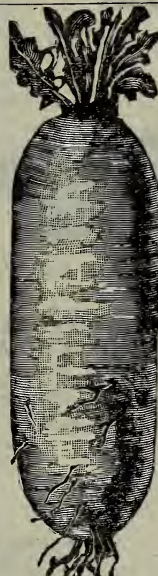

EARLY SCARLET TURNIP WHITE TIPPED

This Radish is sure to please all who grow it. It presents a beautiful appearance in the market and is very popular. It is valuable for forcing under glass. The skin is very smooth, flavor excellent, tender, crisp and mild. Pkt., 5c; 2 pkts., 8c; oz., 10c; 2 ozs., 16c; ¼ lb., 20c; ½ lb., 30c; lb., 50c, postpaid.

Early White Snow Radish

Early, and can be grown under glass or in the open garden. Has short top, grows very rapidly; mild, and of sweet flavor. Roots smooth, crisp and brittle. Pkt., 4c; 3 pkts., 10c; oz., 8c; ¼ lb., 25c; ½ lb., 45c, postpaid.

California Mammoth White Winter Radish.

LONG BLACK SPANISH WINTER RADISH

These are so intensely purple that they appear almost a black.

Sow them in July and August and use them in the fall and winter. Very delicious. They can be stored in the cellar and will keep as well as turnips. Pkt., 5c; 3 pkts., 12c; oz., 9c; 2 ozs., 16c; ¼ lb., 25c; ½ lb., 40c; lb., 75c, Postpaid.

Long Black Spanish Winter Radish.

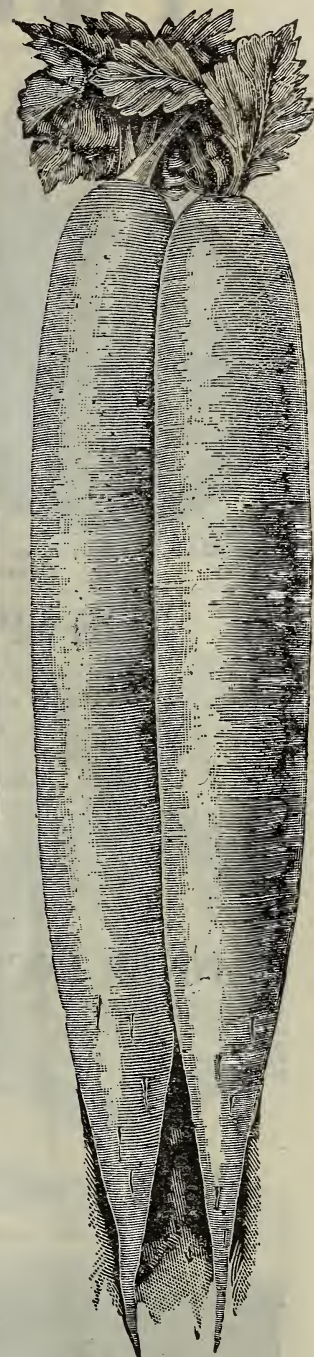

Grows to a larger size than any other White Winter Radish. We have grown specimens measuring 7 inches in diameter and about 18 inches in length, weighing 8 pounds. It is the only American Radish growing to this immense size, and still retaining a mild, pleasant flavor. It is solid all through. We have known of our customers taking such specimens from the ground late in the fall and storing in the cellar as you would turnips, and having a supply of Radishes until late in the winter. It is an excellent table variety, giving entire satisfaction on account of having a mild and pleasant flavor at all stages of its growth. Whether 2 or 8 inches in diameter its flavor and fineness of grain are the same. Pkt., 5c; 2 pkts., 8c; oz., 9c; ¼ lb., 25c; ½ lb., 45c; lb., 75c, postpaid.

JAPANESE RADISH

This Giant Radish grows to enormous dimensions. The illustration was made from a photograph of a specimen measuring 43 inches in circumference and 21 inches in length. The skin is pure white, flesh firm and solid, mild as an apple. Thrives in any soil or location. The taste is more delicate than our American Radishes. It is always crisp and tender, and at the same time is one of the greatest curiosities ever grown in the garden. On account of its mild and excellent flavor, can be sliced and eaten like an apple. If you intend to grow any new varieties of vegetables this year in your garden, do not fail to plant this Radish. We are sure this Radish will be a perfect wonder to all your neighbors. Pkt., 6c; 3 pkts., 15c; oz., 20c; ¼ lb., 65c.

29

Icicle Radish

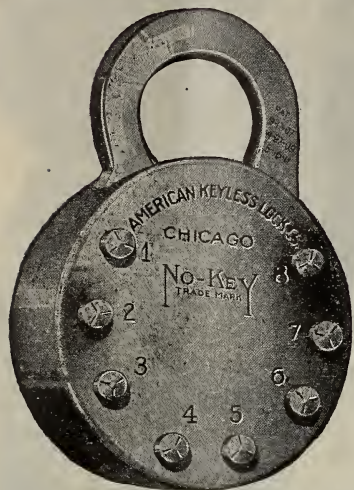

ICICLE—This is a long, extra early variety with color of snow-white. It is crisp and brittle and of an excellent mild flavor, many claiming that it has a better flavor than the scarlet varieties. It has the same mild flavor at all stages of its growth and is the most popular of any of the white sorts. It is a short-top variety, having few leaves, and the roots are very uniform in size. Pkt., 5c; 3 pkts., 12c; oz., 10c; 2 ozs., 18c; ¼ lb., 30c; ½ lb., 50c; lb., 85c, prepaid.

EARLY ROUND DARK RED

Deep dark red; very early; one of the best strains of early Scarlet Turnip Radishes. Pkt., 5c; 2 pkts., 8c; oz., 10c; 2 ozs., 15c; ¼ lb., 25c; ½ lb., 35c; lb., 60c, prepaid.

THESE ARE

AMERICAN KEYLESS PADLOCKS

You never saw a padlock like this. It requires no key—no knobs to turn—no clicks to count. It's a padlock you can't buy in the stores. To open, just put your fingers on several buttons—the right buttons, mind you—and pinch, just a little bit. That's all—it flies open at once. You can't pick it, for there's nothing to pick. There are eight buttons and each button presses two ways—up and down—it will wear forever. You can operate it easily in the dark. Padlocks leaving factory are set on different combinations and each purchaser is assured of a combination known only to himself. The lock weighs over 5 ounces.

Free with Garden Seed Order for \$10.00 or \$1.00, postpaid by Parcel Post

POCKET KNIFE TOOL KIT

Size $4\frac{1}{2} \times 3\frac{1}{4}$ inches. Weight, 7 ounces.
A Handy Practical Necessity.

Tools large enough for real work.

Price \$2.00, Complete, or Free with Any Farm, Garden or Flower Seed Order of \$15.00 if Requested

THE SPEEDY STITCHER

The latest invention of an Automatic Sewing Awl. It is a practical tool for all kinds of repair work, even in the hands of the unskilled. With this awl you can mend harness, shoes, pulley belts, saddles, suit cases, or any heavy material. This stitcher has a set of diamond pointed grooved needles, including a special needle for taping shoes. It contains a large bobbin from which the thread feeds, enclosed inside the handle. This Awl has a tension which enables you to tighten your stitch. No wrench or screw driver is required to remove the bobbin or tighten the needle. Awl is convenient to carry—is always ready to mend a rip or tear, and a tool no practical man can afford to be without.

Price 75c, postpaid, or mailed FREE with each order of Garden Seed for \$5.00 when requested.

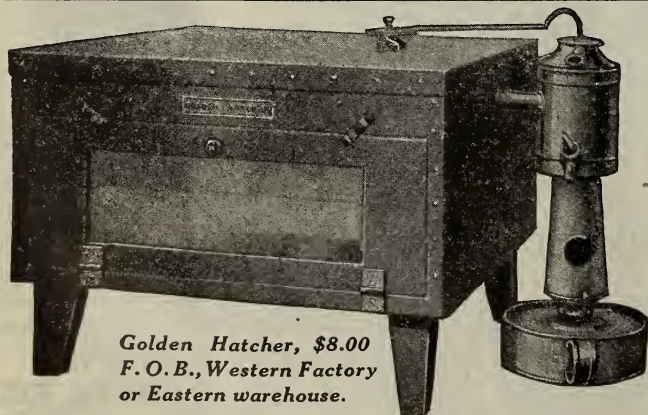

BANNER INCUBATORS AMERICA'S APPROVED HATCHING MACHINES

BANNER Incubators, except the special 75 egg size, are built in units. That is to say—egg trays are all same size and will fit one as well as the other. While the 150 egg machine has two trays, the 300 egg Incubator has four trays and two nursery trays, also two moisture or sand trays. Important features like these are very desirable as where a number of machines are being used there is no danger of getting the trays or pans "mixed."

Price complete, with guarantee and instructions:

Special.....	75 egg capacity, Price \$13.00
No. 100.....	100 egg capacity, Price 16.00
No. 1.....	150 egg capacity, Price 22.00
No. 2.....	300 egg capacity, Price 32.00
No. 3.....	450 egg capacity, Price 42.00

A BANNER will give satisfactory work for 20 years if cared for. This machine is guaranteed for five years and will hatch every hatchable egg. The buyer has a five years' assurance of success, together with a quarter of a century's work in artificial incubation and Incubator construction.

Golden Hatcher, \$8.00
F. O. B., Western Factory
or Eastern warehouse.

Latest and best adjustable leg bands out; has the neatest and smoothest fastening and is the best cut band made. Easily adjusted to any size.

Price 12 for 15 cents; 25 for 25 cents; 50 for 40 cents; 100 for 65 cents. Postpaid.

THE GOLDEN HATCHER

60 egg. Perfect Hot Water Machine is fully guaranteed in every respect against material and workmanship, to operate satisfactorily, hatching every hatchable egg and sold on the same guarantee as other Banners. This guaranteed hatcher has a large roomy nursery, large glass door, admits a clear view of both egg tray and nursery; absolutely fireproof, being covered all over with heavy enameled sheet steel. Heater and connected pipes are solid brass put together with electric welding, assuring a heater that will not leak. Inside circulating pipes are of the best grade of galvanized heavy sheet steel. Case is built of best grade of Red-wood; walls are insulated with heavy Cellular pulp board and asbestos, making the most dependable, first class hot water incubator built.

FOR YOU

"EVER READY" DUSTLESS CLOTHES LINE REEL

Sent free with
\$4.00 Order of
Garden or
Flower Seeds.

AGENTS make big money. SPECIAL to YOU, to any person selling 10 CLOTHES HOLDERS and sending us \$5.00 we will send them one FREE by mail prepaid. All Clothes Reels to be sent in one lot to Agent Prepaid.

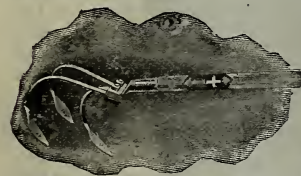

Adjustable Single Wheel CULTIVATOR

Light, strong malleable iron frame. White Ash handles, fitted with "D" Grips, same as used on our double wheel machines. Light steel wheel, 16 inches in height, 1-inch tire. Hoes are equipped with Patent Adjustable Joints and all parts thoroughly adjustable.

Price Complete \$5.00 by express, or given free with a Farm, Garden or Flower Seed order of \$35.00 or over.

Combine the same degree of efficiency, strength and easy running qualities as found in our Double Wheel Machine. Designed principally to work between the rows but, by changing the wheel on the other side of the arm, both sides of the row can be worked with one operation.

"Norcross" Midget Weeder

This Weeder is not to be confused with the usual cheaply constructed Malleable Weeders. It has Detachable Steel Prongs, 9 in. natural wood handle and is beautifully finished. It weighs 12 oz. and has capacity for cultivating 3 1/4 inches deep. It is designed for the thorough cultivation of low-growing plants, flowers, shrubbery, etc., where close work is required and positively out-classes anything of its kind on the market. Sent post-paid for 35 cents or given Free with any seed order of \$3.25 or over. Ask for one when you send your seed order.

The Indoor or Outdoor Clothes Line

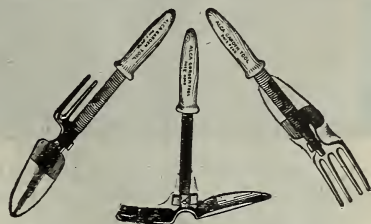

EVER READY whenever you want it. INVISIBLE when you don't want it. Will hold 200 pounds of weight. A neat and compact little cabinet into which 36 feet of strong line is wound. Protects the line from dust and dirt. Keeps it free from knots and tangles and out of the way when not in use. Always in place—always ready for instant use. Only a few seconds necessary to withdraw the line or wind it up. Needed in every kitchen, bathroom, laundry, backporch and in every bedroom and nursery. Locks at any point when the necessary amount of line has been drawn out. Neatly finished, simple and strong. Comes complete with all necessary screws and hooks.

Ever Ready Clothes Holder by Parcel Post, 50 Cents

A \$5.00 order only.

Cherry Seeder

This perfect Cherry Seeder does not crush the cherry or cause any loss of juice; a practical machine for large, small or California Cherries. The seed extracting knife drives the seed into one dish and actually throws the cherry into another. The marks of the knife can scarcely be seen on the seeded fruit. It seeds from 20 to 30 quarts per hour.

Will seed canned cherries.

A perfect seeder that every woman should have in their home.

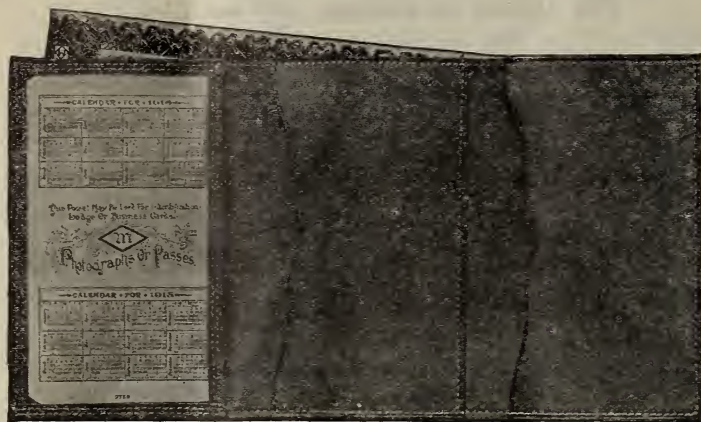

Sent prepaid with a \$6.00 farm, garden or flower seed order, or sent upon receipt of \$1.00, post-paid.

HOW AND WHAT TO PLANT

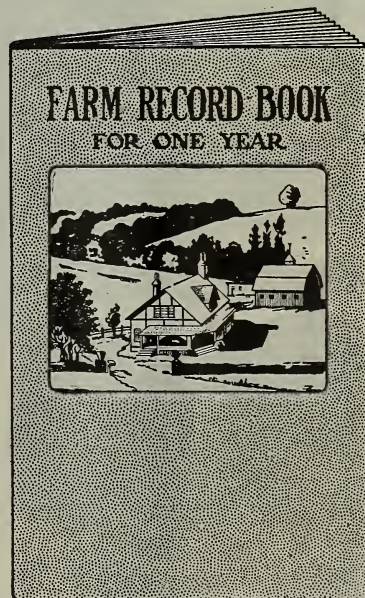

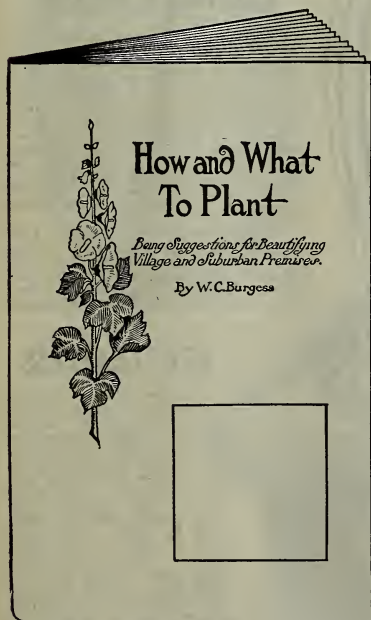

This handy and very instructive landscape book contains SEVEN chapters, over 20 illustrations on Shrubs, Trees and Plants, suggestions for setting fruit trees and planting all kinds of nursery stock. Takes the place of an expensive landscape gardener, something you should not be without if you wish to beautify your lawn and garden. The manager of a large nursery and landscape company said of this book: "The sanest and best book of its kind" he had ever read. Given free with any order of 50c by mail. The book for 10c postpaid.

FARM RECORD BOOK

One of the most complete farm account books for the average farmer or truck gardener ever offered. Simple, easy to keep, and a place for everything. Used by some of the best and largest farmers, endorsed by leading authorities. You can keep your farm record, dairy or poultry accounts or any part you wish, and after using this book one year you will want us to send you another. Should not the farmer keep a record of his business as well as the merchant or business man? Given FREE with only a 50c order or sent to any person for 10c postpaid.

We are also giving one each, free with any 50c seed order, a complete and tried "COOK BOOK," with over 260 recipes and a handy HOUSEHOLD EXPENSE BOOK with 32 pages which every housekeeper should keep.

Any one of these four books for a 50c seed order or all four books for a \$1.75 order for seeds or all four books by mail postpaid for only 35c. You need them ALL.

EVERY BOY AND GIRL SHOULD WORK FOR SOME PREMIUM

SMITH'S GREAT RADISH MIXTURE

Nothing will please our customers better than this great Radish Mixture. It is made up of all kinds of radishes, shapes, sizes and colors, and a supply of seed will be just the thing for any garden, which will give you radishes very early and continue throughout the season from only one sowing.

Our engraving shows only a few of the many varieties this mixture contains. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 30c; ½ lb., 50c, postpaid.

CRIMSON GIANT RADISH

Crimson Giant.

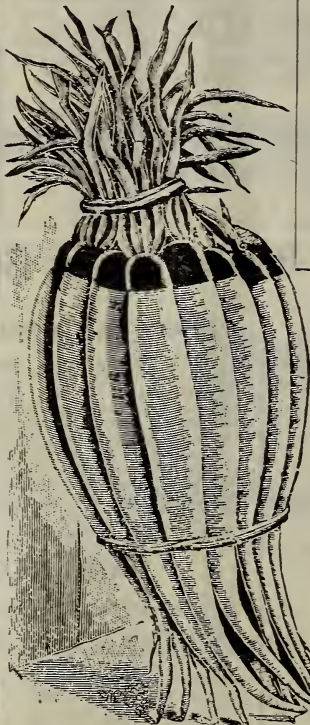

This is a new turnip-shaped Radish, but double the size of other varieties of that kind, often measuring from five to six inches in circumference. It has an excellent flavor, mild and crisp, not a hollow or pithy center. The roots are a crimson color, flesh pure white.

Try it. Pkt., 5c; oz., 15c; ¼ lb., 30c; ½ lb., 50c; 1 lb., 90c, postpaid.

Long Scarlet Short Top

This is without doubt the best long red Radish. It is very early and the leading out-door quick-growing variety; brittle and tender, and the roots are a bright red. Pkt., 5c; 2 pkts., 8c; oz., 10c; 2 ozs., 15c; ¼ lb., 25c; ½ lb., 35c; 1 lb., 65c; 2 lbs., \$1.25, postpaid.

Salsify or Vegetable Oyster

SANDWICH ISLAND

This is one of the largest and smoothest and most profitable of cultivation. Roots are pure white in color, three times larger than the ordinary Salsify, of very superior quality and fine flavor. Flesh very fine grained, tender, and of pronounced and agreeable oyster-like flavor. Invaluable to market gardeners. The tops remain in good condition until late the following spring. The seed should not be sown as early as other varieties.

This variety was sent to this country by the American consul at Petrograd, Russia, where it is grown to the exclusion of all other sorts. Pkt., 5c; oz., 10c; ¼ lb., 30c; ½ lb., 55c; 1 lb., \$1.00, postpaid.

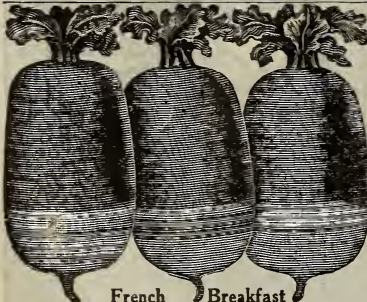

NEW LEAFLESS

This is quite a novelty and certainly is an excellent early Radish. It was named Leafless from the fact that its shyness in developing the foliage is more noticeable than any other variety. The color of this new Radish is a very bright scarlet. The flesh is white, crisp and tender, and of the best flavor. The illustration gives the shape of the Radishes. On account of producing but few leaves, the strength of growth is all thrown into the roots, surpassing other varieties in this respect. Pkt., 5c; 3 pkts., 12c; oz., 10c; 2 ozs., 16c; ¼ lb., 30c; ½ lb., 50c; 1 lb., 95c, postpaid.

STRIPED TRIUMPH

In size and shape the roots of this Radish are similar to the Scarlet Turnip White Tipped, but in color are a creamy white, beautifully marked with stripes and dashes of carmine. It is an early Radish with very small tops and

the point in its favor is its coloring that makes it unusually attractive, both for market purposes or home use. Pkt., 5c; oz., 9c; ¼ lb., 30c; ½ lb., 50c; 1 lb., 80c; 2 lbs., \$1.50, postpaid.

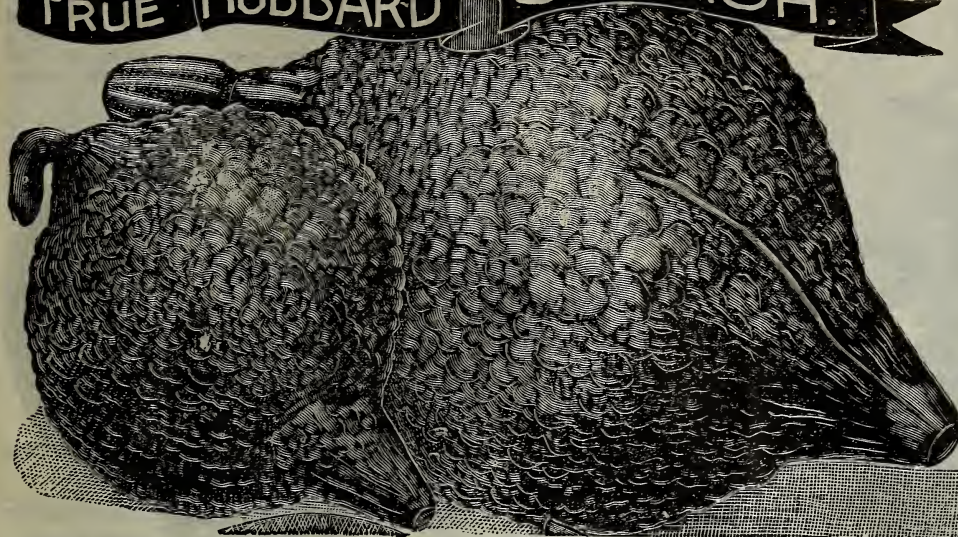

French Breakfast

A very reliable variety, is early, bright scarlet in color, tender, crisp and an excellent variety for forcing in frames for early market, and is one of the quickest growing sorts and it being a beautiful rose scarlet, with a white tip, recommends it everywhere. Will grow in all climates and is always very attractive. Pkt., 5c; 3 pkts., 12c; oz., 9c; 2 ozs., 16c; ¼ lb., 25c; ½ lb., 45c; 1 lb., 85c, postpaid.

TRUE HUBBARD SQUASH.

SQUASHES

TRUE HUBBARD

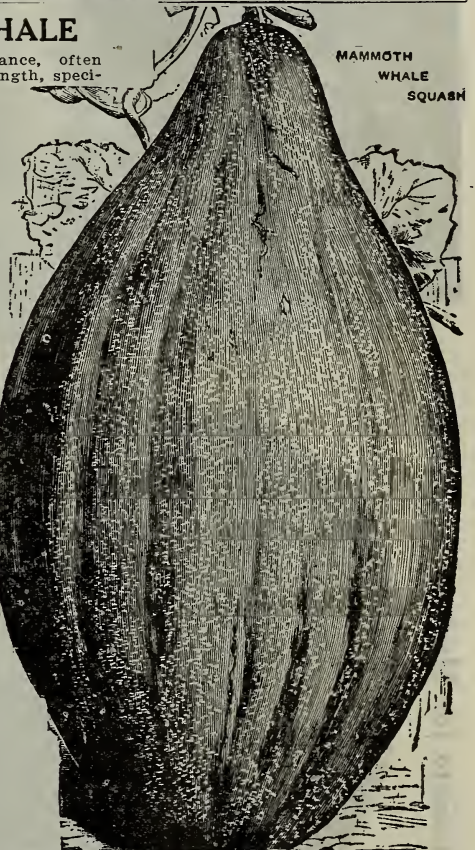

This is acknowledged the very best Squash in cultivation, and is planted by more people than all other varieties put together. The flesh is of a rich orange or yellow color, very fine grained, solid, dry and sweet. The rind or shell is very hard and tough, making it an excellent keeper. We offer a very choice strain of seed. Pkt., 5c; 3 pkts., 12c; oz., 10c; ¼ lb., 35c; ½ lb., 60c; lb., \$1.00, postpaid.

SQUASH MIXTURE

Many desire to raise all the different varieties. We have therefore included in this mixture all the early and late sorts, which will produce squashes of all the different shapes, colors and sizes imaginable, and is a profitable collection to grow by all those who have a limited space. Pkt., 5c; 4 pkts., 15c; oz., 8c; 2 ozs., 12c; ¼ lb., 20c; ½ lb., 35c; lb., 60c, postpaid.

MAMMOTH WHALE

A giant Squash from France, often growing over three feet in length, specimens having been grown to weigh over 100 pounds. The flesh is solid, of a rich orange color, of good quality, and a remarkable keeper. Pkt., 5c; oz., 15c; ¼ lb., 35c, postpaid.

MAMMOTH WHALE SQUASH

SUMMER CROOKNECK

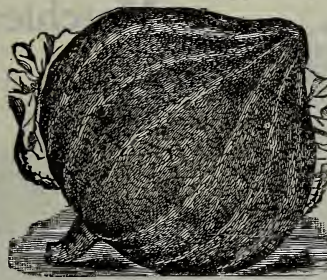

This is the best Summer Squash, being twice as large as the ordinary crookneck. The flesh is creamy yellow, dry and of the very best flavor. Skin orange color. Pkt., 4c; oz., 8c; ¼ lb., 25c; ½ lb., 45c; lb., 80c; 2 lbs., \$1.50, postpaid.

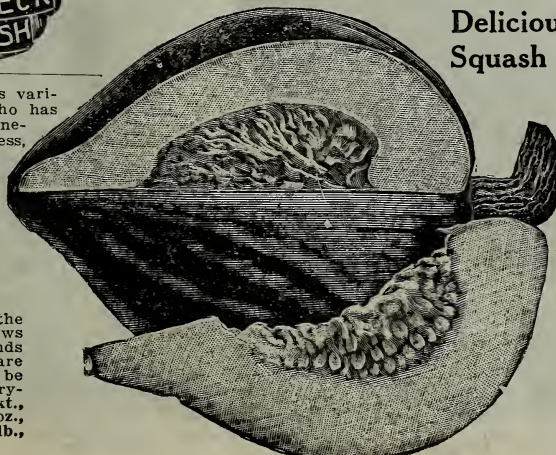

THE FAXON

A long keeping variety, excellent winter squash, oval in shape, outside color varies from dark green to orange, is a very prolific grower, quality dry and rich.

Flesh rich and sweet, very fine grained. Pkt., 4c; 3 pkts., 9c; oz., 10c; ¼ lb., 30c; ½ lb., 50c, postpaid.

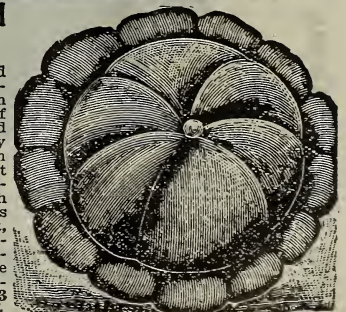

Delicious Squash

This is a first-class variety and everyone who has grown it says its fineness of grain, dryness, and exceedingly rich flavor make it very valuable. It has a very small seed cavity, is a good keeper, having been known to keep in good condition through the winter and up to the first of April. It grows from five to ten pounds in weight, and we are sure this Squash will be appreciated by everyone who grows it. Pkt., 5c; 3 pkts., 10c; oz., 14c; ¼ lb., 40c; ½ lb., 75c, postpaid.

Golden Custard Squash

This is a standard early summer variety and is much larger than any of the other scalloped sorts, frequently growing two feet in diameter. The habit of growth is upright regular bush form; fruit matures early, very flat, nicely scalloped, color a dark rich golden yellow, flesh pale yellow and fine flavored. Pkt., 5c; 3 pkts., 10c; oz., 8c; ¼ lb., 25c; ½ lb., 40c, postpaid.

Tomatoes

weather will permit, in order received

Remember, our Nursery and Rose stock are among the best grown or offered. We have selected the leading varieties known. Be sure and order a few of each. Shipments will be made as soon as the by us. Place your order early.

June Pink Tomato

JUNE PINK. This is a deep pink or purplish-colored Tomato somewhat resembling Earliana in growth and fruiting. The young plants develop a large cluster of blossoms when eight or ten inches high, or very soon after they are planted in the garden. The fruits are borne in clusters of three, four and five, measuring from three to five inches in diameter and the skin and flesh are both of a deep pink, tinted with purple, while the flesh is sweet and of a mild flavor. The plants are quite hardy and adapted to market gardeners who start their plants very early. Pkt., 5c; 3 pkts., 10c; 6 pkts., 18c; 1/2 oz., 20c; oz., 35c; 1/4 lb., 65c; 1/2 lb., \$1.25; lb., \$2.25, postpaid.

Smith's Early July Tomato

This is acknowledged to be one of the very best extra early Tomatoes in cultivation. Its great value lies not only in time of ripening its fruit, but that such a quantity of fruit can be gathered from a single plant, while many other varieties ripen only a few fruits. They are always perfectly smooth, good size, and very handsome, the color being a bright red. They grow in large clusters, which begin to ripen from July and continue until killed by the frost. On account of its ripening so early in July this variety was called Early July. Pkt., 5c; 3 pkts., 12c; 1/2 oz., 20c; oz., 30c; 1/4 lb., \$1.00, postpaid.

PEACH

One of the prettiest Tomatoes in cultivation. The fruit is of uniform size and resembles a peach in shape, size and color, which is a deep rose, beautifully blended, and covered with a delicate bloom or furze like a peach. It is excellent for eating from the hand, the flesh being of a rich flavor, while the skin is very thin and can be peeled off like that of a peach. Pkt., 5c; 3 pkts., 12c; 1/2 oz., 20c, postpaid.

Matchless

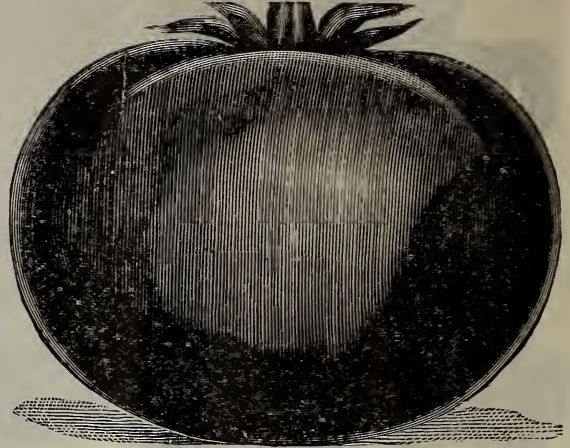

Great Tomato for Market Gardeners

MATCHLESS TOMATO

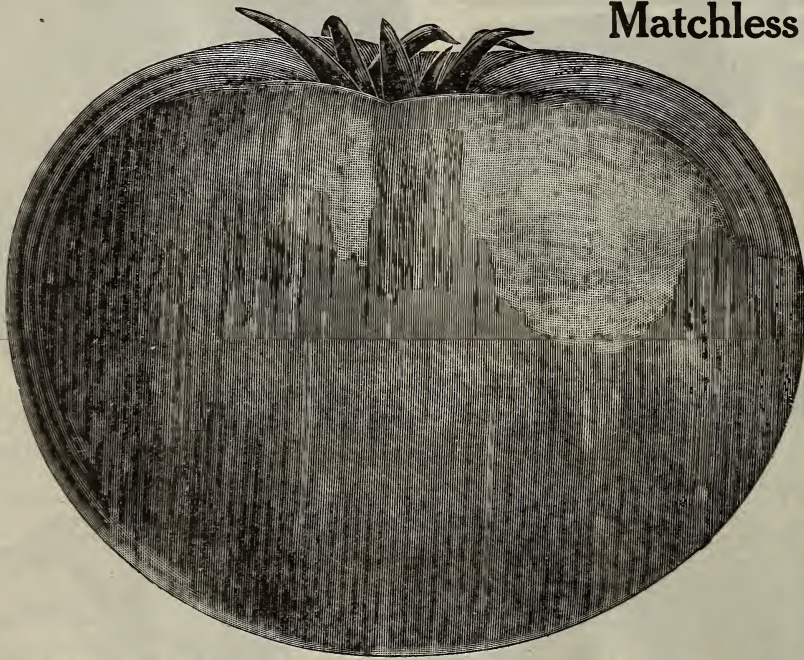

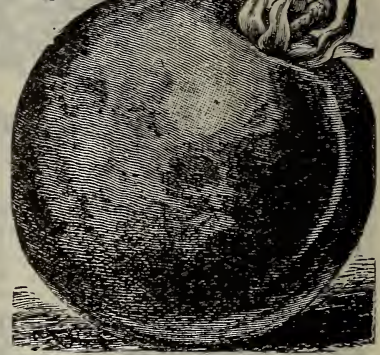

Skin very tough and will keep for a long time. A strong grower, productive, large size, no better Large Red Tomato grown of its class. Excellent for market gardeners. Pkt., 5c; 1/2 oz., 14c; oz., 25c; 2 ozs., 40c; 1/4 lb., 70c; 1/2 lb., \$1.30; lb., \$2.50, postpaid.

CRIMSON CUSHION TOMATO

This variety has been very largely advertised, claimed to be the earliest large Tomato, smooth as an apple, ripens thoroughly all over. In color it is a handsome scarlet crimson and ripens up almost completely to the stem. It is highly recommended by all who have grown it on account of its being so very prolific and early for so large a Tomato. Give it a trial. Pkt., 6c; 3 pkts., 15c.

PEACH TOMATO

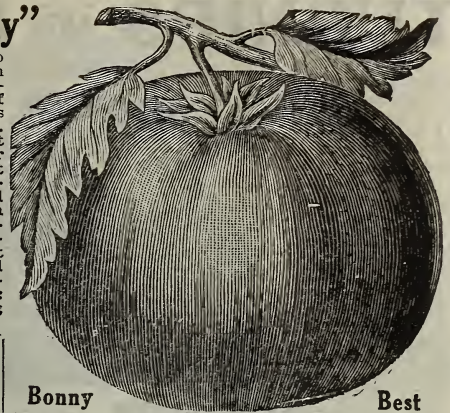

THE TOMATO GRAPE

This Tomato Grape can easily be trained to an arbor, veranda, trellis or fence like a grape vine. It grows rapidly and will produce ripe fruit in four months from seed; fruit is about the size of a Concord Grape, but of Tomato flavor, and is fine for cooking and canning and exceptionally good for preserving. Plants grow very rapidly and should be cared for same as Tomatoes. Seed per pkt., 6c; 3 pkts., 15c.

"Bonny Best Early"

"Bonny Best Early" Tomato for the past few years has been carefully re-selected, each season, for earliness, solidity of fruit, smoothness and evenness in the ripening up to the stem. The result is that it is at least ten days to two weeks earlier than Chalk's Early Jewel. It is a vigorous grower, enormously prolific and with splendid foliage for protecting fruit from hot sun. Color is intense scarlet. Shape is perfect and remarkably uniform in size. It has already become famous, and no one has better seed than ourselves. Prices, mail, postpaid: Pkt., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.75, prepaid.

Bonny

Best

Every Tomato
We Offer is a
Good One.

Smith's Giant Tomato

This mammoth variety possesses every good quality to be found in a tomato. The vines grow strong and vigorous, and when properly trained will easily carry their enormous weight of fruit, as shown by this engraving. Its massive fruits are almost perfect in form, free from ridges, and as to size, weight and solidity, we challenge anyone to equal it. Three-pound specimens are a common occurrence. The skin is very firm, and one peculiar thing about this variety is that it is almost seedless, which makes the seed cost much more to grow than any other variety. It is a splendid Tomato for training to a trellis or support of any kind, and the enormous weight of fruit will surprise everyone. There are many varieties of Tomatoes called Tree Tomatoes, but if you want the handsomest, large, perfect Tomatoes in cultivation today, try our Giant. Pkt., 5c; 3 pkts., 15c; ½ oz., 25c; oz., 45c.

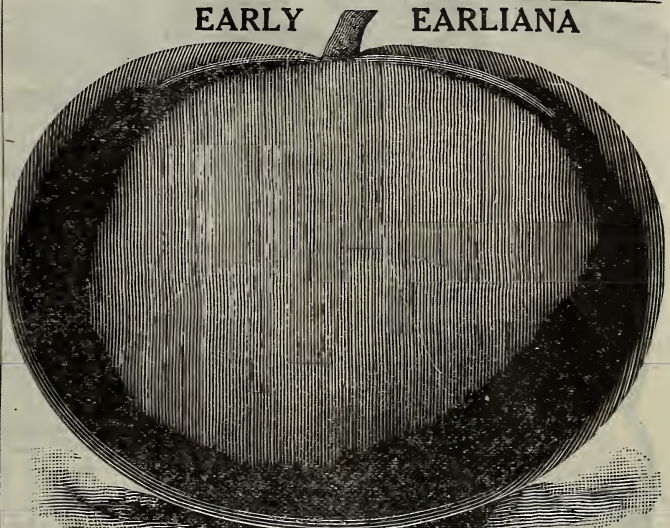

Improved Extra Early Tree

This is an early variety, grows erect, has a dark green foliage, and the plant is quite ornamental. Has been largely advertised as an Early Tree Tomato, and preferred by many. Pkt., 5c; 3 pkts., 15c; ½ oz., 25c; oz., 45c.

EARLY

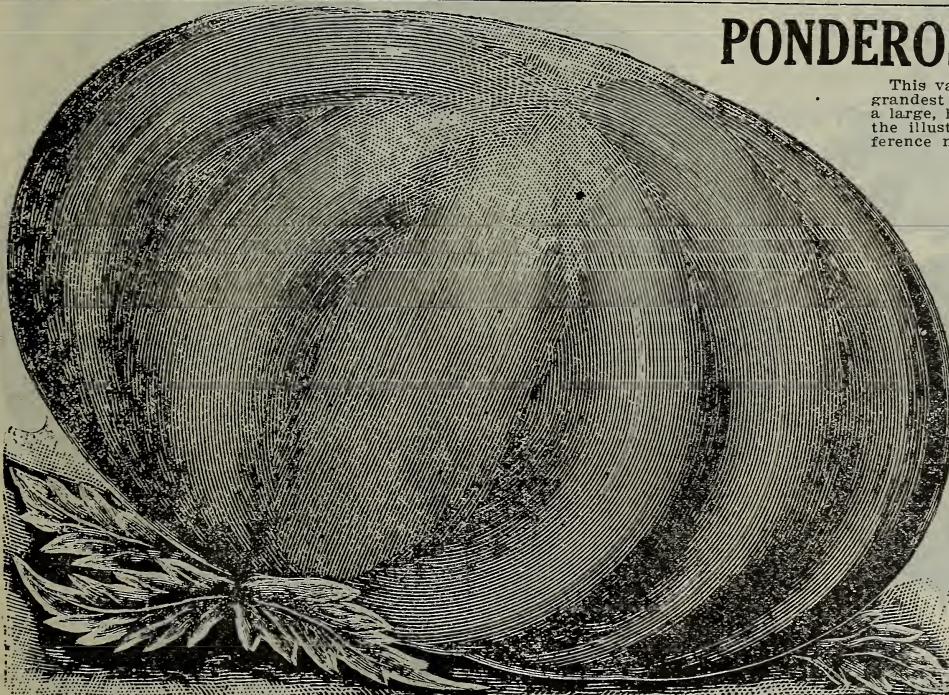

EARLIANA

This is an extra early, perfectly smooth Tomato, and is claimed to be one of the earliest varieties grown, well adapted for market gardeners. It is wonderfully productive and is handsome in appearance, the fruits being large and uniform in size and color. Quality is the best, being solid all the way through with only a few seeds. It always gives the best of satisfaction. Pkt., 5c; ½ oz., 15c; oz., 25c; 2 ozs., 45c, postpaid.

PONDEROSA TOMATO

This variety is claimed by some to be the grandest Tomato ever grown. It certainly is a large handsome variety, as can be seen by the illustration. It often attains a circumference measurement of 18 inches, and frequently weighs two pounds each. Perfect in form, quite free from wrinkles, very solid and meaty and almost seedless; ripens thoroughly and is a handsome crimson in color and free from rot. It is a very healthy grower, free from blight and a continuous bearer all season. We can highly recommend this large variety, which is well known everywhere. On account of its producing very little seed, it makes the seed high in price, nothing but the large and best fruits are selected for seed purposes. Pkt., 5c; 3 pkts., 12c; ½ oz., 25c; oz., 40c; 2 ozs., 75c; ¼ lb., \$1.25; ½ lb., \$2.25, postpaid.

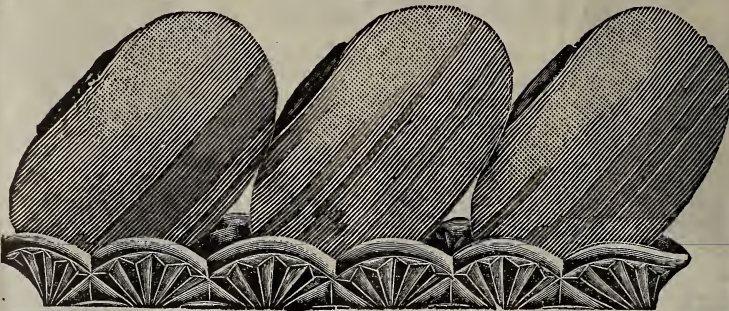

GREAT TOMATO COLLECTION

A packet of our Mixed Tomato seeds will prove a great curiosity. It contains all the varieties we offer and many others. All the early, medium and late kinds of the different colors, shapes and sizes will be produced. One of the most interesting collections ever offered. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c; oz., 25c.

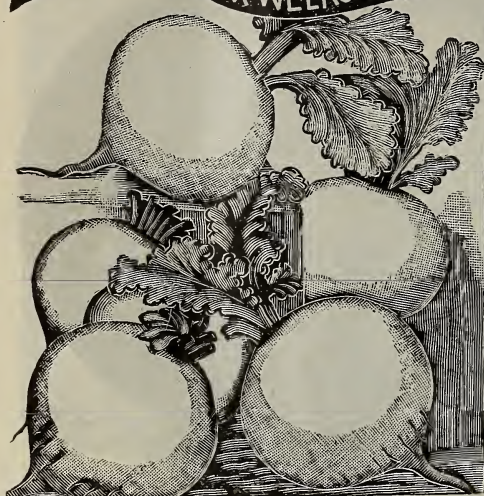

TURNIPS AND RUTABAGAS

EARLY WHITE FLAT DUTCH

EARLY WHITE FLAT DUTCH—This is another early variety which grows to a medium size very quickly. It has a clear white skin and is always choice for table use, and is one of the very best varieties for spring sowing. Our Early White Flat Dutch seed this season is the finest we have produced, being of strong vitality. Give it a trial. Pkt., 5c; 2 pkts., 8c; oz., 10c; ¼ lb., 20c; ½ lb., 35c; lb., 60c, postpaid.

EARLY SNOWBALL OR SIX WEEKS TURNIP

Early Snow Ball or Six Weeks

This is one of the best Extra Early Turnips in cultivation. The bulb is of medium size, smooth, white and of excellent flavor. We know of no better early garden turnip, for it is so very early and flesh so white. Per pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 75c; 2 lbs., \$1.40, postpaid.

Purple Top Strap Leaf

The bulb is very flat, of medium size, and quite smooth, with a bright purple top; very fine grained. Per pkt., 5c; 3 pkts., 12c; oz., 9c; ¼ lb., 22c; ½ lb., 35c; lb., 60c, postpaid.

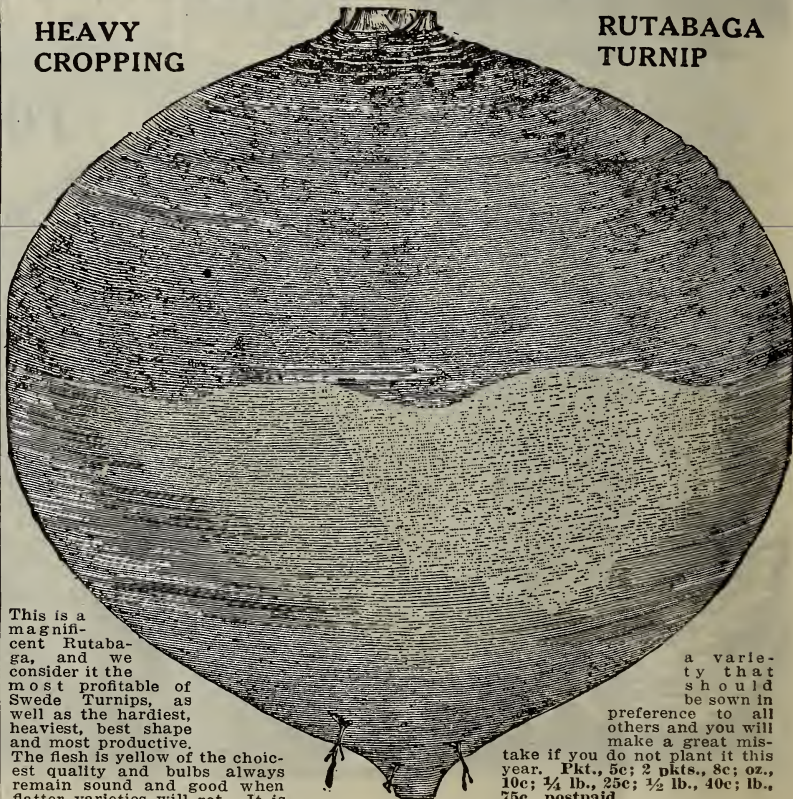

White Egg

White Egg

A variety that produces egg-shaped roots, with thin white skin, always solid, sweet and a good keeper. Excellent for early or late sowing. Very desirable for table use. One of our best. Pkt., 5c; 2 pkts., 8c; oz., 10c; ¼ lb., 20c; ½ lb., 30c, postpaid.

HEAVY CROPPING

RUTABAGA TURNIP

GIANT WHITE SWEET RUTABAGA

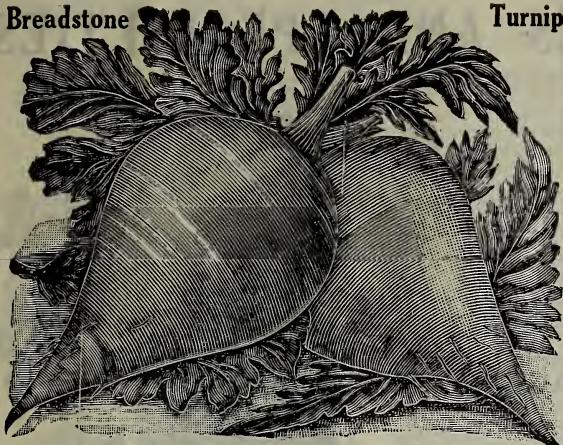

This is a very choice Rutabaga, growing to a good size; always solid, rich flavor, while the flesh is pure white.

Just the Rutabaga to grow in the garden to get a big yield from a small plot of ground. Pkt., 5c; 3 pkts., 10c; oz., 8c; ¼ lb., 20c; ½ lb., 35c; lb., 60c, postpaid.

This is a magnificent Rutabaga, and we consider it the most profitable of Swede Turnips, as well as the hardest, heaviest, best shape and most productive. The flesh is yellow of the choicest quality and bulbs always remain sound and good when flatter varieties will rot. It is

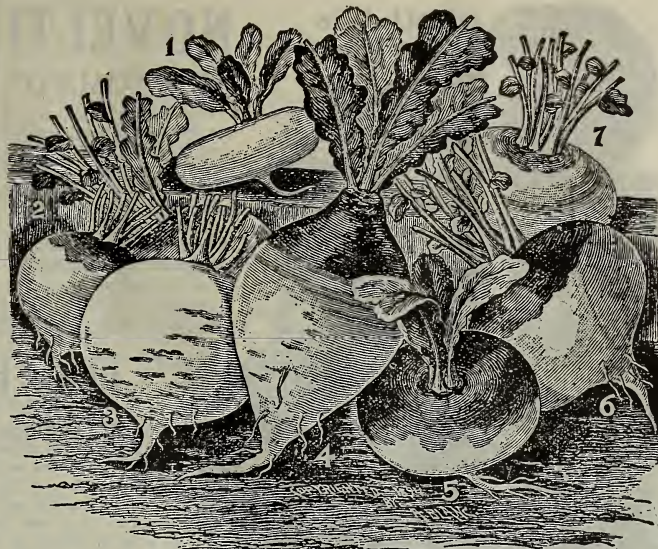

a variety that should be sown in preference to all others and you will make a great mistake if you do not plant it this year. Pkt., 5c; 2 pkts., 8c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 75c, postpaid.

Breadstone

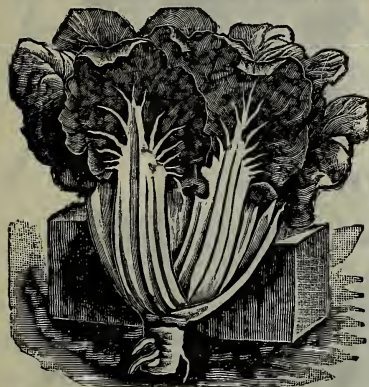

BREADSTONE Is medium size, very quick growing, and roots are smooth white, with colored tops; flesh perfectly white, fine grained, cooks quickly. One of the best in cultivation for winter and spring use. Pkt., 5c; 3 pkts., 12c; 6 pkts., 18c; oz., 10c; 2 ozs., 16c; ¼ lb., 25c; ½ lb., 45c; lb., 80c, postpaid.

Turnip

TURNIP MIXTURE This splendid mixture contains all the leading varieties in early Turnips, Rutabagas and Swedes; all early and late sorts, and by sowing this seed a continuous supply may be had throughout the season. Pkt., 4c; oz., 8c; ¼ lb., 20c; ½ lb., 35c; lb., 65c; 2 lbs., \$1.25, postpaid.

Swiss Chard or Spinach Beet

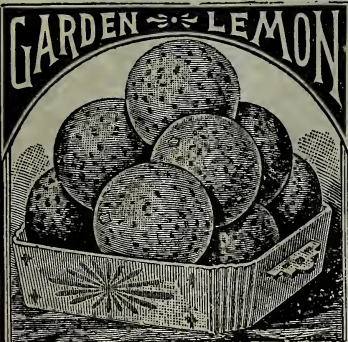

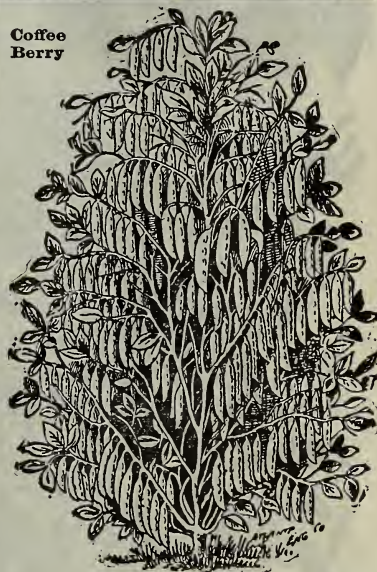

LARGE RIBBED WHITE—This variety does not make edible roots like the regular garden beets, but is grown for the broad white leaf-stalks, which are bunched and cooked in the same manner as asparagus, and makes a delicious summer vegetable. The young leaves may be gathered also and cooked like spinach, and by many are considered more delicious in flavor. Pkt., 5c; 3 pkts., 12c; oz., 15c; ¼ lb., 35c; ½ lb., 60c; lb., \$1.00, postpaid.

GREAT SEED OFFER FOR 1916. 15 Packets 35c

This Special Offer of regular size packets is made to get people who are not our regular customers to try our seeds. We make the selection, which consists of Beet, Cucumber, Celery, Cabbage, Carrot, Lettuce, Musk Melon, Watermelon, Onion, Pumpkin, Radish, Spinach, Squash, Tomato and Turnip Seeds. Everyone who reads this Special Offer should send for it, as it is not a cheap lot of seed, but from our regular stock.

MAILED POSTPAID TO ALL WHO SEND 35c.

Coffee Berry

GARDEN LEMON—This vegetable novelty certainly deserves a place in the garden. It somewhat resembles the Vegetable Orange in manner of growth, but is distinct, as the unripe fruit is striped with very dark green, and when ripe is not so yellow as the Vegetable Orange. The fruit is the shape shown in the illustration but a little larger than the Vegetable Orange. It has fine flesh and is of good flavor and is unexcelled for general canning purposes. It should be cultivated the same as muskmelons, and it is such an enormous yielder that it will prove a very profitable crop. Pkt., 5c; 3 pkts., 12c; oz., 16c; 2 ozs., 30c.

DOMESTIC COFFEE BERRY

This Berry or Bean is easily grown in any garden soil and very prolific. The plant grows very strong, producing pods containing the coffee berries. It makes an excellent drink, very nearly equal to good Java coffee. It can be planted in May and cared for the same as beans and will be found as good a substitute for coffee as any cereal used. Do not fail to plant a few in your garden this year, and see what they will produce. Pkt., 5c; 3 pkts., 12c; ½ lb., 25c; lb., 45c, postpaid.

Here is a wonderful mixture of rare, strange, curious Gourds one would never think of seeing. The colors, shapes and sizes will astonish you. Just the seed you will want to plant for a curiosity. Contains about all there is in the way of gourds. Pkt., 6c; 3 pkts., 15c; oz., 25c.

A Unique
Novelty

NOVELTIES AND SPECIALTIES

NEW TOMATO PEPPER

This Pepper very much resembles a red Tomato in shape and general appearance. Many people when first seeing it call it a Tomato. It makes an upright growth and is distinct from any other; enormously productive and so mild it can be eaten out of the hand like an apple. It bears from June until fall and will outyield any other Pepper. It will attract attention wherever grown. The illustration shows shape and appearance. Try it. **Pkt., 6c; 3 pkts., 15c; 6 pkts., 25c.**

READ PAGE 6

CHAMELEON EGG PLANT—An interesting plant less decorative by its flowers than by its fruits, which are rather large, but flattened, and have strong ribs, similar to a tomato of the old type. The fruits of this new Tri-Color Egg Plant pass from white to an intensive yellow; later into a brilliant scarlet, changing color like a chameleon, producing fruits in abundance. They keep well and there are always fruits of the three different colors on the plant, thus producing a strange effect. **Pkt., 6c; 3 pkts., 15c; 6 pkts., 25c.**

Chameleon
Egg Plant

Tomato
Pepper

MAMMOTH PEANUTS

Peanuts can be successfully grown in almost any place where corn succeeds. This variety contains earliness and large size, is also very prolific, as is shown by the engraving from photo. Every part is useful; the vines as valuable feed for horses, cattle and sheep; producing from one to two tons of vines per acre, while the nuts contain a large per cent of rich nourishment. They do best on a light sandy soil, but will produce a good crop on any open soil when it is plowed deep and carefully tilled. Plant them in rows $2\frac{1}{2}$ to 3 feet apart and from 9 to 12 inches in the row, under about 2 inches of dirt. If you grow a crop of peanuts you will also find that your soil has been benefited nearly as much as if sown to clover. We encourage everyone to try a crop of peanuts, even if only grown for home use. **Pkt., 6c; 3 pkts., 15c; $\frac{1}{2}$ lb., 25c; lb., 45c; 2 lbs., 85c, postpaid.**

CHINESE LANTERN PLANT

When treated like a tomato it grows fruits freely from seed the first season. Produces numerous large, unfolded husks, the shape of Chinese lanterns, at first a beautiful green color changing to yellow hue, then to bright scarlet. For pies, or dried in sugar for fruit cakes or puddings, it is most delicious. It is a Japanese production easily grown in any garden. **Pkt., 6c; 3 pkts., 12c, postpaid.**

BRAZILIAN OR STOOING FLOUR CORN

This corn yields four times more corn to the acre than any common corn, and a great deal more in shelled corn. It stools like wheat, each kernel producing from 4 to 8 stalks with from 3 to 4 ears on each stalk, about 5 to 6 inches in circumference and from 9 to 12 inches in length of pure white kernels. It is the best variety for ensilage. It contains a larger percentage of starch than any other corn, and when ground and bolted by the same process as wheat, gives a better bread and biscuit flour than can be made from wheat. It is also used largely as roasting ears. Only two kernels should be planted to the hill, and afterward thinned to one and cultivate the same as other corn. Stock very limited. **Pkt., 6c; 3 pkts., 15c, postpaid.**

EGYPTIAN WHEAT CORN

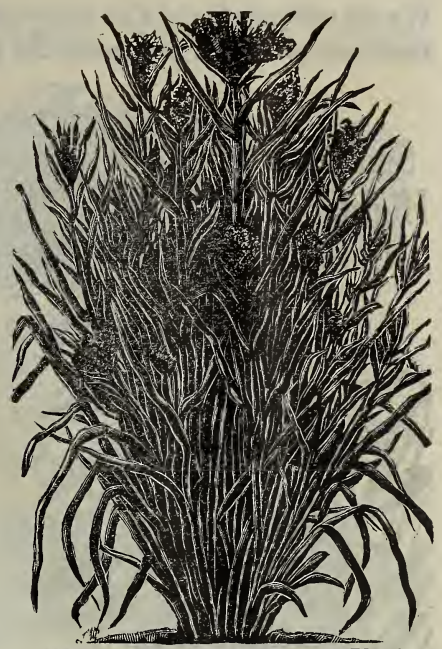

TEOSINTE

A forage plant that was brought to this country some years ago and has been grown very successfully. It resembles corn somewhat, but has a much broader leaf and sweeter sap. It is a very rapid growing plant after it has attained a height of 5 or 6 inches and grows to a height of 11 feet. It suckers more than any other foliage plant, often producing 25 to 30 stalks, and as many as 75 stalks have been grown from one kernel of seed. It can be cut when two or three feet high, after which it will rapidly grow up and as many as four crops have been cut during a season. The amount of forage per acre from this plant is something immense; in many cases from 150 to 200 tons. It should be planted in hills two feet apart each way and three pounds is sufficient for one acre. Pkt., 5c; oz., 10c; ¼ lb., 35c; ½ lb., 65c; lb., \$1.20; 3 lbs., enough for one acre, \$3.25 postpaid.

EGYPTIAN WHEAT CORN

This is a Corn cultivated very extensively in India and recently brought to this country and found to yield very valuable crops. As a grain it is much more valuable than Kafir Corn as it yields a larger amount of seed. It is of stooling habit, producing from three to six stalks from a single grain. The heads grow similar to Broom Corn, forming large heads of round, plump white seed. It is an excellent feed for horses and cattle, and for chickens it is simply unexcelled. When ground it makes excellent flour for pancakes; besides it can be popped as popcorn, as it has a good flavor and is tender and crisp. It is more of a grain corn than forage, forming double the seed of Kafir Corn and more than any Cane or Sorghum plant. Pkt., 5c; 3 pkts., 12c; lb., 35c; 3 lbs., \$1.00, postpaid.

THE WONDERBERRY

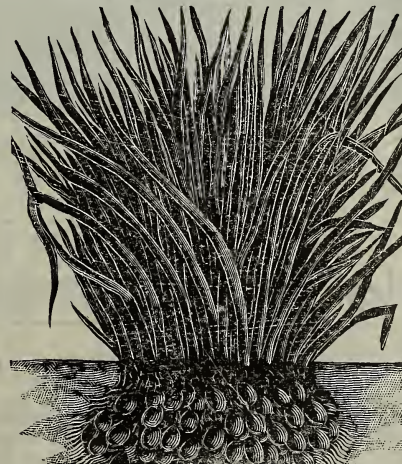

The Wonderberry is claimed to be a creation of Luther Burbank and adapted to pot as well as open ground culture. It has been largely advertised throughout the country, and we have the genuine seed to offer to anyone who may want it. It will produce fruit in three to four months after sowing the seed, and is quite an interesting plant. Its fruit in shape and size resembles huckleberries, but are not so large. A single bush will produce a large quantity of fruit. Pkt., 6c; 3 pkts., 15c.

GARDEN HUCKLEBERRIES

We can recommend it for pies, preserves, jams, etc., when fully matured, but not good for any use in a raw or unripe state. It is easily grown from seed and bears an abundance of fruit that ripens during the fall. Plant seed in a box or pan in the house and put out of doors when danger of frost is over. After the fruit, which is jet black in color, has matured, it is claimed that a frost will improve its quality, and that it will cook up much finer and with much better flavor. Pkt., 5c; 3 pkts., 12c; 7 pkts., 25c.

GROUND ALMONDS

The flavor resembles the Almond. The meat is snow white covered with a thin shell or skin of brown color which is easily removed. It is very easy to grow and a single nut will yield from 200 to 300 nuts in a hill. The illustration gives a good idea of a hill growing which shows that the nuts are produced close to the surface and the foliage is of a handsome green color resembling wide blades of grass. It is a very prolific grower and will do well in any kind of soil.

The nuts should be planted in the spring about the same time as corn and potatoes, and by fall they will be matured and ready to harvest. They are then dug from the ground, spread out to dry and afterwards put away for use at any time.

We consider these Ground Almonds one of the very best things we offer in our Catalogue, and know that they will be appreciated by our customers. They grow so rapidly and make such an immense and interesting crop that you will be surprised, as well as your neighbors, when you tell them what you are growing. Pkt., 6c; 3 pkts., 15c; ¼ lb., 20c; ½ lb., 35c; lb., 60c, prepaid.

We do not pay freight or express on Oats, Corn, Beans, Peas and Potatoes and charges must be guaranteed when order is given

Smith's Highland Oats

One
of
the
Big
Yielding
Oats

A
Very
Heavy
Oat

Seed Barley

ODERBRUCKER—First introduced into the United States a few years ago from the Agricultural Experiment Station at Guelph, Ontario, Canada. Bred and disseminated at the Wisconsin Agricultural College by Prof. R. A. Moore, who claims it is the greatest barley in this country for feeding or malting purposes. It has held the record for many years for the heaviest yielding varieties. It is bearded, and in manner of growth similar to the Mandscheurl, but the straw is somewhat stronger and stiffer, and will stand up on the richest ground. Will not rust and is free from smut. Per lb., 25c, postpaid. By freight or express, not prepaid, pk., 50c; bu., \$1.85; 2 bu. or more, at \$1.75; 10 bu. or more, at \$1.50 per bu.

Northern Wonder Oats

This is a variety that is particularly suited to many sections of the country. We have been experimenting for some years endeavoring to find a variety of Oats possessing the features necessary for best results in all sections. It is an extremely heavy cropper and straw very strong. It is a "tree" Oat and is less liable to lodge than any variety we have observed, and with the extra heavy yields obtained from this variety it would well repay a farmer to sow it even if he were obliged to pay considerable more for the seed than for ordinary varieties.

Perhaps the best description of this variety would be to say that it is an improved strain of the Big Four, but is a much heavier yielder. We are the introducers of this variety and shall handle the entire production, which is grown exclusively for us. Lb., 35c, postpaid. By express or freight, not prepaid, peck, 50c; ½ bu., 95c; bu., \$1.75. Bags free.

Highland Oats

The reports on these Oats that we have sold for the last few years have more than paid us for the time and money spent in introducing them to the farmers of the United States. The Highland Oat is one of great merit which far surpasses anything we know of in the Oat line. The straw is very long and stiff, growing four to six feet high, often running a head of more than a foot in length, and known as the Horse Mane Oats with a peculiar stalk that makes it strong and excellent for fodder. The grain is short and of a bright yellow color when ripe, with very thin hulls, and running from 70 to 80 bushels per acre. We are the only seed house that has this stock. We have raised oats for more than 25 years and fail to find anything that will equal them under all conditions. Many letters have been received of the wonderful yields and the satisfaction given this past year.

Prices as follows: 2 pkts., 10c; lb., 30c, postpaid. By express or freight, peck, 40c; ½ bu., 75c; bu., \$1.40; 2 bu., \$2.75; 5 bu., \$6.50; 10 bu., \$12.50 (32 lbs. to bu.). Special prices on large orders. Sacks free.

Ireland Black Oats

112 BUSHELS PER ACRE FIRST SUMMER

These wonderful Black Bush Oats were grown on a farm near the town of Killylea, Amagh County, Ireland, with the enormous yield of several acres in the field.

We have had several requests for Black Oats during the past few years, that we started a search for something good to offer our customers, and believe we have found them at last. These Oats are very strong, stocky growers, with a good stiff straw and heavy heads, and from several tests we believe they will do exceptionally well on most any soil and in any state where oats can be grown successfully.

We are sure that no better Black Oat has ever been offered the American Farmer.

Owing to the high cost of this Black Oat and cost of getting it to this country, we only secured enough for a few acres to get a start, and we offer them in small lots only, and no more than 10 bushels to one customer.

We want every farmer to try a few this season. Special price of pkts., 10c; lb., 35c, postpaid by mail. By express or freight, pk., 50c; ½ bu., 90c; bu., \$1.75, not prepaid.

New Tree Oats

These Oats are what the average farmer is looking for; they grow on all sides of the stalk and are very bushy, which makes them very large yielders. Straw grows often 5 feet high and is very stiff and extra good to sow with Peas and Vetches. They will not lodge or get down like many other varieties and therefore are especially good on that account. They will yield nearly as well as our Highland Oats and weigh from 35 to 40 pounds per measured bushel.

We would like all farmers to change their seed and try these oats, and we are sure you will give us a good report next fall. Our crop is very large, therefore we are offering them at a very low price. They are very clean and free from rust and are of a rich color. Pkts. of 2 ozs., 10c; lb., 30c, postpaid. By express or freight, not prepaid, pk., 35c; ½ bu., 65c; bu., \$1.20; 10 bu., \$11.50. Special prices on larger orders. Bags free.

Carefully Selected and Graded Seed Corn

SMITH'S EARLY EIGHT-ROWED YELLOW FLINT CORN

This is a splendid Extra Early Yellow Flint Corn and has proven to be all that is claimed for it. The ears are large size, being the longest of any variety of Flint Corn we have ever grown. Our seed stock of this sort has been kept very pure and improved every year, so that we claim to have the handsomest Yellow Flint Corn ever offered. Stalks grow to a good height, and often bear 2 to 4 large ears under good cultivation. Some of our customers claim to have grown as high as 240 bushels from one peck of seed, which fully matured in 85 days from planting. Everyone who wants a splendid Yellow Flint Corn, selected from the finest stock, should order of us. Pkt., 10c; lb., 25c; 2 lbs., 45c, postpaid. By express or freight, not prepaid, 4 qts., 40c; pk., 75c; ½ bu., \$1.25; bu., \$2.25; one bag, 2¼ bus., \$5.00.

GREAT NORTHERN WHITE FLINT CORN

The Corn for the Extreme North

This is the hardest known variety and will thrive at an altitude of 6,000 feet where the climate is always too cold for ordinary Corn. It is a great drought resister and will produce crops where other sorts fail. It is an 8-rowed variety, and the ears are of good length for such an early Corn. Grains are pure white, and we are sure it will be of the greatest value to the farmers of the far north. It will ripen earlier than any other White Flint Corn.

It is an excellent sort to grow in the south for green Corn or roasting ears. Choice selected seed, pkt., 6c; lb., 30c; 3 lbs., \$1.00, postpaid. By express or freight, not prepaid, 4 qts., 50c; pk., 75c; ½ bu., \$1.15; bu., \$2.20; one bag of 2½ bu., \$5.25.

PRIDE OF THE NORTH YELLOW DENT

This is very desirable for an early Dent Corn, suitable for main crop as far north as Michigan, Minnesota and Wisconsin. The color is deep yellow, grains very deep with a small cob. Grain narrow, generally about 18 rows, produces 2 ears to the stalk and makes a good yield. It is very hardy and will stand cold weather and poor land about as well as Flint Corn. Pkt., 5c; lb., 25c, postpaid. By express or freight, not prepaid, 4 qts., 45c; pk., 60c; ½ bu., \$1.00; bu., \$1.90; 2 bu. sack, \$3.65.

IOWA GOLD MINE YELLOW DENT

We believe it is known to every farmer in the United States. We have sent Iowa Gold Mine as far as Africa and Australia. We know it is a first class variety and we have taken particular care in selecting our seed stock. It is early, ripening a few days later than Pride of the North. Ears are good size, symmetrical, and color is bright golden yellow. Grain is very deep, cob small, therefore dries out quickly. 70 pounds of ear corn made 62 to 63 pounds of shelled corn and in hauling to market it usually weighs out a few more bushels to the wagon load than common varieties in the same sized wagon. It matures perfectly and even as far north as Southern Michigan. Pkt., 5c; lb., 25c, postpaid. By express or freight not prepaid, 4 qts., 35c; pk., 65c; ½ bu., \$1.10; bu., \$2.00.

MICHIGAN WHITE DENT CORN

A very white corn. Ears very large, extra long, kernel of medium depth, broad, assuring stronger germinating power, is very firm and solid. Weighs like lead, shells out remarkably well, as it originated in a latitude very far north, and is very hardy. Our supply is limited, as it is very select. We urge early orders. Prices by mail, postpaid, pkt., 10c; lb., 25c. Express or freight, not prepaid, 4 qts., 40c; pk., 70c; ½ bu., \$1.15; bu., \$2.10.

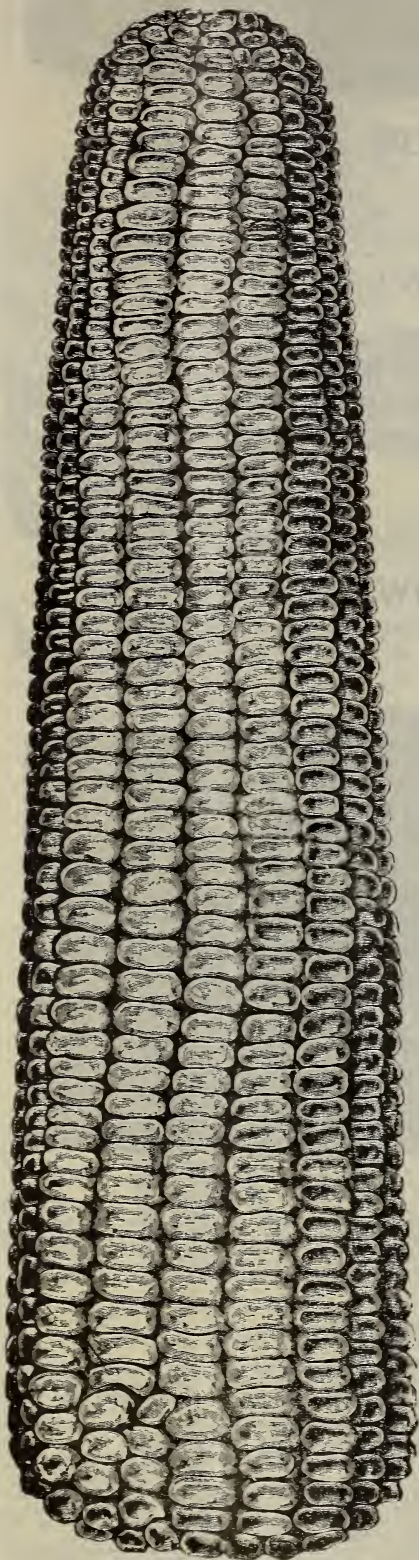

SMITH'S IMPROVED LEAMING OF WESTERN CORN

A very popular and extremely productive variety. One of the best silo corns that are grown today. On good land the stalks grow tall, producing two ear on a stalk. The ears are long, with small red cob well filled with grain of medium size and rounded at the small end, of a rich golden color. It ripens in from 100 to 110 days, and makes a good crop even in a dry season, by reason of its strong, vigorous growth. Stalks are very tall with broad leaves, making excellent fodder, while the grain, being so deep, yields an extra large quantity of shelled corn per acre. Pkt., 10c; lb., 25c, postpaid. By express or freight, not prepaid, pk., 50c; ½ bu., 95c; bu., \$1.85. Sacks free.

NOTE:—We wish to state that all of the above Corn is grown especially for our own use, and is Hand Picked and Air Dried, making it better than 95 per cent test and far superior to commercial grades usually offered by Seedmen, and it can be shipped with safety throughout the United States.

MORTGAGE LIFTER YELLOW DENT CORN

We have offered this new and distinct Yellow Dent Field Corn several years, and it has given our customers great satisfaction wherever grown. It grows from 7 to 11 feet high, strong, rank and quick, and stands storms remarkably. The ears are of a very large size and will out-yield any other Corn grown. We have records of fields producing 100 to 110 bushels of shell corn per acre. The largest grower of Seed Corn in America says "it will mature in from 85 to 95 days and has 14 to 18 rows on a cob, the longest and largest of any early corn in cultivation. It husks and shells easily and brings the highest market price. We have sold many bushels of this sort for seed and can say our customers are much pleased with it and we believe it is a hard variety to surpass. We have a very fine stock of extra choice seed which we can supply our customers this year if orders are placed early. Pkt., 5c; lb., 25c, postpaid. By express or freight, not prepaid, pk., 65c; ½ bu., \$1.20; bu., \$2.35; 2 bu., \$4.50. Bags free.

Mortgage Lifter Yellow Dent Corn

CHOICE SEED POTATOES

WE ARE FURNISHING POTATO EYES to our customers in all parts of the country which have given great satisfaction. It gives you a start on new potatoes at small cost, for we deliver them to your door. All Potatoes will be sent when weather will permit. All orders for Potatoes will be acknowledged promptly.

The 1915 Nameless Potato Has Been Named "Early Prospect"

Rev. J. A. Fellers of Port Clinton, Ohio, is the winner of the FREE Barrel of Potatoes. The name was selected from a large number as the best one for this successful variety.

Mr. Fellers claims from the 10 eyes planted in May, he dug FIVE POUNDS of well developed and good sized Potatoes on August 10th; they were raised on black loamy soil and were planted two weeks later than his Early Carmin and Early Rose, but ripened two weeks earlier than either of them. We believe the "EARLY PROSPECT" has come to stay; we feel well paid for our time and money spent in bringing this selected stock before our customers.

The Prize Barrel of FREE Potatoes will be shipped to Mr. Fellers. You had better try some of these Potatoes this season.

SMITH'S NEW POTATO "EARLY PROSPECT"

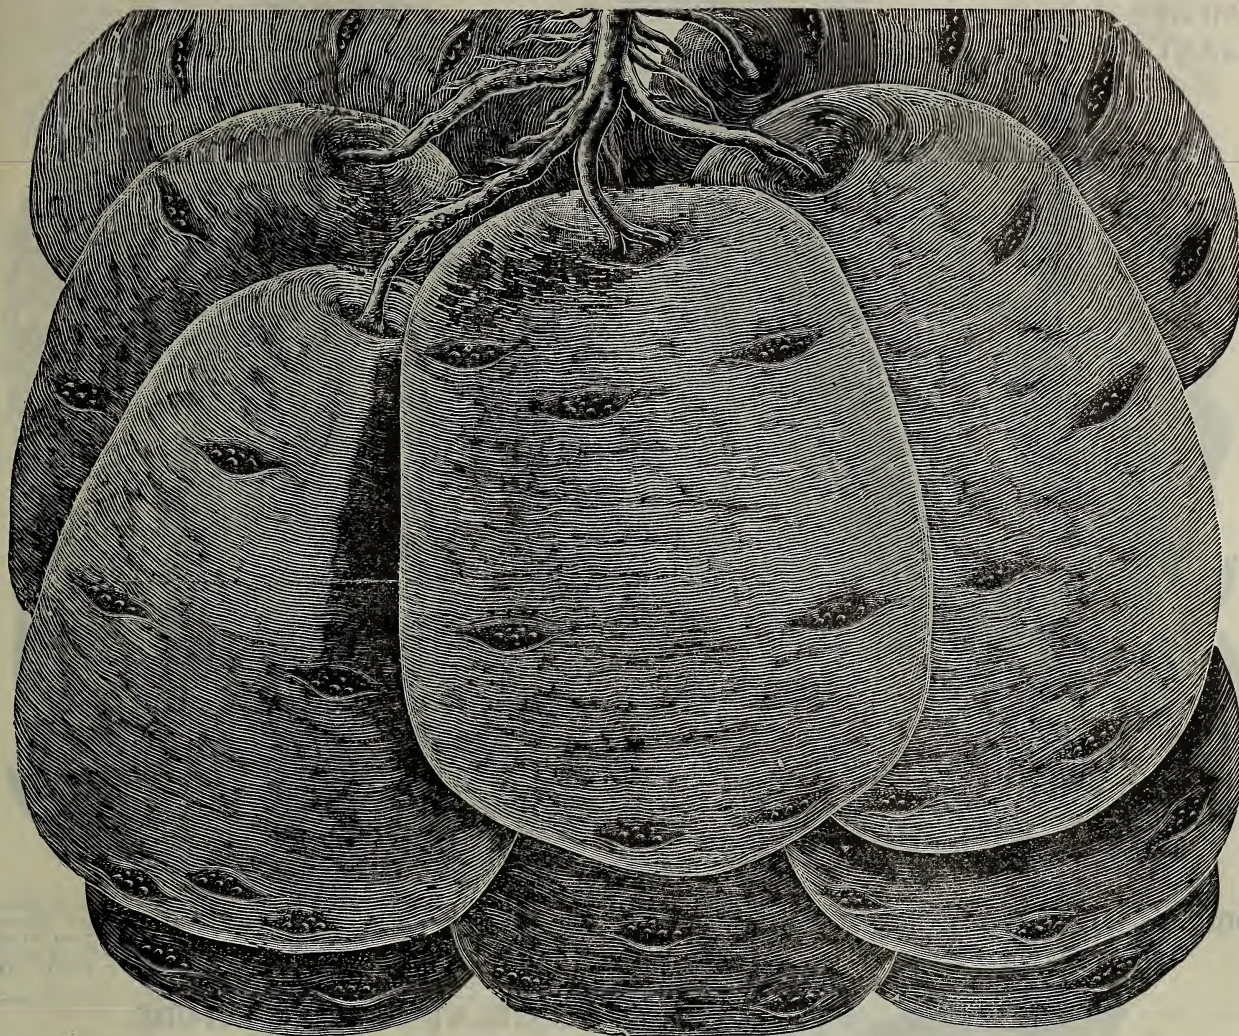

"EARLY PROSPECT"—This new and very early potato was originated by a Mr. Johnson, six years ago, from SEED BALLS gathered from his crop of Rural New Yorker Potatoes, so it was nameless. Planted the next season, they grew to the size of field peas and by careful watching and cultivation we have a fine lot to offer our customers, but only in eyes and pound lots. This potato is the earliest we have record of and were ready to eat this season 80 days from date of planting. Flesh is pure white, pink skin, eyes flush and nearly the shape of illustration above. One of the best cooking potatoes we have ever tried, will yield equal to the late varieties. We desire you to try a few of these very early potatoes. Read about the name and winner of our Barrel Prize Offer on this Potato. Prices, 10 eyes, 20c; 20 eyes, 35c; 50 eyes, 65c; pound whole potatoes, 50c; by parcel post, prepaid.

IRISH COBBLER POTATO

One of the most reliable Potatoes that we have ever offered. It ripens almost with the earliest; is so uniform that every hill seems to ripen at the same time. The yield is very large, and equal to some of the late ones. The flesh is pure white and of the finest quality—not excelled by any other variety on the market. Its strong growth, uniformity, large yield and very handsome appearance have brought the Irish Cobbler to the front as a profitable variety for the market and home use. Our stock is fine, having been grown on rich sandy soil, and therefore free from scab. By mail, postpaid, 15 eyes, 20c; 25 eyes, 35c; 50 eyes, 50c; 125 eyes, \$1.00; lb. whole potatoes, 45c.

Late IMPROVED No. 9 Potatoes: PURE WHITE

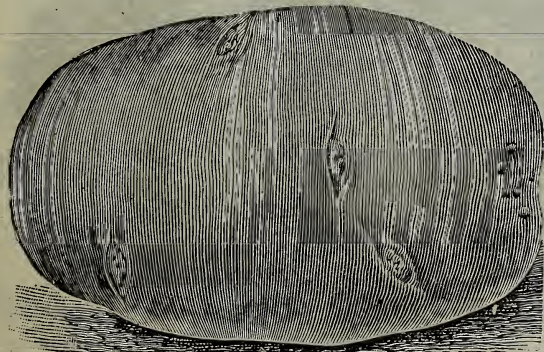

The Farmers' Leading Potato—Try Them!

This new potato is surely a wonder and will no doubt be of greater importance and value than any other variety in the future. It grows unusually large producing as many as ten fine tubers to the hill. The skin is smooth and white, entirely free from scab, always sound and perfect. The illustration gives a good idea of size, form and appearance of a hill of the Late No. 9, and any of our customers who want a strictly first class, large, late potato, will find this one entirely unsurpassed.

This potato has been brought to its present state of perfection and remarkable yield by a graduate of the State Agricultural College of Cornell University, who, by careful study in selecting his stock, has produced over 2,000 bushels from six acres from his 1914 crop and won fourth prize in the New York State Potato contest with 72 contestants.

So careful have we been to get this stock perfect that it has taken us several years to complete this work before offering them for sale. We are offering them in eyes, pound and barrel lots this season. If you only plant one new variety, let it be this one, as our stock is very choice and free from blight. Orders filled when requested or when weather will permit. Send your orders today and state when you wish them sent. Prices, 10 eyes, 20c.; 25 eyes, 35c.; 50 eyes, 65c.; 100 eyes, \$1.00; 250 eyes, \$2.25. Whole potatoes, a pound, 50c.; 2½ pounds, \$1.00, by mail postpaid. By express or freight, not prepaid, barrel of 165 pounds, \$8.00; 2 barrels, \$15.00. Barrel or sacks free, no charge for packing.

Peerless Junior Potato

Has a reputation in our locality beyond repute as a good, strong grower and a big yielder, with vigorous vines which are almost bug and blight proof. The potatoes, in shape, are somewhat oblong, white skin and with pure white flesh, very few eyes and flush, leaving no waste. The eating and keeping quality of this almost new variety is excelled by none and we encourage every potato grower to make this Peerless Junior one of his varieties that he grows this season. Prices, 15 eyes, 25c.; 35 eyes, 50c.; 100 eyes, \$1.00; lb., whole potatoes, 45c., all by mail postpaid.

SMITH'S CHOICE FLOWER SEEDS

SMITH'S
GIANT

Smith's Giant Flowering Asters

We believe this is the highest grade of **Giant Flowering Asters** in cultivation today. The flowers are the most beautiful formed of all large Asters, magnificent double blossoms, massive and showy, resembling good sized Chrysanthemums. They run through a great combination of colors, such as shell pink, crimson, lavender, rose pink, purple, etc. We want you to try them. All colors. Pkt., 6c.; 3 pkts., 15c.; ½ oz., 50c.; oz., 85c., postpaid.

SMITH'S GREAT ASTER MIXTURE

If you want the greatest variety of Asters ever collected, you should grow this mixture. It contains more than a hundred different varieties, each variety made up of several separate colors selected from such classes as the Dwarf German, Dwarf Victoria, Comet, Quilled German, Lilliput Flower, Large Globe Flowered, Christmas Tree, Princess, Lady Mignon, Pearl, Victoria, Ball or Jewel, Ostrich Plume, Peony Flowered, Tall Chrysanthemum, and a great many other sorts, which will produce a magnificent display of flowers impossible to describe. It is a wonderful collection, and you should try it. Two or three packets of seed will produce a large number of plants. Pkt., 5c.; 3 pkt., 12c.; ½ oz., 35c.; oz., 60c., postpaid.

PURITY WHITE ASTER

By the most careful selection, this beautiful Aster has been brought to a state of perfection hitherto unknown in this type. Of free, sturdy growth, attaining a height of over 2 feet, well branched, with long, strong stems and artistic, fluffy, graceful flowers, rarely less than 3 inches across and frequently over 5 inches, as fine as any Chrysanthemum. When cut keeps longer in good condition than any Aster of this type; in bloom from mid-August on through September; color pure, glistening white. Pkt., 5c.; 3 pkts., 12c.

NEW BOUQUET ASTER

Especially suited for pot culture or for the border of a flower bed. It is a very dwarf, growing only 3 or 7 inches high, but completely covered with blossoms, forming a handsome bouquet. Colors are white, pink and other shades, blending in the most pleasing manner, making it one of the most beautiful Asters we have offered.

Mixed Colors. Pkt., 5c.; 3 pkts., 12c.

New Bouquet
Aster Growing
in Pot

AGERATUM

LITTLE BLUE STAR—Plants grow only about 4 inches high and are completely covered with bright blue flowers. Pkt., 4c; 3 pkts., 10c.

ALL COLORS MIXED.

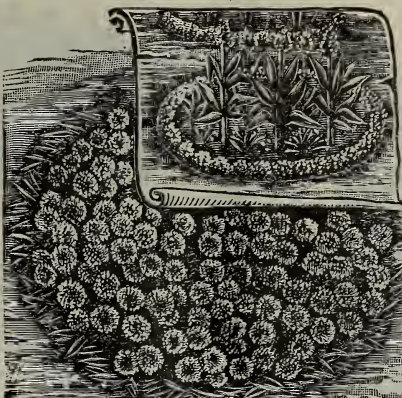

Plants grow only four or five inches high, and are completely covered with flowers. Make excellent edging plants on account of the wonderful profusion of bloom and small size. Pkt., 5c; 3 pkts., 12c.

BABY ROSE

This is a Wonderful Rose. It will produce semi-double and double flowers from two to three months after sowing seed. Long before that, however, when the plant is not over 1½ inches high, and having two or three very small leaves, it will throw off from one to three single flowers about the size of strawberry blossoms, but much more delicate, and very attractive, as it plainly shows the true rose bush type. With the increase in size of the plant, the blossoms increase until it is a magnificent sight. It is a hardy hybrid perpetual everblooming Rose, sure to be in bloom from spring until winter. The seed is mixed and from one packet of seed you will get pink, crimson, white and various shades. Pkt., 8c; 3 pkts., 20c; 6 pkts., 35c.

ALYSSUM

SWEET—This is pure white, much used for borders; is fragrant and produces very delicate flowers. Pkt., 4c; 3 pkts., 10c.

LITTLE GEM—Grows from two to four inches high. One plant will completely cover a circle ten by twelve inches in diameter. Very fragrant, flowers are pure white. Pkt., 5c; 3 pkts., 12c.

BALSAMS

SMITH'S FANCY MIXTURE

This is the very best Balsam mixture to be found. It contains all the different shades of pink, crimson, spotted, red, etc. It produces plants that are covered with very large double flowers all the shades imaginable. It is a favorite wherever grown. Pkt., 5c; 3 pkts., 12c.

SMITH'S EARLY GIANT CARNATIONS

Our early flowering carnations will produce flowers in three or four months after sowing the seed. We are sure this new Giant Perpetual Blooming Carnation will astonish all who grow it. The seed we offer will produce a large percentage of double flowers. While the plant is dwarf in habit it branches freely as is shown by the illustration and produces a great variety of colors, such as deep pink, white, bluish, carmine, salmon, scarlet, dark crimson, maroon, many having beautiful fringed petals that are very fragrant. Plants grow easily anywhere and in about twelve weeks after the seed is sown they begin to bloom and continue until frost comes. Try our Seed.

We offer a very early strain, all colors mixed. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

BIRD OF PARADISE

This is quite a novelty and a very pleasing plant; flowers are of golden yellow; of beautiful shape, measuring about 2½ inches across. They are produced in very large trusses which bloom in great profusion the first year, if sown early in the spring, and the plant will grow from three to five feet tall. It can be grown inside in winter, if desired. Be sure and try it. Pkt., 5c; 3 pkts., 12c.

CINERARIA A beautiful plant for the window and can be easily grown. Plants grow about as broad as high and are covered with large flowers of very brilliant colors, ranging through all shades of crimson and blue, while some have white centers or borders. Finest mixed colors. Pkt., 8c; 3 pkts., 20c.

Special Notice: In all our years in business we never have had a better selection of Farm, Garden and Flower Seeds, together with the finest line of **NURSERY STOCK**, to offer than this season. Everything is choice, carefully selected and as true as we can obtain them for our customers. Try something this season as much depends upon a good garden. After you have gone carefully over our list and made up your order, hand this catalog to some good neighbor to order from. It will give **PLEASURE** to them, **JOY** to **YOU**, **HELP** to us.

GLADIOLUS FLOWERING CANNAS

This grand strain of Cannas is of dwarf growth and produces immense Gladiolus-like flowers of most brilliant colors. On account of their profusion of bloom they are the most useful, showy and popular garden plants grown. A bed of these plants will make a grand sight and the plants can be easily grown from seeds sown in hot beds in the spring. Fancy Mixture, pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

GODETIA

This produces handsome, very large, showy flowers of a rich, velvety satin rose, the petals of which shine like satin. Fine Mixed Colors, pkt., 5c; 3 pkts., 12c.

Ornamental Cotton

These curious and hardy plants are grown easily from seed and our mixture will produce a great variety of these odd and curious plants. A packet of this seed will produce a wonderfully interesting collection of plants. Pkt., 6c; 3 pkts., 15c.

Ornamental Cotton

Cotton makes a beautiful decorative plant when growing and for cutting in the fall for house use as everlasting, there is nothing better. Many of the leaves are white, yellow, red and green, while the cotton is produced in balls pure white in color. Pkt., 4c; 3 pkts., 10c.

OXALIS

The Annual Oxalis make pretty border plants, bloom quickly from seed; clover like foliage, 6 to 7 inches high. Mixed Colors, pkt., 5c; 3 pkts., 10c.

GIANT HYACINTH FLOWERED CANDYTUFT

The flower heads grow nearly 6 inches long and about 3 inches in diameter and the color is snow white. The plants grow about 14 inches high and bear from 4 to 6 of these immense flower heads on one upright stalk and each plant will send out 4 to 8 branches. All Colors Mixed. pkt., 5c; 3 pkts., 10c.

Giant Hyacinth Flowered Candytuft

CACTUS

These curious and hardy plants are grown easily from seed and our mixture will produce a great variety of these odd and curious plants. A packet of this seed will produce a wonderfully interesting collection of plants. Pkt., 6c; 3 pkts., 15c.

BELLIS (Double Daisy)

Daisies are easily raised from spring sown seed and come into bloom in a very short time. We offer a splendid mixture including all the best varieties. Give this beautiful little plant a place in your garden. Mixed Colors, pkt., 5c; 3 pkts., 10c.

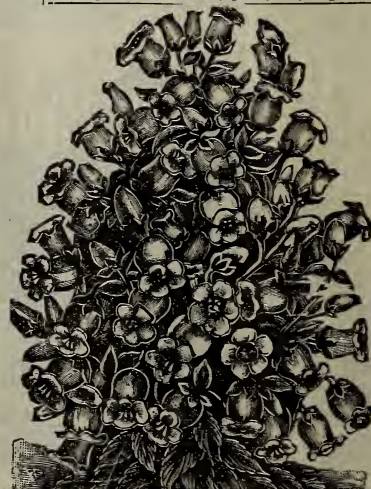

CALLIOPSIS

These are half hardy annuals of quick growth, bearing a profusion of bright colored flowers. We offer a choice collection of colors and if the seed is sown thinly where the plants are to bloom as early in the spring as the soil can be dug, an abundance of bloom may be expected. Mixed, pkt., 5c; 3 pkts., 10c.

JAPANESE CHRYSANTHEMUMS Mixed Varieties and Colors

This is a great collection of odd and curious Japanese Chrysanthemums that can be easily grown from seed. The illustration gives but a faint idea of the curious shapes and beautiful colors to be found in this collection. Many are twisted, curled and produced in such shapes that it is impossible to describe them. The large flowers are of crimson, gold and various other shades and colors. If you try this you will have a gorgeous display that will be the envy of your neighbors and a horticultural triumph for yourself. Fine mixture of all varieties, shapes and colors. Pkt., 5c; 3 for 12c.

CANTERBURY BELLS

This is a very popular, large, bell-shaped flower, known everywhere. We have a very fine collection of both single and double, including the Cup and Saucer variety and the plants are covered with hundreds of handsome flowers, striped, lavender, pink, throughout the summer. All varieties and colors mixed. Pkt., 5c; 3 for 12c.

COSMOS

These Giant Autumn Flowering Annuals often produce flowers four to five inches across. For cutting this is one of the finest flowers grown, long stems and feathery foliage, produce a graceful effect. They are easily raised from seed.

GIANT COSMOS, ALL COLORS MIXED—This contains all the large varieties, which make a great display of colors. Pkt., 5c; 3 pkts., 12c.

Everlastings

Everlastings

This collection is made up of all the leading varieties of everlasting flowers. Very attractive, and flowers will keep for years without a drop of water and look as fresh as when first picked. Our collection contains a large variety of colors. Pkt., 4c; 3 pkts., 10c.

Celosia (Coxcomb) Spicata

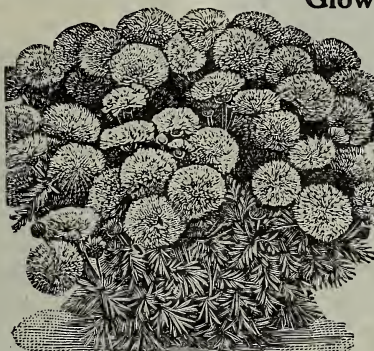

CELOSIA (Coxcomb) Spicata—A very startling and handsome new sort, growing 2½ feet high. Immense bloom, silvery white tipped with bright rose. Each plant produces a great number of these blooms. Quite a curiosity in the garden. All Varieties mixed. Pkt., 5c; 3 pkts., 12c.

Celosia (Coxcomb)

NEW MIXTURE—This is a very attractive variety. Seeds can be sown early and before fall the plants, which have a mammoth variety of colors and brown foliage, begin to appear. It makes very odd pot plants. Pkt., 5c; 3 pkts., 12c.

Baby Golden Glow

Baby Golden Glow is a beautiful annual producing yellow flowers. Blooms early in the season and each plant will produce hundreds of bright yellow flowers as double as a rose. Plants grow only about 20 inches in height, and they attract attention for a long distance; are easy to grow from seed. Pkt., 5c; 3 for 12c.

Foxglove (Digitalis)

Produces long spikes of richly colored flowers, excellent for cutting. A very showy plant. Blooms the first season, and continues throughout the season. Pkt., 5c; 3 pkts., 12c.

**Yes, Read
Page No. 6**

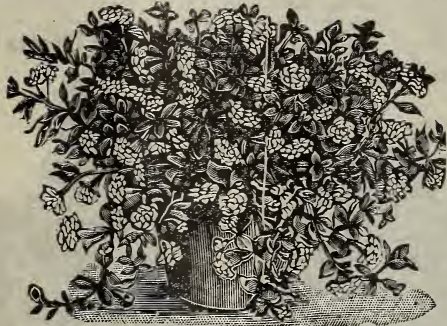

Dianthus Hardy Garden Pinks

These are the most beautiful of summer flowering annuals. They are unrivaled for brilliancy and variety of colors. The plants are bushy, of symmetrical form, about a foot high. The flowers grow to a large size, averaging about six inches in circumference. There is a wonderful variety of colors and they are intensely brilliant and varied. Colors are beyond description. Double and single mixed—all colors. Pkt., 5c; 3 pkts., 12c.

TUFTED OR BEDDING VIOLETS

These are very popular for bedding. They produce beautiful pansy-like blossoms, 2 to 2½ inches across, of the most brilliant colors, lemon, crimson, orange, maroon, purple, lavender, silver gray, rose, blue, white, black and many other shades. Flowers are borne on long stems like the violet. Seeds sown in May will flower in August and bloom the next spring. All colors, mixed. Pkt., 6c; 3 pkts., 15c.

MUSK PLANT

(*Mimulus Moschatus*)

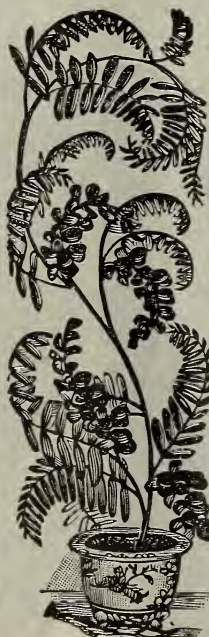

This is a fragrant and universally admired favorite. Equally at home in sitting-room, greenhouse or flower garden. They live for years as house-plants. Pkt., 5c; 3 pkts., 12c.

NICOTIANA

New Hybrids

Flowers freely from early summer until late in autumn, flowers being purple, snow-white, dark, light red, violet, salmon, pink, variegated and various other shades. It is an easy plant to grow. Flowers nearly as large as a petunia. Good for summer, fall or winter blooming. All colors mixed. Pkt., 5c; 3 pkts., 12c.

Weather Plant

A beautiful flowering vine with fern-like foliage and clusters of flowers. It is claimed the leaves by changing their position foretell the weather two days in advance. If leaves stand upward from the twig at an angle of 45 degrees, the sky will be cloudless and weather beautiful. If they stand out straight, changeable weather is indicated, or if the leaves droop down indications are rain. When leaves are hanging straight down it indicates it will be very wet. Pkt., 5c; 3 pkts., 12c.

Everblooming Annual Hollyhock

We have been unable until recently to secure seed of the true Everblooming Hollyhock, as illustrated. They are as easily grown from seed as any annual and commence flowering in about 12 weeks and continue to bloom until killed by frost. On account of their blooming the first season they are much more desirable to grow than any other Hollyhock, as they can be started in the house or hot beds in March or April, or sown in the open ground in May. Plants from early sown seed set out in May will commence blooming in July and will produce an abundance of bloom throughout the season. This Annual Hollyhock is a wonderful free flowering sort, as shown by the illustration. The forms and colors among the flowers would be a surprise to anyone. They are produced in double flowers, semi-double, single saucer shaped flowers, some with smooth edged petals, while others are fringed and of various shapes and shades. The flowers are usually very large, sometimes measuring over five inches across. For great variety of color we know of no Hollyhock that will make such a gorgeous display as the colors and markings are beyond description and should be grown to be appreciated. The plants grow very strong and vigorous and are of a branching habit. The center spike will attain a height from 7 to 9 feet, but it can be kept at any desirable height by pinching off the top. To get the best results plants should be set in thoroughly rich soil and kept watered in dry weather. Price of seed containing a great mixture of double and semi-doubles, all colors and shades, per pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

to Your Friends

KOCHIA SCOPARIA

(Summer Cypress)

A beautiful plant, very unique and ornamental. The rounded globe-like form resembles a delicate evergreen highly colored. Nothing handsomer for an annual hedge. Early in fall ends of shoots are thickly set with small bright scarlet flowers. Plants are very showy. When planted in rows singly to show the round ball-like form they are very striking. Easily grown from seed and can be planted in the ground early in spring. Our illustration shows one plant as it appears in fall. Grow it this year. Pkt., 5c; 3 pkts., 12c.

DAHLIAS

Double Large Flowering

This grand mixture will flower the first season from seed and the collection we are offering will produce a great display of flowers. We have included all the best varieties to be had, which are easily grown from seed. But few people know that Dahlias can be raised from seed and will bloom the first year. Seeds germinate as easily as Zinnias, and from the start develop strong, stocky plants. Mixed colors. Pkt., 5c; 3 pkts., 12c.

Heliotropes

Are easily grown from seed, and if sown in the open ground, will produce flowers in August. Our collection will make a beautiful display, with delicious fragrance. Plants produce hundreds of flower heads of various colors, such as dark purple, deep blue, spotless white, violet to deep indigo, and various other shades. Grow some of these handsome and fragrant flowers. We offer our Early Flowering Mammoth in mixed colors. Pkt., 6c; 3 pkts., 15c.

Early Flowering Mammoth Heliopsis

GAILLARDIA (Single and Double)

Flowers readily from seed the first year and the flowers are greatly admired for their rich and varied colors. Will thrive everywhere. We offer fine collection—all colors mixed. Pkt., 4c; 3 pkts., 10c.

DATURA Sweet Nightingale

This is a very showy and delicate pot plant, producing immense large white trumpet shaped flowers very quickly from seed, is fragrant and a very interesting flower. Per pkt., 5c; 3 pkts., 12c.

GIANT PLANT

This plant produces very handsome foliage and it grows to an enormous size and plants are often ten feet high, 12 to 20 across, with leaves 5 to 6 feet in width, making it a perfect wonder. It is a fine plant to grow in your garden or lawn. Pkt., 8c; 3 pkts., 20c.

Snapdragon

LARGE FLOWERING SCARLET

This is a most gorgeous plant with its brilliant colors producing an abundance of bloom during the summer. The great spikes of bloom completely conceal the foliage, making it a blaze of flaming scarlet. One plant will produce several hundred spikes of flowers in a season, each spike being about ten inches in length. Per pkt., 5c; 3 pkts., 12c.

Salvia or Scarlet Sage

SNAPDRAGON

This is a charming old fashioned flower produced in many colors, such as yellow, scarlet, white, etc. It is a perennial and blooms well the second season. It succeeds well as an annual. All colors mixed. Pkt., 4c; 3 pkts., 10c.

**Smith's
Great Collection
of Nasturtiums
Giant Climbing**

These new hybrids climb five to six feet and are fairly covered with brilliant colored flowers from spring until fall. This new strain is so very ornamental that it deserves a place in every garden, for the remarkable range of colors embracing rose, pink, purple, salmon, dark maroon, light maroon, light yellow, deep orange striped and blotched; extremely beautiful. Do not fail to give this Nasturtium a trial. All colors mixed, pkt., 4c; 3 pkts., 10c; 6 pkts., 18c; oz., 15c; 2 ozs., 25c; 1/4 lb., 35c; 1/2 lb., 65c, postpaid.

Giant Tom Thumb

Great collection, giant flowering, best for bedding, flowers often 3 1/2 inches across, producing a great profusion as shown by illustration. Blooms early and continues all summer. All colors mixed, pkt., 5c; 3 pkts., 12c; oz., 15c; 1/4 lb., 50c; 1/2 lb., 90c, postpaid.

Giant Climbing Hybrid Nasturtiums

Tom Thumb Nasturtiums

**Burbank's
Shasta
Daisy**

This is the newest Giant Daisy and one of the best productions of Mr. Luther Burbank, surpassing earlier creations bearing only a slight resemblance to the common Daisy. The New Shasta Daisies often measure 4 and 5 inches across, and are borne on stems 2 to 3 feet long. They succeed everywhere blooming throughout the season. Pkt., 5c; 3 pkts., 12c.

New Cross-Bred French Hybrid Roses

The seed of this Rose germinates easily and produces strong vigorous plants which commence flowering in about six months from seed. As the plants grow older they become larger and yield a greater quantity of flowers, and the second and third years their bloom will be astonishing. The plants are hardy, need slight protection, and they produce a large per cent. of handsome double flowers in all colors and shades known in Roses, being very fragrant. They are suitable for garden or pot culture. Pkt., 5c; 3 pkts., 12c.

Shoo-Fly Plant—The Magic Wonder

Here is quite a curiosity of the Physalis family. It is claimed that flies will not stay in the room where it is grown if they can escape. We are unable to understand why this can be, as the plant or flower does not seem to have any odor. It is a great plant to bloom when grown in pots, summer or winter, and it is a most remarkable free flowering plant blooming in a short time from seed. It can be easily grown from seed. Pkt., 6c; 3 pkts., 15c.

DUSTY MILLER

(Centaurea Nodocarpa Gym.)

One of the prettiest of ornamental leaved plants. The leaves are white and are beautiful for vases, edgings, ribbons or mixed with cut flowers. Pkt., 4c; 3 pkts., 10c.

LOBELIA

This makes an excellent pot plant for window culture, blooming in about four weeks, making handsome little pots of flowers. The colors are exceedingly bright, and we offer a good collection of colors mixed. Pkt., 5c; 3 pkts., 12c.

FORGET-ME-NOT

CATCHFLY (Silene)
Showy, free-flowering hardy annuals. Fine for borders, beds and bouquets. Succeeds in any soil. Grows about one foot high. Very nice to mix with other flowers when making bouquets. Succeeds everywhere. Mixed, double and single. Pkt., 4c; 3 pkts., 10c.

IMPERIAL SWEET SULTAN

This beautiful flower deserves to be in every garden. Produces large double pretty flowers in great profusion, growing on long stems, and is splendid for bouquets. It is sweet scented and admirable for the garden. Pkt., 4c; 3 pkts., 10c.

CUPHEA

Cupea is a very fine genus of plants, remarkable for their beauty, freely blossoming and of ornamental appearance in conservatory and flower border. Admirable for house in winter. Try it. Pkt., 4c; 3 pkts., 10c.

JAPANESE FLOWERING IRIS

But very few know what fine flowering plants and grand flowers these lovely flowering Japanese Iris produce from seed. A bed of these Iris is a beautiful sight, as some will be double, some single, but always different colors. The description will convey but a faint idea of the great beauty of these flowers. There are hardly any two alike and we would like to have our customers try them. Have a bed of them this year. Pkt., 5c; 3 pkts., 12c.

FORGET-ME-NOT

ALPESTRIS BLUE—A grand free-flowering sort and the very best blue variety. Will thrive in almost any soil. Pkt., 4c; 3 pkts., 10c.

PORTULACA (Royal Beauty)

This is a grand new variety being recently introduced and has given great satisfaction wherever grown. The flowers are large and double, while the colors are very brilliant, of red, orange, white, maroon, and various other shades. A bed of these double Portulacas makes a magnificent sight. All Colors Mixed, pkt., 5c; 3 pkts., 12c.

FEVERFEW

FEVERFEW These plants produce large flowers; many are very double, ranging in different shades of yellow, white, etc. Our collection contains all the different varieties in a mixture of colors. Pkt., 5c; 3 for 12c.

LARKSPUR

GIANT HYACINTH FLOWERED

An improved type producing large flowers, very double and of various colors, shades and markings, which are borne on long spikes like immense Hyacinths. Can be easily grown in the open ground. All Colors Mixed, pkt., 5c; 3 pkts., 12c.

PHLOX—BRILLIANT MIXTURE

We have made up a great collection of these beautiful free flowering annuals. The plants grow about 18 inches high and produce large trusses of immense, brilliant flowers of a great variety of colors. A bed of these plants will make a gorgeous display of flowers all summer, and we offer a special mixture of all the odd colors and markings mixed. Pkt., 5c; 3 pkts., 12c.

RICINUS (Castor Oil Bean)

ZANZIBARENSIS

This is a handsome, quick-growing Ricinus or Castor Oil Bean, and if planted in the open ground in May should be in full foliage by July and attain a height of from 12 to 14 feet during the season. This is a giant variety and a few plants in a large bed make a most picturesque sight, to be admired a long distance. The leaves measure 2 feet across. Giant Varieties Mixed, pkt., 5c.

MAMMOTH FRUITING GROUND CHERRY

This is by far the most prolific of all Ground Cherries, some of the fruit measuring 1 1/2 to 2 inches in diameter, of a dark purple Egg Plant colored skin with green flesh; plants grow about 2 feet high, same in width; heavy bearers in ordinary garden soil. Fruit, when picked with husks on, is a good keeper if kept in a cool place. Pkt., 5c; 3 pkts., 12c.

MAMMOTH FRUITING GROUND CHERRY

PHLOX

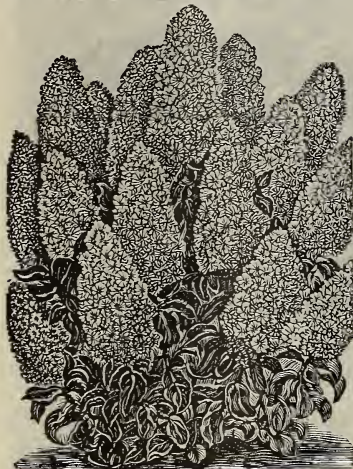

BUNCH OF ROSES ALL COLORS

This is a new strain, the plants being completely covered with bright flowers which are large and very brilliant. The florets are rose colored with a darker spot of rose close to the base, while the center is pure white. On account of the flower heads being formed in clusters, its name, Bunch of Roses, was selected. It is a great bloomer and attracts much attention. Our seed comes from the best grower in Germany. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

SMITH'S PETUNIAS One of the finest collections of petunias to be found. We offer double, single, fringed and stained, and other shades and combinations impossible to describe, many flowers measuring 5 inches in diameter, producing abundance of bloom throughout summer. Our mixture contains many odd colors and sorts. All Colors. Pkt., 6c; 3 pkts., 15c; 6 pkts., 25c.

Mignonette, Large Flowering

MIGNONETTE

LARGE FLOWERING

Largest and best for garden culture. Grows strong and stocky, handsome foliage. Flower spikes are large sized, completely filled with giant florets, and packed full of anthers. The fragrance is rich and powerful and it is excellent for cutting. We have made up a collection containing all the different varieties. Pkt., 4c; 3 pkts., 10c; 7 pkts., 20c.

GERANIUM SEED

Well known, popular plants for either, pot culture in the winter, or summer bedding. Few people know how very easily and quickly they bloom from seed. You can get all the plants you want with very little trouble and expense by sowing the seed. Some of the finest sorts have been raised from seed.

Start early and you will have plenty of bloom the first year. Extra Choice, Good Mixed Double and Single, per pkt., 10c; 3 pkts., 25c.

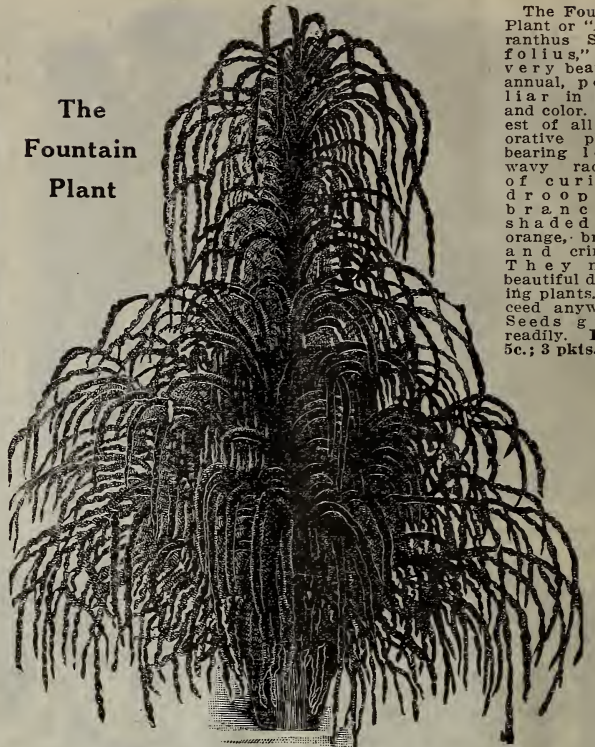

SWEET WILLIAM Excellent for edging or for borders, producing large heads of the richest flowers early in the summer. Very fragrant, excellent for bouquets. Single and Double Mixed Colors, pkt., 4c; 3 pkts., 10c.

Geranium Seed

GREAT DECORATIVE PLANT

The Fountain Plant

The Fountain Plant or "Amaranthus Salicifolius," is a very beautiful annual, peculiar in form and color. Finest of all decorative plants, bearing long, wavy racemes of curious, drooping branches shaded with orange, bronze, and crimson. They make beautiful drooping plants. Succeed anywhere. Seeds grow readily. Pkt., 5c; 3 pkts., 12c.

POPPIES

GORGEOUS MIXTURE

This collection of Poppies will produce the greatest display in a short time after sowing the seed of any flower we know of. The seed grows quickly and the plants continue to bloom for weeks throughout the summer. The flowers are magnificent, both in colors and size, often 3 to 4 inches across, while the petals are fluted and crinkled so that in the sunlight they appear like satin. The colors range through all shades of scarlet, carmine, salmon, white veiled with pink, striped with dotted edge, white splashed crimson, rose blended, white blush, and numerous other shades and odd markings. Sow a good bed of these Poppies and it will be your delight all summer. All Colors Mixed, pkt., 4c; 3 pkts., 10c.

GIANT DOUBLE This mixture is made up of all the double annual Poppies and we are sure the large double flowers and many combinations of colors will surprise you. Imagine a bed of Poppies, producing flowers from 4 to 5 inches in diameter, as large as peonies and of all colors imaginable. Their beauty cannot be appreciated until seen. All Colors Mixed, pkt., 4c, 3 pkts., 10c.

PERENNIAL These are hardy, produce large single flowers of red, white, orange and yellow colors. Flowers measure 6 to 9 inches across. All Colors Mixed, Pkt. 5c, 3 pkts. 12c.

PRIMULA (Chinese Primrose)

PRIMROSES are easily grown from seed, produce a very handsome plant and flower and continue to bloom for months. The young plants will produce an abundance of bloom as soon as well started if given plenty of air and kept in a warm dry place. They make an excellent pot plant or can be grown in the flower bed in summer. The colors are very beautiful. The plant produces an abundance of foliage, well covered with large flowers. All Colors Mixed, pkt., 8c; 3 pkts., 20c.

SMITH'S GIANT VERBENAS

We offer a mammoth strain of Verbenas which are easily grown from seed. It is the easiest and best way for an abundance of flowers to sow the seed, and we have selected nearly every variety in existence and put in this collection in order that it may be the most gorgeous flowering strain ever grown. Seed sown early will begin to bloom early in the summer and continue until killed by the frost. All Colors Mixed, pkt., 5c; 3 pkts., 12c.

FOUR O'CLOCKS Are very beautiful and picturesque, with flowers of striking colors, which contrast finely with the dark green glossy foliage. Best Mixed, pkt., 5c; 3 pkts., 12c.

MOON FLOWER VINE This vine has become very popular, and on account of its being a rapid grower, it has taken the lead among the annual climbing vines and no one who has a trellis or arbor, veranda, or old tree to cover should fail to plant the Moon Flower. It is the most rapid growing of all climbing vines and if given a sunny situation and plenty of water, it will attain a height of from 40 to 60 feet and be covered with thousands of immense fragrant flowers, opening in the evening and remaining open until nearly noon the following day. The flowers are from 5 to 7 inches in diameter. Pkt., 6c; 3 pkts., 15c.

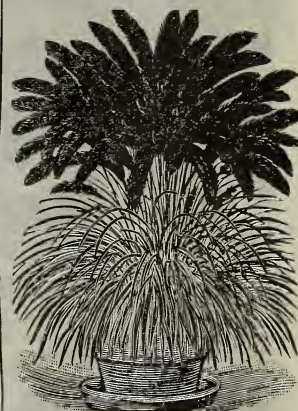

MOSS VERBENAS This new Verbena produces a mass of fine moss-like foliage, and as the branches spread out on the ground in all directions, a carpet of mossy green is formed, above which are borne its clusters of purplish-blue blossoms in great profusion. It is very hardy and robust and blooms in a very short time from sowing the seed. It should have a place in every flower garden. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

BEGONIAS FROM SEED These large handsome Begonias can be easily grown from seed and are as easily cared for as a Geranium. Always produce brilliant flowers of various colors, both single and double, making a great display. All Colors Mixed, pkt., 5c; 3 pkts., 10c.

MAMMOTH BLACKBERRY SEED Try our Mammoth Blackberry this year. Different from any other, being the largest ever grown. The enormous fruits sometimes measure 2 1/4 to 2 1/2 inches in length. Core is small and very soft, while flavor is of unusual richness. Vine is a vigorous grower. We offer seed only. Pkt., 4c; 3 pkts., 10c.

SMILAX No climbing plant surpasses it in the graceful beauty of its glossy green foliage. Its wavy form renders it valuable for vases, or to hang and droop from baskets, or trellis. Pkt., 5c; 3 pkts., 12c.

PURPLE FEATHER GRASS

Here is quite a curiosity and we believe will be very useful for lawn and house decorations on account of its rapid and vigorous growth. The recurring leaves, which are narrow and grow very graceful are over-topped by elegant feathery plumes about a foot long. The heads are borne from July until frost and the whole plant seems to be veiled in a purple cloud. It certainly is the most beautiful and ornamental house plant of easy culture which can be readily grown from seed. Price, pkt., 5c; 3 pkts., 12c.

PANSIES

SMITH'S IMPERIAL GERMAN

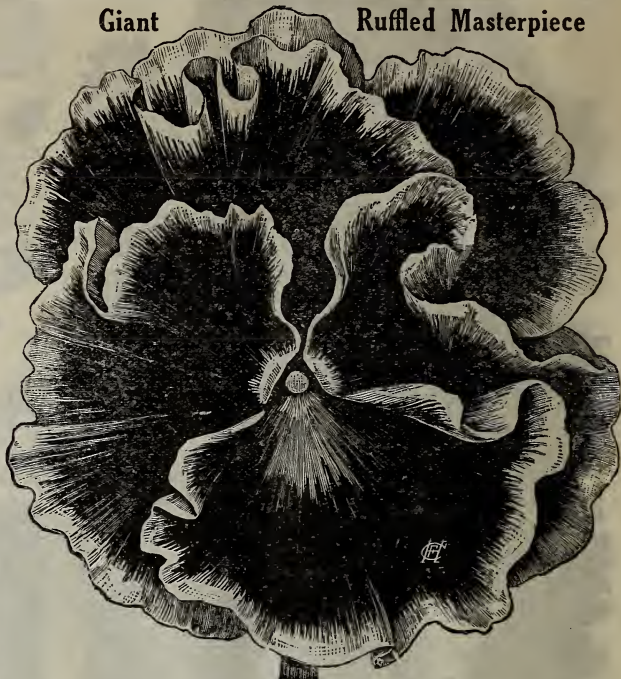

IMPERIAL GERMAN For a variety of colors and large sized flowers this is a good one. They embrace all the solid colors, as well as the spotted and marked varieties, and the variations and combinations cannot be fully described. This splendid mixture embraces seeds of over fifty colors and markings. Pkt., 5c; 3 pkts., 12c.

Smith's Giant Pansies—No Description Can Do Justice

Giant

Ruffled Masterpiece

GIANT RUFFLED MASTERPIECE

A new type in Pansies producing giant flowers of the most distinct and striking character. The petals have a rich velvety substance and being ruffled gives them the effect of a double flower. Colors range through all shades known in Pansies. On account of the richness and beauty of colors, and distinct character of petals, we consider them a real curiosity. All colors mixed, pkt., 6c; 3 pkts., 15c.

SMITH'S GIANT PANSIES

We have taken a great deal of pains in making up this great collection of Giant Flowering Pansies, with all the odd colors and markings to be found among pansies, many of which have been imported from Germany. The colors embrace nearly everything known, while the size of the flowers is enormous. If you want the finest lot of pansies to be found anywhere, try this great mixture, and you will be more than pleased. All colors mixed, pkt., 6c; 3 pkts., 15c.

Violet Scented Pansies

VIOLET SCENTED PANSIES

This is a new type of Pansies and a cross between the Pansy and the Violet. Flowers more like Pansies but fragrance like Violets. The colors embrace canary, azure blue, white, buff and many others mixed. Pkt., 6c; 3 pkts., 15c.

LEMONADE PLANT OF QUEENSLAND

This is a new plant and promises to be of great value and should be cultivated very extensively. It is used mostly for making jelly and jam, and it is claimed to be superior to the currant. It is cultivated very largely in Australia and other parts of Europe. Fruits resemble scarlet podded okra; is very ornamental and easily grown from seed. Do not fail to try it. Pkt., 4c; 3 pkts., 10c.

THE TEA PLANT

is a very interesting plant to grow and is sure to attract a great deal of attention. It can be readily started from the seeds which we have obtained. The plant grows in bush form and in autumn is covered with handsome, fragrant, whitish flowers having a golden yellow center, making it an excellent ornamental plant. There is no house-plant more interesting and we advise you to start a few plants. Seeds per pkt., 8c; 3 pkts., 20c.

Selection
OF
ALL

THE BEST
NEW SWEET PEAS

Giant Flowering Mixture

We have made up this mixture of all the large and free flowering varieties as well as the different colors, and will guarantee no better collection can be found. Plants grow rapidly and produce an abundance of gigantic flowers borne on long stems. There are many early flowering varieties in this mixture and if sown early will soon begin to bloom and produce an abundance of flowers all summer. More than seventy different named varieties have been put in this great mixture. Be sure and try it. Pkt., 5c.; 3 pkts., 12c.; oz., 10c.; 2 ozs., 16c.; ¼ lb., 30c.; ½ lb., 50c.; 1 lb., 90c., postpaid.

CUPID SWEET PEAS

CUPID—SWEET PEAS, Mixed Colors—This mixture is made up of all the different colors in the Cupid varieties. Plants of this sort grow only about 5 inches high spreading out and forming a mass of foliage and flowers. All colors mixed. Pkt., 5c.; 3 pkts., 12c.

Perennial Mixed Sweet Peas

Cannot be praised too highly. Blooms constantly, from early until late. Produces a profusion of large, clustered flowers on long stems, colors white, pink, rose, etc. Pkt., 5c.; 3 pkts., 12c.

Emily Henderson

Produces in the greatest profusion pure white waved flowers of truly gigantic size. The standard measures from one to two inches across. The flowers are borne two and three to the stem; the stems are extra strong and 10 inches in length. The vines attain a height of five to six feet and are almost completely covered with bloom, while the flowers retain their large size throughout the season. Pkt., 5c.; 2 pkts., 8c.; oz., 10c.; 2 ozs., 15c.; ¼ lb., 25c.

Stocks (10 Weeks)

LARGE FLOWERING GLOBE PYRAMIDAL—This variety produces immense spikes of perfectly double flowers; individual blooms measuring from 2 to 2½ inches in diameter; colors crimson, white, rose, blue, lilac, brown, flesh color, apple blossom and yellow. They are greatly prized for cut flowers on account of their fragrance and many colors. All colors mixed. Pkt., 5c.; 3 pkts., 12c.

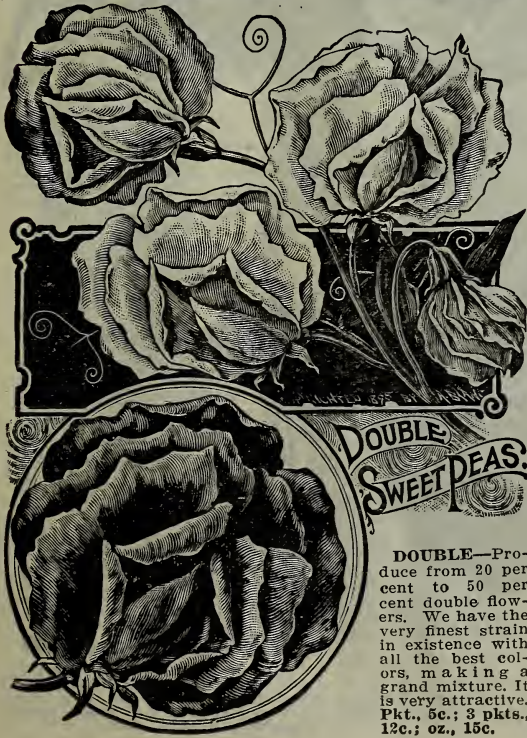

SWEET PEAS

Spencer Hybrid or Giant Orchid Flowered Sweet Peas

This Sweet Pea is very popular. The illustration gives but a little idea of its mammoth size, and a very faint idea of the shape, the enormous flowers are waved to a remarkable degree, giving them the well deserved title of "Giant Orchid Flowered" beyond comparison to all other varieties, and the harmony of soft coloring in the varieties we offer in this mixture is simply beyond the power of words to describe. The mixture contains shades in white, crimson, lavender, bluish, etc., some deeper in shade to others of the same color. If you only have one packet of Sweet Peas this season, let it be this collection of Spencer or Giant Orchid-Flowered. Pkt., 6c.; 3 pkt., 15c.; oz., 20c.; ¼ lb., 65c.

Giant
Orchid
Flowered
Sweet Peas

DOUBLE
SWEET PEAS

DOUBLE—Produce from 20 per cent to 50 per cent double flowers. We have the very finest strain in existence with all the best colors, making a grand mixture. It is very attractive. Pkt., 5c.; 3 pkts., 12c.; oz., 15c.

GIANT ZINNIAS

Giant
Mammoth
Mixed

This is a new class of Zinnias, giant in size, and has perfect double flowers of the richest and most varied colors and shapes, measuring over five inches across; of intensely brilliant colors. The plants grow about 3 feet high and bloom very freely throughout the season. All colors mixed. Pkt., 5c; 3 pkts., 12c; 6 pkts., 20c.

**Mari-
gold**

All Colors
Mixed

We have made up the very best collection of Marigolds to be found anywhere. They grow quickly and produce an abundance of bright and attractive colors. There are many shades of yellow, crimson, brown, red, and various other combinations of colors. The plants are completely covered with very handsome blossoms from early summer until fall. Pkt., 5c.; 3 pkts., 12c.

Large French Strawberries

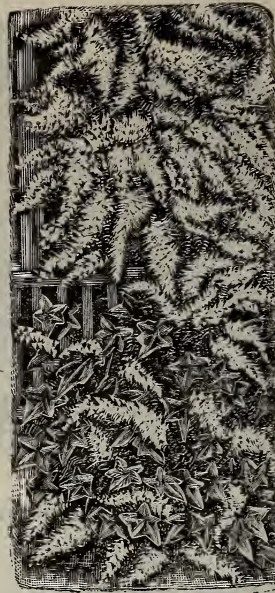

Have you ever heard of the French Strawberries, which can be grown from seed? If not, you should certainly grow them this year. Their great size and luscious sweetness will surprise you. They are far ahead of American varieties, and we want all our customers to give them a trial this year.

The Strawberries are easily grown from seed, and they are the most interesting of all fruit to grow this way because they grow so large and produce such handsome and delicious berries.

Seed should be sown early in hot bed or in open ground in a seed bed soon as weather will permit, and when young plants are well started transplanting in rows 3 feet apart and 2 feet in the row.

We have been very fortunate in securing a good supply of the seed, all imported from our grower in Europe, and we believe it will please everyone. Order your seed now. Pkt., 6c.; 3 pkts., 15c.

**Wild Cucumber
Vine**

(*Echinocystis Lobata*)

One of the quickest growing climbers in our list. Grows 30 feet in one season, is thickly dotted with pretty white fragrant flowers, followed by an abundance of ornamental, prickly seed pods. To cover unsightly buildings and fences, nothing can equal it. Pkt., 4c.; 3 pkts., 10c.; ½ oz., 15c.; oz. 25c.

Anemone

(WIND FLOWER)

ANEMONE (Wind Flower). A very beautiful hardy perennial, which blossoms very early in spring, and has a greater variety of colors than any other flower. Large, attractive blossoms. Fine mixed. Pkt., 5c.; 3 pkts., 10c.

**Globe of
Gold
Sunflower**

A dwarf sunflower growing about 3 feet high. Branches freely, carrying medium size double globe shaped flowers of rich, deep golden yellow, hence its name, Globe of Gold. Easily grown and the most densely double of any sunflower. Handsome on lawns or in the garden. Pkt., 6c.; 3 pkts., 15c.

**SCABIOSA
(Mourning Bride)**

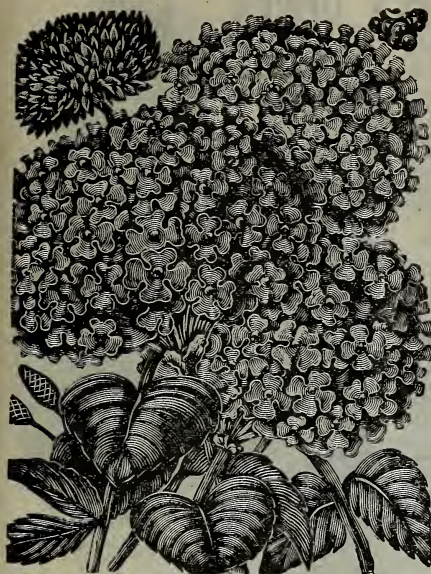

These produce perfectly double flowers, borne on long, slender stems, well above the foliage. Very useful for cutting. The colors range from white to rich crimson, deep red and pink, lilac and other delicate shades, some almost black. Mixed. Pkt., 5c.; 3 pkts., 10c.

Cypress Vine

This is a beautiful and artistic vine. The trembling foliage and star-shaped flowers give the plant a charming effect. Mixed colors. Pkt., 5c.; 3 pkts., 12c.

LANTANAS FROM SEED

LANTANA—This is a well-known shrub-like plant, producing clusters of verbenalike flowers, in pink, yellow, orange and white colors, in great profusion. Many take the plants up before frost, cut them back and place them in a sunny window, where they generally give an abundance of flowers all winter. Per pkt., 6c.; 3 pkts., 15c.

GIANT JAPANESE MORNING GLORY

The flowers of this Morning Glory are of gigantic size and the colorings and markings range from snow-white to dark purple, with all the intermediate shades, such as pink, fiery red, rose, copper, carmine, crimson, deep blue and pale blue, royal, purple, maroon, indigo, bronze, slate, brown and cherry, while many have throats spotted, marbled and striped. Our collection contains both single and double, and the seed comes direct from Japan. All Colors Mixed, pkt., 5c.; 3 pkts., 12c.

TRITOMA

The Tritoma is sometimes called Red Hot Poker or Torch Flower. It will bloom the first season from seed, sending up tall flower stems on which are borne the great blossoms of a bright red or flame-color.

Single plants produce from 5 to a dozen

of these great flowers, stalks growing 3 to 4 feet high presenting a brilliant appearance.

The plants are hardy in open ground and grow and bloom early in spring. Per pkt., 8c.; 3 pkts., 20c.

TRITOMA

GIANT JAPANESE MORNING GLORIES

NIGELLA PLANT

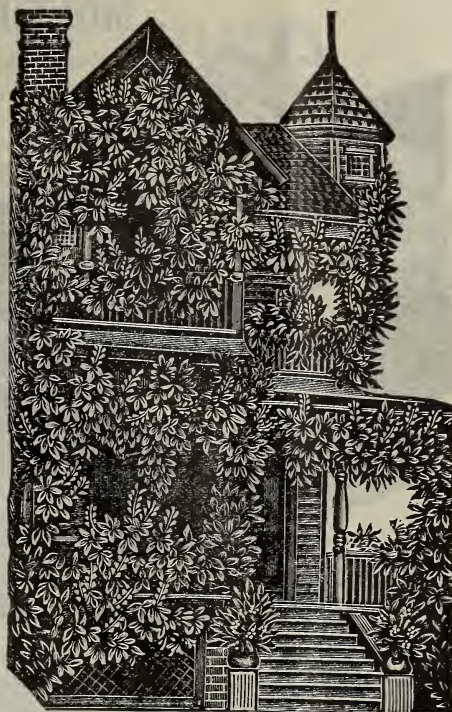

This is an easy growing annual, making a compact plant 1 to 2 feet high. It produces large double porcelain blue and white flowers, which completely cover the plant. The foliage is odd and striking. Mixed Colors, pkt., 4c.; 3 pkts., 10c.; 5 pkts., 15c.

JAPAN HOP VINE

This is a handsome vine, growing from twenty to thirty feet in a season. The leaves are striped and variegated, making a charming effect. It is a rapid summer climber and one of the best plants for covering verandas, trellises, etc. Heat, drought and insects do not trouble it. Pkt., 5c.; 3 pkts., 12c.

JAPANESE HOP VINE

THE JAPANESE KUDZU VINE

(Jack and the Bean Stalk Vine)

This comes from Japan, the land so productive of curious and ornamental flowers. With ordinary treatment it will grow 75 feet in one season, filling the air with the fragrance of its large clusters of wistaria like blossoms. It requires very little care and in three months this wonderful vine progresses as much as most vines do in five years. It is perfectly hardy, lasts for years. Foliage is large, shaped like the leaf of a bean. Flowers are a pleasing shade of purple. Pkt., 6c.; 3 pkts., 15c.

Double Dwarf Sunflower

(**HELIANTHUS**)—Ornamental on account of their stately growth and very fine, attractive appearance. Dwarf sorts do not grow high. Hundreds of flowers on each stalk, and it continues in bloom a long time. Very beautiful. All Double Varieties Mixed, pkt., 4c.; 3 pkts., 10c.

SURPRISE COLLECTION OF FLOWER SEEDS

We always have a surplus of many varieties of flower seeds, for we are obliged to grow large quantities in order to make sure to supply our customers. We have decided to put this surplus seed into packets and give as great a collection of different varieties as possible and offer 15 packets of our Choice Seeds (our own selection) of surplus stock for 25c., postpaid.

If you receive more than one Catalogue we shall esteem it a favor if you will hand extras to neighbors who buy good fresh seed.

MONTHLY EVERBLOOMING TEA ROSES

Bridesmaid

BRIDESMAID—This is a grand Pink Tea Rose. The bud is of exquisite shape, solid and firm, and the stems are so long and stiff that no other Rose can compare in keeping qualities after being cut. It is a very deep pink in color, just enough to make it bright, and keeps the same color all the time under every condition of weather.

KILLARNEY—Flowers are very large, petals often measuring $2\frac{1}{2}$ inches deep; of rich, rosy-pink in color. Buds large, long and pointed. Plant is a vigorous grower, free bloomer and entirely hardy in vicinity of New York City or further south.

CHAMPION OF THE WORLD—A hardy, free-blooming rose of great merit. Flowers of large size produced in great abundance, color being a lovely, clear, deep pink. One of the best of all roses for outdoor cultivation.

PAPA GONTIER—A splendid Rose, extra large, finely formed buds and flowers, strong robust grower, free and constant bloomer, rich rosy-red in color, very full and sweet.

CAROLINE MARNESSE—An absolutely hardy Rose that is always in flower. Color, pure white tinged with pink, medium sized, produced in clusters and very double.

Price of any of these Five Monthly Ever-blooming Tea Roses, 20c. each, 3 for 50c., postpaid.

CHAMPION OF THE WORLD

Roses that will bloom first
year planted

FOUR BABY ROSES

BABY RAMBLER, Crimson—This is decidedly the greatest rose-novelty introduced in recent years, and a seedling of the well-known Crimson Rambler with which it is identical in all but habit of growth and blooming, being a pronounced dwarf, very quickly reaching a mature growth of eighteen inches to two feet which it rarely exceeds; as a bedding or border plant it is incomparable; a superb, rich, crimson in color, blooming in as immense clusters as its parent, the Crimson Rambler. The Baby Rambler is, in addition, a more continuous bloomer than the tender Tea Roses, bearing its wealth of flowers from early spring until frost. Grown as a pot plant, indoors, it is always in bloom. 15c. each, 3 for 40c., postpaid.

BABY DOROTHY, Pink—This is a splendid companion rose to the crimson Baby Rambler. It was originated by the same grower and is just as vigorous and free bloomer. Practically the only difference is in the color of the flowers which are a very bright and pleasing rose-pink. It is much the color of that charming climbing rose, Dorothy Perkins, hence the appropriateness of the name, "Baby Dorothy." It is perfectly hardy and blooms without cessation from early spring until late in the fall. As a pink bedding rose it has no equal. We have counted as many as 100 blooms to the cluster on three-year-old plants. 15c. each, 3 for 40c., postpaid.

WHITE BABY RAMBLER, (true)—This is identical with the two above except in the color of the flowers, which is pure snow white. It has the true rose perfume in a high degree; perfectly hardy and we pronounce it a real Rose Novelty. 15c. each, 3 for 40c., postpaid.

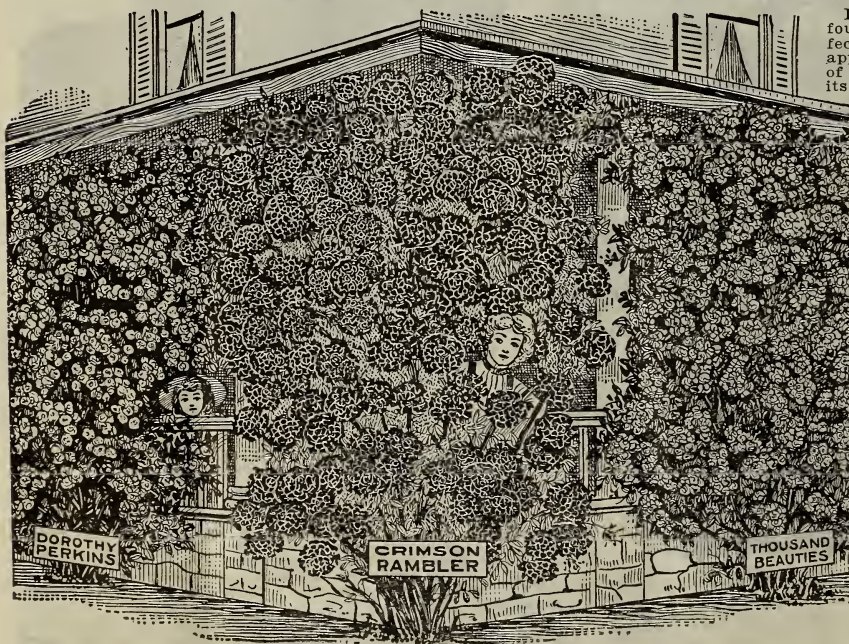

MRS. WM. H. CUTBUSH—A new Baby Rose of an entirely distinct color—light pink; of the same attractive habit of growth, and profuse flowering habit as other Baby Roses. The flowers are borne in huge trusses throughout the entire summer and autumn, and completely cover the entire plant. Fully as free flowering as the other roses of this type, and to our notion the most attractive color of all. Entirely hardy. 20c. each, 3 for 50c.

The four Babies—one of each—for 60c., postpaid.

Crimson Baby Rambler Rose

THE BEST HARDY CLIMBING ROSES

EVERBLOOMING CRIMSON RAMBLER—Is found in almost every flower garden, as it is perfectly hardy in all parts of this country, and there appears to be something lacking in the appearance of the well-kept residence if it is not found trailing its way, displaying its clusters of beautiful crimson flowers about the veranda.

Now we have to offer the "Everblooming Crimson Rambler" as a glorious improvement. It is the old Crimson Rambler in growth and flowers, but it is an everbloomer, blooming continually all the season.

DOROTHY PERKINS—This beautiful hardy climbing Rose could be called Pink Crimson Rambler, for it is just like it except in color, which is a most beautiful shell pink. Flowers are large size, borne in clusters of from 10 to 12 and are very double. It is exceedingly hardy, vigorous growing, making a growth of 10 or 12 feet in a season; very free bloomer, flowers sweet scented.

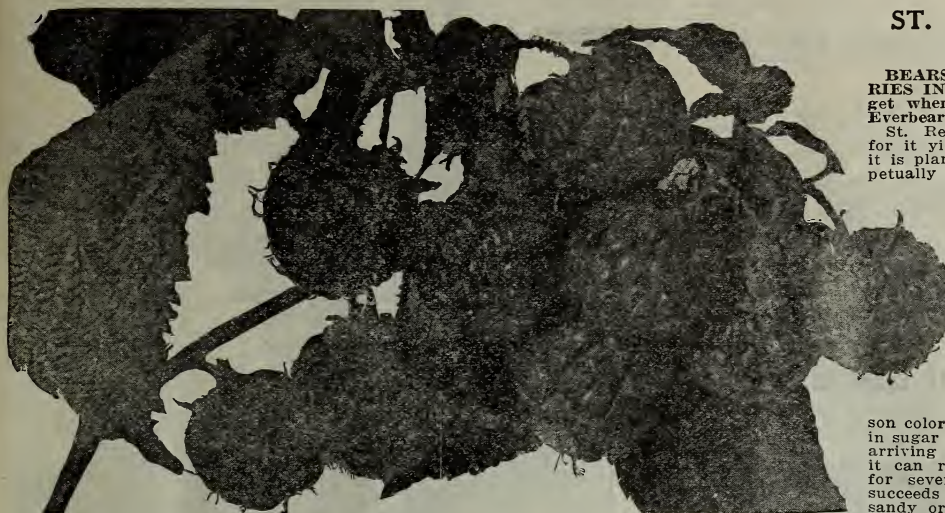

WHITE DOROTHY PERKINS—A pure white sport from the well-known Dorothy Perkins, which it exactly resembles in habit of growth. Is a splendid companion for the pink variety, as it flowers at the same time. Was awarded a gold medal by the National Rose Society of England, also given an award of merit at the Temple Show in London, Eng.

THOUSAND BEAUTIES—This beautiful novelty surpasses all other climbing Roses, both in growth, foliage and beauty of bloom. Blooms profusely from June to end of July and the colors run through different shades; pink, rose, carmine, with various tints of crimson, white, etc. Imagine a Rose producing on the same bush so many different colored flowers; impossible to describe or even picture the varieties. A single cluster of flowers is a bouquet of itself, hence its name "Thousand Beauties."

It is hardy, a strong, vigorous grower, nearly thornless, and a grand rose for porches, trellises, etc. 20c. each, 3 for 50c. One each of the above for 60c., postpaid.

SMITH'S NEW AND RARE FRUITS

Every Garden should have a good supply of Fruit. It is an indispensable part of any rural home. Examine our list carefully. It is a good one.

ST. REGIS EVERBEARING RED RASPBERRY

BEARS THE FIRST SEASON—RASPBERRIES IN FOUR MONTHS—That is what you get when you plant the St. Regis—the New Everbearing Variety.

St. Regis is unlike any other Raspberry for it yields a crop of fruit the first season it is planted and continues to bear fruit perpetually for four months. Plants set early in

April gave ripe berries on June 20 of the same year and the canes continued to produce ripe berries freely, without intermission until the middle of October. The berries are large and beautiful, brilliant crimson, firm and full flavored to the very last.

St. Regis is of pure American blood and of ironclad hardness, the canes enduring the severest cold uninjured and are wonderfully prolific. Its foliage never suffers by sunburn or scald, nor is its growth of cane impaired by the heat and growth of summer.

In addition to the bright crimson color and large size, it is so firm and rich in sugar that it will stand shipping 200 miles, arriving in market in first class order; and it can readily be kept in perfect condition for several days after being gathered. It succeeds upon all soils, whether light and sandy or cold heavy clay and the canes are absolutely hardy. Price of Strong, Well-

Rooted Plants, 15c. each, 6 for 50c., 15 for \$1.00, by mail postpaid, 50 for \$2.50. 100 for \$4.00 by express not prepaid.

EVERBEARING TREE RED RASPBERRY

NOTHING LIKE IT EVER OFFERED

This new tree Raspberry is certainly a wonder—producing fine berries from Summer to Fall. One of the very impressive features about this new berry is the flavor which does not change in either season. This new berry differs considerably from St. Regis. It only produces one crop the first year after planting, thereafter, it continues to bear during almost the entire Summer and Fall. You should give this grand berry a trial. Strong plants, 15c. each, 3 for 40c., 6 for 60c., 12 for \$1.00, mail postpaid.

TREE RED RASPBERRY

The following varieties of Raspberries are among the best of the older kinds, and at prices that will suit you. 3 for 30c., 6 for 50c., 15 for \$1.00, postpaid. 50 for \$2.25, 100 for \$4.00, by express not prepaid.

STRAWBERRY-RASPBERRY

This is a beautiful fruit from Japan. The bush grows from 1½ to 2 feet high, is perfectly hardy and a very rapid grower. The berries are produced on stems above the foliage, always of a bright, shining scarlet, and larger than the largest strawberries. An immense yielder, producing an abundance of fruit, bears the first season and gets larger and stronger each year. Plants which we offer, may be started early in spring or late in October, all selected from large stock. Plants 10c. each, 3 for 25c., 15 for \$1.00, postpaid.

CUMBERLAND—In hardness and productiveness it is unexcelled by any other variety. In size, the fruit is simply enormous, far surpassing any other sort. The berries run ¾ and 15/16 of an inch in diameter, and are of such handsome appearance that their fruit sold for 10 cents per quart, when other varieties were selling from 5 to 7 cents per quart. In spite of its unusual size, the fruit is possessed of great firmness and is thus well adapted for standing long shipments.

COLUMBIAN—Dark red or purple, similar to Schaffer's Colossal, but a much better grower and bearer, larger and firmer. The most prolific raspberry known and best for canning and drying. Although red, it propagates from the tip only and never suckers. Late.

KING—Earliest Red Raspberry on record. It is the early Red Raspberry that makes the money, often sells for 25 cents a quart. You should add this one to your collection. Round, medium size, light crimson colored, firm and of excellent quality.

The Giant Himalaya Berry

This wonderful Berry originally came from the cold regions of the Himalaya Mountains. It is perfectly hardy, there being no winter anywhere in America too severe to kill it. It grows like a grape vine, making a growth of twenty-five to forty feet in a year, and can be trained to a trellis of any kind. It looks handsome on an arbor in the garden, back yard, or on the lawn, forming a great bush or weeping tree that is a beautiful sight when in bloom, with its shell-pink blossoms.

It begins to fruit in July and continues to produce fruit until October, the plants growing larger and producing more fruit each year. There is no berry in existence like it. The fruit is large (see photo of Berries, two-thirds natural size) black in color, almost coreless, and unsurpassed for eating, picked fresh from the vines, or cooked, canned or preserved in any form. Plants do well in the hot, dry sections of the South and West, and are making wonderful records in the Middle, Northern and Eastern States.

Do not fail to order some of these plants this spring, for they will be a source of great pleasure and profit to you for many years to come. Plants should be set any time in the spring when gardens are being planted.

This is certainly a wonderful berry, because the vines do not die down after fruiting, as is the case with other berries, but continue to live and grow year after year, like a grape vine or apple tree.

All our plants are grown from tested stock, as shown in the photograph, and we guarantee them TRUE.

Pries of strong plants, postpaid, 15c. each, 3 for 30c., 6 for 50c., by express, not prepaid, 25 for \$1.50, 50 for \$2.50. Set plants any time up to June 1. All plants shipped when weather will permit.

Blowers Giant Blackberry

In describing it, a large fruit grower says: "Blowers is such a sturdy grower that the canes, if unchecked, attain a height of 10 to 12 feet, and are as hardy as an oak." The Blowers yields very heavily and for a long season. The fruit is as well as large, of superb quality, with small seeds, and is very juicy.

Mr. E. P. Powell, the well known horticulturist, declares: "The best I have ever tested." Its canes have endured a temperature of 20 degrees below zero unharmed, and it has yielded at the rate of 280 bushels per acre. Begins to ripen in midseason, continuing for a long time. Plants 3 for 30c., 6 for 50c., 15 for \$1.00, postpaid. By express, 100 for \$1.00, not prepaid.

This photograph shows a cluster of ripe Giant Himalaya Berries, just picked from the vine. Could you ask anything better?

GIANT CARDINAL RASPBERRY

GIANT CARDINAL RASPBERRY

This wonderful berry is a surprise in many ways—its great growth, extreme hardiness, and the exceeding productiveness of its choice purple, pure flavored berries. It will pay to grow it everywhere. Not a novelty, but a variety of great merit. Leading horticulturists say that it is one of the wonders of the century, exceeding all others. The president of the Kansas State Horticultural Society said, at a meeting of the society, that the Cardinal Raspberry would add millions to the wealth of the farmers of the country because of its great vigor and exceeding productiveness.

Plants, 3 for 30c., 6 for 50c., 12 for 75c., postpaid, 100 for \$1.00 by express.

CUTHBERT

OR QUEEN OF THE MARKET

Fruit is large, firm, luscious and produced in the greatest profusion. Color deep, rich crimson. Ripens from July 10 to 20, continuing long in fruit. Entirely hardy, yields heavy crops. Follows Marlboro in season of ripening.

Strong plants, 5 for 50c., 15 for \$1.00, postpaid, 100 for \$1.00, by express.

HAMMOND PRESS

W. B. CONKEY COMPANY, CHICAGO

CHOICE FRUITS, NEW AND RARE

Every garden should have a good supply of fruit. It is an indispensable part of any rural home. It can be made a source of pleasure and profit. Beginning with strawberries in May, the supply of fresh fruit direct from the plants may be had until hard frosts in the fall if a good selection of plants is planted. Examine list carefully. All good.

FALL FRUITING STRAWBERRY—AMERICUS

THE FALL FRUITING STRAWBERRIES are new creations in the strawberry line and should be grown in every garden in the country. They are really a new thing and have come to stay. The main thing that distinguishes them from the common kinds is their habit of blooming from May until winter. Under ordinary conditions they bear a crop of berries from June until November or until hard freezing weather. Ordinary frosts have little effect on them. The main crop is produced in September and October if the blossoms are kept picked off up to about August. Fall Fruiting Strawberries are becoming very popular wherever grown and bring fancy prices during the fall. Young plants set out in the spring will produce a crop of berries in the fall and all the runners they make will produce fruit the next season from spring until fall, while the plants set this year will be stronger and produce a larger and heavier crop. We advise all our customers to start growing a few of the Fall Fruiting Strawberries, **AMERICUS** being our favorite. It is a perfect variety, the plants are strong growers, very hardy, healthy and seem to do well all through the season. They also stand the winter well and the roots are bright and healthy in the spring, the same as other kinds of strawberries that do not fruit in the fall. **AMERICUS** continues to produce fruit for a long period and is regarded by fruit growers as one of the best fall fruiting varieties yet offered. The fruit is a handsome red color and the flavor is the best, surpassing all other varieties in quality. Do not fail to grow it. We have a choice lot of strong plants and if set any time during the spring will fruit all through the fall months.

Good Strong Plants, 3 for 50c, 6 for 80c, 12 for \$1.50, 30 for \$3.00. By mail, postpaid; 100 by express \$7.00. Not Prepaid.

Smith's Early Hardy Prolific Strawberry

Smith's Early Hardy Prolific Strawberry

In our experience in Strawberry growing, we have never found a variety to equal this one. It fruits most profusely; is the earliest of all varieties, and continues fruiting for a long period. The plants grow very strong and vigorous, while the fruits are large and uniform in size, of a rich, bright crimson color and excellent flavor. It begins ripening very early in the season and continues to bear fruit until very late. The commercial grower who wants to keep up with the times and make money on early berries will be behind if he does not have a stock of these planted this spring. It continues to fruit day after day and when once grown will be a favorite. Be sure to give it a trial this season.

Plants, 6 for 30c, 15 for 60c, 30 for \$1.00, postpaid. By express, 100 for \$2.00.

THE NORWOOD

Claimed to be the largest Strawberry in existence. The plants grow strong and healthy. Berry is conic and regular in shape, quality is unsurpassed and the size unequalled, some attaining the enormous size of three inches in diameter. Four such berries would fill a box and be crowded. Color is bright red all the way through, growing darker with age, is firm, a good keeper and will ship well. It has a perfect blossom, holds its size well through the season and remains in bearing a long time. Even the plants grow larger and stronger than other Strawberries.

Plants, 6 for 30c, 15 for 60c, 30 for \$1.00, postpaid. By express, 100 for \$2.00.

KELLOGG'S PRIZE

The most wonderful Strawberry ever originated. The berries are sometimes as large as a hen's egg, very brightly colored, and the flavor is delicious. The plants bear abundantly. Among the summer fruiting varieties, this one is unquestionably the leader. In fact, its splendid qualities cannot be overestimated.

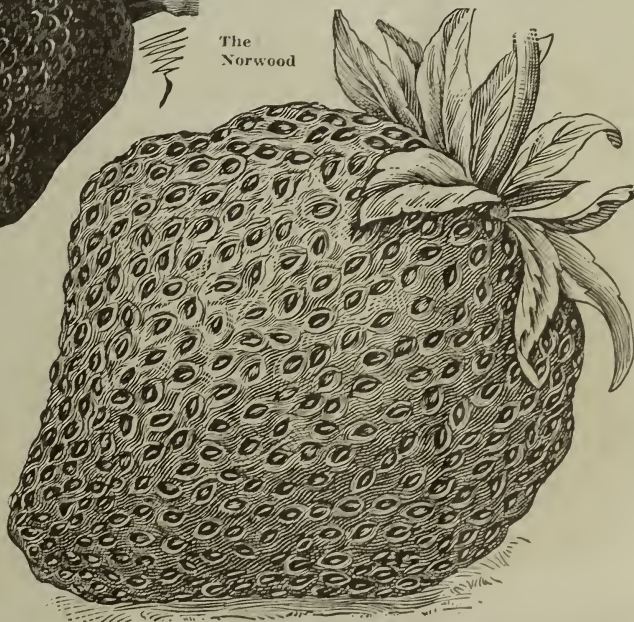

Plants, 10 for 30c, 20 for 50c, 50 for \$1.00, postpaid. By express, 100 for \$1.50.

THE FENDALL

Fendall is called the Giant Berry. Its fruits are large and are produced in great quantities. 16,300 quarts are said to have been picked from 1 acre. Hardy and will grow in a wide range of territory. Has a very lengthy fruiting season, berries having been gathered from the middle of May till July. The fruit has a delicious flavor. One of the most popular pistillate varieties.

Plants, 10 for 30c, 20 for 50c, 50 for \$1.00, postpaid. By express, 100 for \$1.50.

The Norwood

A FEW SPECIAL FRUITS THAT SHOULD BE IN EVERY GARDEN

The Mammoth Grape was imported from Georgetown, British Guiana, Oct. 20, 1883. It is the largest, most magnificent grape in the world, having produced bunches 8 inches long, weighing 22 ounces. For table use, jelly or wine it has no equal. Fruit ripens in September. Berry is the color of Concord, and has a fine flavor. A free and luxuriant grower and such an immense yielder that it will rapidly take first place among the best leading varieties. Do not fail to grow this Gigantic Grape. It is hardy everywhere and the mammoth size of fruit is perfectly astonishing. If you want the best grape on earth, be sure and try it. Strong one-year old vines, 60c, 3 for \$1.50, postpaid.

The following varieties are of proved merit and well known as the leading grapes among the older varieties:

Concord Black, Early. Decidedly the most popular grape in America, and deservedly so. Bunch large shouldered, compact. Berries large, covered with rich bloom, skin tender, but sufficiently firm to carry well to distant markets, flesh juicy, sweet, pulpy, tender. Vine a strong grower, hardy, healthy, productive.

Delaware Superior as a table grape. The bunch is of medium size, very compact, berries medium round. The skin is thin, and of a beautiful dark red color when fully ripe. The flesh of this variety is tender, juicy, and exceedingly sweet and delicious. The vine is hardy, moderately vigorous in growth, and is productive. Ripens early in September.

Niagara White Occupies the same position among the white varieties as Concord does among the black. The leading profitable market sort. Bunch and berries large, greenish white changing to pale yellow when fully ripe. Skin thin but tough, quality much like Concord.

Brighton Red. Bunch large, well formed, fruit above medium to large, round. Excellent flavor and quality. One of the earliest in ripening.

Price on Concord, Delaware, Niagara White and Brighton, good strong plants, 20c each, or 10 for \$1.75, postpaid.

Dwarf Apples commence bearing fruit the second year after planting, and as they do not attain as large a size as standard trees, they are especially desirable for village or city gardens. The great advantage of these dwarf trees is that they bear fruit several years earlier, usually the first year after planting, and produce more returns for a given space than standard trees. Heretofore city people have been obliged to buy all their apples because the size of their garden plot would not enable them to plant standard trees. There is no question as to the desirability of this new dwarf variety. Price of Dwarf Apple Trees, 60c. each, 3 for \$1.50 by express not prepaid. The varieties we grow are Baldwin, Wealthy and Yellow Transparent.

Fay's Prolific Red Currant

Has fully satisfied all the claims that were made for it by the originator when first introduced, and is the best red currant known. It has been widely planted, and has given general satisfaction. Fruit large, bright red and excellent flavor, less acid than Cherry. It has a long stem, which admits of rapid picking, and is enormously productive. One of the most valuable fruits of recent introduction. Comes into bearing early.

Price, 25c each, postpaid, 5 for \$1.00 by express, not prepaid.

Special Offer

To introduce these valuable fruits we will send by parcel post prepaid

1 Dwarf Apple
1 Mammoth Grape
1 Fay's Currant
1 Giant Dewberry

For
\$1.50

Remember, these are delivered at your door free by parcel post for only \$1.50. Try them.

The Giant Dewberry

is earlier than blackberries and as large as the largest of them. Canes are hardy and very prolific, thriving everywhere; of slender, trailing habit and free from disease or insect attacks. Fruit is large and handsome, jet black, rich and melting. Ships and keeps well. Perfectly hardy, stands extremes of heat or cold and a very productive and pleasing berry.

Strong plants, 3 for 25c, 6 for 45c, 15 for \$1, postpaid.
